The Patina of Place Kingston Wm Heath,2001 In the late nineteenth and early twentieth centuries the booming textile industry turned many New England towns and villages into industrialized urban centers This rapid urbanization transformed not only the economic base but the regional identity of communities such as New Bedford as new housing forms emerged to accommodate the largely immigrant workforce of the mills **Spinner** Joseph D. Thomas,Marsha McCabe,1987-12-01

The Cape Verdean Diaspora in Portugal Luís Batalha,2004-01-01 Author Lu s Batalha s ethnographic study of the Cape Verdean community in Portugal focuses on two distinct groups the middle class white elite and the darker skinned migrant laborers This challenging and unique work strips bare the social relations race gender and class that structure lived experience in this post colonial society Based on the life stories of fifty Cape Verdeans living mainly in the metropolitan are of Lisbon this study provides an important analysis of these two remarkably disparate groups and illustrate what it is to be part of the present day Cape Verdean community in Portugal In addition to painting a complex and realistic portrait of this world Batalha further sheds light on the social national and international dynamics of societies who struggle with a racialized social order imposed and maintained for decades and in some cases centuries **Between Race and Ethnicity** Marilyn

Halter,2022-10-17 Arriving in New England first as crew members of whaling vessels Afro Portuguese immigrants from Cape Verde later came as permanent settlers and took work in the cranberry industry on the docks and as domestic workers Marilyn Halter combines oral history with analyses of ships records to chart the history and adaptation patterns of the Cape Verdean Americans Though identifying themselves in ethnic terms Cape Verdeans found that their African European ancestry led their new society to view them as a racial group Halter emphasizes racial and ethnic identity formation to show how Cape Verdeans set themselves apart from the African Americans while attempting to shrug off white society s exclusionary tactics She also contrasts rural life on the bogs of Cape Cod with New Bedford s urban community to reveal the ways immigrants established their own social and religious groups as they strove to maintain their Crioulo customs The Other Islanders Frances Ruley Karttunen,2005 Contrary to what public history and popular literature might have led us to believe Nantucket is historically an island of rich cultural diversity Here author Frances Ruley Karttunen introduces us to the original Nantucketers the Wampanoags as well as to African slaves Pacific Islanders Irish refugees Azoreans and Cape Verdeans who

over the years have found a home on Nantucket Here too is a look at the island's connection to Jamaica the Middle East Europe and Asia all sources of people who have contributed to the island's economy and added dimensions to Nantucket's culture Back cover

Daddy Grace Marie W Dallam,2007-11-01 This edgy and resourceful analysis of the early twentieth century preacher expands our understanding of a critical period in the black church experience Shayne Lee author of *T D Jakes America's New Preacher* In 1919 Charles Manuel Sweet Daddy Grace founded the United House of Prayer for All People long regarded as one of the most extreme Pentecostal sects in the country The flamboyant Grace wore purple suits with glitzy jewelry purchased high profile real estate and conducted baptisms in city streets with a fire hose He was also reputed to accept massive donations from his poverty stricken followers and use the money to live lavishly Though Grace appeared to be the glue that held this church together it has continued to thrive long after his death in 1960 After a period of restructuring and streamlining the House of Prayer remains active with a national membership in the tens of thousands In *Daddy Grace* Marie W Dallam offers both a religious history of the House of Prayer and an intellectual history of its colorful and enigmatic leader Dallam examines the religious nature of the House of Prayer the dimensions of Grace's leadership strategies and the connections between his often ostentatious acts and the intentional infrastructure of the church itself Furthermore woven through the text are analyses of the race class and gender issues manifest in the House of Prayer structure under Grace's aegis
