Women Preaching Revolution Elaine J. Lawless, 2015-08-10 Do women preach differently than men In Women Preaching Revolution Elaine J Lawless contends that they do Drawing on her study of more than 150 sermons and extensive interviews with the clergywomen who preached them Lawless argues that women have changed traditional preaching in ways that reflect their socialization as women and their experiences of being female in America Many of the women in her study were expected to take courses on the art of preaching as part of their seminary training Most of them rejected the sermon structure and strategies they were taught in seminary viewing them as part of a male homiletic tradition and developed styles that celebrate their commitment to connection relationship and dialogue

Sex, Race, and God Susan Thistlethwaite, 2009-04-01 Sex Race and God is the impassioned manifesto of a white feminist s reckoning with the meaning of race including her own whiteness in doing theology We should be discussing and acting on many of Thistlethwaite s insights for quite some time She has made a vital contribution to the feminist theological enterprise and to the critical relationship between black and white women in it Carter Heyward Sex Race and God is a sincere attempt to listen to and learn from African American women a serious and largely successful effort to create a method that addresses differences rather than proposing wishful commonalities Many women of color will find it promising a basis for dialogue The Women s Review of Books This pivotal book illuminates a significant ongoing debate at the intersection of two fields contemporary theology and feminist studies Choice Thistlethwaite does what so few white feminists have done genuinely interact with and learn from the strong differences in experience and perspective between African American women and European American women The Other Side

A History of Preaching Volume 1 O.C. Edwards, Jr., 2010-09-01 A History of Preaching brings together narrative history and primary sources to provide the most comprehensive guide available to the story of the church s ministry of proclamation Bringing together an impressive array of familiar and lesser known figures Edwards paints a detailed compelling picture of what it has meant to preach the gospel Pastors scholars and students of homiletics will find here many opportunities to enrich their understanding and practice of preaching Volume 1 appearing in the print edition

contains Edwards's magisterial retelling of the story of Christian preaching's development from its Hellenistic and Jewish roots in the New Testament through the late twentieth century's discontent with outdated forms and emphasis on new modes of preaching such as narrative. Along the way the author introduces us to the complexities and contributions of preachers both with whom we are already acquainted and to whom we will be introduced here for the first time: Origen, Chrysostom, Augustine, Bernard, Aquinas, Luther, Calvin, Wesley, Edwards, Rauschenbusch, Barth—all of their distinctive contributions receive careful attention. Yet lesser-known figures and developments also appear from the ninth-century reform of preaching championed by Hrabanus Maurus to the reference books developed in the thirteenth and fourteenth centuries by the mendicant orders to assist their members preaching to Howell Harris and Daniel Rowlands, preachers of the eighteenth-century Welsh revival to Helen Kenyon speaking as a layperson at the 1950 Yale Beecher lectures about the view of preaching from the pew. Volume 2 contained on the enclosed CD-ROM contains primary source material on preaching drawn from the entire scope of the church's twenty centuries. The author has written an introduction to each selection placing it in its historical context and pointing to its particular contribution. Each chapter in Volume 2 is geared to its companion chapter in Volume 1's narrative history. Ecumenical in scope, fair-minded in presentation, appreciative of the contributions that all the branches of the church have made to the story of what it means to develop, deliver, and listen to a sermon, *A History of Preaching* will be the definitive resource for anyone who wishes to preach or to understand preaching's role in living out the gospel. This work is expected to be the standard text on preaching for the next 30 years, says Ann K. Riggs, who staffs the NCC's Faith and Order Commission. Author Edwards, former professor of preaching at Seabury Western Theological Seminary, is co-moderator of the commission, which studies church uniting and church dividing issues. *A History of Preaching* is ecumenical in scope and will be relevant in all our churches; we all participate in this field, says Riggs from EcuLink Number 65, Winter 2004/2005, published by the National Council of Churches.

Deborah's Daughters Joy A. Schroeder, 2014 Joy A. Schroeder offers the first in-depth exploration of the biblical story of Deborah, an authoritative judge, prophet, and war leader. For centuries, Deborah's story has challenged readers' traditional assumptions about the place of women in society. Schroeder shows how Deborah's story has fueled gender debates throughout history. An examination of the prophetess's journey through nearly two thousand years of Jewish and Christian interpretation reveals how the biblical account of Deborah was deployed against women for women and by women who aspired to leadership roles in religious communities and society. Numerous women and men who supported women's aspirations to leadership used Deborah's narrative to justify female claims to political and religious authority. Opponents to women's public leadership endeavored to define Deborah's role as private or argued that she was a divinely authorized exception not to be emulated by future generations of women. *Deborah's Daughters* provides crucial new insight into the history of women in Judaism and Christianity and into women's past and present roles in the church, synagogue, and society.

Barrenness: Journey to God's Divine Provision Blanche Clipper Hudson, 2015-10-27 Five Hebrew matriarchs' journey away from barrenness, shame and disgrace finally coming to fruitfulness. Through God's grace, barren wives conceive and birth sons. In Abraham's family, three generations of matriarchs are barren and the seed is seemingly in danger of not being multiplied. The author shares the story of her season of spiritual barrenness and shows the connection between physical and spiritual barrenness as well as the principles of fruitfulness that she learned. A monograph of a biblical character precedes each chapter to further the journey theme and reflection questions follow each chapter to present opportunities for individual insight. For small group study, a Journey study guide provides a format for weekly or monthly sessions.

The Shaman's Mirror Hope MacLean, 2012-08-24 Huichol Indian yarn paintings are one of the world's great indigenous arts, sold around the world and advertised as authentic records of dreams and visions of the shamans. Using glowing colored yarns, the Huichol Indians of Mexico paint the mystical symbols of their culture: the hallucinogenic peyote cactus, the blue deer spirit who appears to the shamans as they croon their songs around the fire in all night ceremonies deep in the Sierra Madre mountains, and the pilgrimages to sacred sites high in the central Mexican desert of Wirikuta. Hope MacLean provides the first comprehensive study of Huichol yarn paintings from their origins as sacred offerings to their transformation into commercial art. Drawing on twenty years of ethnographic fieldwork, she interviews Huichol artists who have innovated important themes and styles. She compares the artists' views with those of art dealers and government officials to show how yarn painters respond to market influences while still keeping their religious beliefs. Most innovative is her exploration of what it means to say a tourist art is based on dreams and visions of the shamans. She explains what visionary experience means in Huichol culture and discusses the influence of the hallucinogenic peyote cactus on the Huichol's remarkable use of color. She uncovers a deep structure of visionary experience rooted in Huichol concepts of soul energy and shows how this remarkable conception may be linked to visionary experiences as described by other Uto-Aztecan and Meso-American cultures.
