The Hidden Gifts of the Introverted Child Marti Olsen Laney, 2005-12-01. Introverted children are often misunderstood even by their parents who worry about them. Engaged by their interior world, they're often regarded as aloof. Easily overwhelmed by too much stimulation, they can be seen as unmotivated. Content with just one or two close friends, they may be perceived as unpopular. Parents fret that they are unhappy and maladjusted. But the truth is quite different. Introverted children are creative problem solvers. Introverted children love to learn. Introverted children have a high EQ, emotional IQ, and are in touch with their feelings. They take time to stop and smell the roses, and they enjoy their own company. They are dependable, persistent, flexible, and lack vanity. How can parents help their introverted children discover and cultivate these wonderful gifts? Help is here. Written by Dr. Marti Olsen Laney, author of *The Introvert Advantage* with 74,000 copies in print, *The Hidden Gifts of the Introverted Child* fully explains introversion as a hardwired temperament, not a disability, and tells just what parents need to do to help their child become the person he or she is meant to be and succeed in an extroverted world. Beginning with a 30-question quiz that places a child on the introvert-extrovert continuum, *The Hidden Gifts* shows parents how to foster a climate that allows introverted kids to discover their inner strengths, schedule ways for a very young innie to recharge those batteries, and teach an older child to do it for him or herself. Create a harmonious household with siblings and parents of different temperaments help innies find success at school, sports, parties, and other group activities.

Mixed-Race Superheroes Sika A. Dagbovie-Mullins, Eric L. Berlatsky, 2021-04-16. American culture has long represented mixed-race identity in paradoxical terms. On the one hand, it has been associated with weakness, abnormality, impurity, transgression, shame, and various pathologies; however, it can also connote genetic superiority, exceptional beauty, and special potentiality. This ambivalence has found its way into superhero media, which runs the gamut from Ant-Man and

the Wasp's tragic mulatta villain Ghost to the cinematic depiction of Aquaman as a heroic half breed. The essays in this collection contend with the multitude of ways that racial mixedness has been presented in superhero comics, films, television, and literature. They explore how superhero media positions mixed race characters within a genre that has historically privileged racial purity and propagated images of white supremacy. The book considers such iconic heroes as Superman, Spider-Man, and The Hulk alongside such lesser studied characters as Valkyrie, Dr. Fate, and Steven Universe. Examining both literal and symbolic representations of racial mixing, this study interrogates how we might challenge and rewrite stereotypical narratives about mixed race identity both in superhero media and beyond.

Young Queer America Maxwell Poth, 2023-05-02. Get to know real queer kids from all over the country: these inspiring stories of LGBTQ youth, written in their own words, provide crucial snapshots of what it's really like to grow up trans or queer in America. Photographer and activist Maxwell Poth has traveled all over the United States, inviting LGBTQ youth to share their stories as part of Project Contrast, a nonprofit that amplifies these voices and connects kids and families with the resources they need to survive and thrive. This book collects the stories and portraits of seventy-three queer kids and teenagers from fifteen different states. In their own words, these young people share the challenges they've faced coming out or coming to terms with their own identities; they write about their families, their schoolmates, their teachers, and the queer community they've found throughout their journeys, and they offer messages of love and support to their LGBTQ peers. Featuring a foreword by trans actress and model Isis King, this book sends a powerful message to the many LGBTQ kids growing up in small towns who feel isolated: We see you, we love you, you are not alone. **THESE STORIES ARE VITAL.** Across the United States, a wave of anti-LGBTQ legislation is targeting queer and transgender youth. These stories will not only help queer and trans kids everywhere feel seen and connected to one another; they will shine a much-needed light on the challenges and realities of growing up queer in America. From stories of kids surviving on their own after coming out to close-minded families to examples of supportive parents who encourage their kids to be proud of who they are, these narratives demonstrate that growing up queer or trans in America is difficult and complicated, but also normal. This book is a powerful reminder that no matter what your path looks like, you deserve love. **IN THEIR OWN WORDS.** In this groundbreaking book, LGBTQ kids and teens tell their stories in their own words. The submissions that Poth and his Project Contrast team have collected are honest, articulate, and uplifting: these kids deserve to be taken seriously, and this project has given them a platform to share their truth with the world. **A PASSIONATE ADVOCATE.** Author and photographer Maxwell Poth has been working with LGBTQ kids all over the United States since 2017. He started his nonprofit Project Contrast to amplify the stories of queer youth and connect them with the community and resources they need to thrive, no matter where they are in the country. His work highlights the unique mental health challenges facing queer and trans young adults and demands that we stop turning a blind eye to the harm that is caused when we single out those who are different, instead of embracing and uplifting them. Perfect for queer and trans kids and teens who want to see their

experiences reflected in print Parents and family members of LGBTQ youth who want to show support or learn more about their loved one's experiences Allies who are inspired by the book's mission and content Anyone interested in understanding the next generation of queer Americans **Already a Writer at Six or Sixteen** Theresa M.
