**Tom Rubens**

## **Spinozan Power Naturalistic Perspe:**

**Spinozan Power in a Naturalistic Perspective and Other Essays** Tom Rubens, 1996 This book is a collection of essays by Tom Rubens of which the first gives its name to the volume on physicalism and naturalistic philosophy The essays include critiques not only of Spinoza but also of other philosophers such as Schopenhauer Nietzsche and Santayana and in addition a consideration of the theist Rheinhold Niebuhr Spinoza's Revolutions in Natural Law A. Campos, 2012-04-05 This first analysis of Spinoza's philosophy of law shows that he revolutionizes modern philosophy from within by developing an entirely new natural law theory connecting his ontology to radically democratic political views **New Perspectives on Spinoza's Theologico-Political Treatise** Marie Wuth, Dan Taylor, 2025-02-28 Published surreptitiously in 1670 Spinoza's Theologico Political Treatise transformed early modern Europe destabilising widely held ideas about authority prophecy and biblical scripture while arguing for democracy free speech and religious toleration Dismissed by one contemporary as a book forged in hell by the Devil himself and suppressed soon after publication the Theologico Political Treatise had a tremendous influence from the Enlightenment to German Idealism to late 20th century Marxism Today a growing interest in Spinoza's political theory is connected to a longing for a counter narrative to the Western tradition of philosophy and political thought for which Spinoza is becoming a major point of reference This collection brings together expert and early career perspectives on Spinoza's politics of freedom democracy critique of religion and authority the imagination equality and violence While providing valuable contextual material on the Theologico Political Treatise on its 350th anniversary the collection brings Spinoza's politics into debate with contemporary political theory **Nature and Necessity in Spinoza's Philosophy** Don Garrett, 2018-08-02 Spinoza's guiding commitment to the thesis that nothing exists or occurs outside of the scope of nature and its necessary laws makes him one of the great seventeenth century exemplars of both philosophical naturalism and explanatory rationalism Nature and Necessity in Spinoza's Philosophy brings together for the first time eighteen of Don Garrett's articles on Spinoza's philosophy ranging over the fields of metaphysics epistemology philosophy of mind ethics and political philosophy **Spinoza, Right and Absolute Freedom** Stephen Connolly, 2015-02-11 Against jurisprudential reductions of Spinoza's thinking to a kind of eccentric version of Hobbes this book argues that Spinoza's theory of natural right contains an important idea of absolute freedom which would be inconceivable within Hobbes' own schema Spinoza famously thought that the universe and all of the beings and events within it are fully determined by their causes This has led jurisprudential commentators to believe that Spinoza has no room for natural right in the sense that whatever happens by definition has a right to happen But although this book demonstrates how Spinoza constructs a system in which right is understood as the work of machines by fixing right as determinate and invariable Stephen Connolly argues that Spinoza is not limiting his theory The universe as a whole is capable of acting only in determinate ways but he argues for Spinoza these exist within a field of infinite possibilities In an analysis that offers much to ongoing attempts to conceive of justice post

foundationally the argument of this book is that Spinoza opens up right to a future of determinate interventions as when an engineer working with already existing materials improves a machine As such an idea of freedom emerges in Spinoza as the artful rearrangement of the given into new possibilities An exciting and original contribution this book is an invaluable addition both to the new wave of interest in Spinoza's philosophy and to contemporary legal and political theory

**Sovereignty and Its Other** Dimitris Vardoulakis, 2013 In this new book Dimitris Vardoulakis asks how it is possible to think of a politics that is not commensurate with sovereignty For such a politics he argues sovereignty is defined not in terms of the exception but as the different ways in which violence is justified Vardoulakis shows how it is possible to deconstruct the various justifications of violence Such de justifications can only take place by presupposing an other to sovereignty which Vardoulakis identifies with radical democracy In doing so *Sovereignty and Its Other* puts forward both a novel critique of sovereignty and an original philosophical theory of democratic practice

**Natural Law and the Theory of Society** Otto Friedrich von Gierke, Ernst Troeltsch, 1934 Implicating Environments Stephen Hardy, 2021-01-01 Kniha m za c l zkoumat aspekty sou as n ch a historick ch p rodn ch spole ensk ch a kognitivn ch prost ed skrz adu ste n komparativn ch ten souvisej c ch hledisek filozofie environment In ch studi liter rn kritiky poezie kulturn historie a liter rn ch kulturn ch a prostorov ch teori Mezi diskutovan autory pat i Peter Ackroyd Andrew Bowie Paul Carter Gilles Deleuze a Felix Guattari Edward Dorn Michael Hardt a Antonio Negri David Jones Niklas Luhmann Andrew McMurtry Charles Olson Camille Paglia J H Prynne Baruch Spinoza a Raymond Williams

Spinoza: The political writings Genevieve Lloyd, 2001 These volumes provide a comprehensive selection of high quality critical discussions of Spinoza's philosophy published in or translated into English since 1970 Edited by a distinguished academic panel these volumes allow current debates on key themes to be followed through in depth and present to readers the diversity of philosophical approach and interpretation that characterizes recent Spinoza scholarship

*Spinoza's Philosophy of Law* Gail Belaief, 2013-04-09 No detailed description available for Spinoza's Philosophy of Law

**Routledge Philosophy GuideBook to Spinoza on Politics** Daniel Frank, Jason Waller, 2015-07-16 Baruch Spinoza is one of the most influential and controversial political philosophers of the early modern period Though best known for his contributions to metaphysics Spinoza's Theological Political Treatise 1670 and his unfinished Political Treatise 1677 were widely debated and helped to shape the political writings of philosophers as diverse as Rousseau Kant Marx Nietzsche and although he publicly denied it even Locke In addition to its enormous historical importance Spinoza's political philosophy is also strikingly contemporary in its advocacy of toleration of unpopular religious and political views and his concern with stabilizing religiously diverse democratic societies The first Guidebook to Spinoza's political writings The Routledge Philosophy Guidebook to Spinoza on Politics covers the following key points Spinoza's life and the background to his philosophy the key themes and arguments of the Theological Political Treatise and Political Treatise the continuing importance of Spinoza's work to philosophy This book is an ideal starting point for anyone new to Spinoza and essential

reading for students of political philosophy and seventeenth century philosophy      **Conflict, Power, and Multitude in**

**Machiavelli and Spinoza** Filippo Del Lucchese, 2009-10-27 The first comprehensive study of the relationship between Machiavelli and Spinoza's political philosophy      *Spinoza, Ecology and International Law* Moa De Lucia

Dahlbeck, 2018-09-12 This book addresses the use of Benedict Spinoza's philosophy in current attempts to elaborate an ecological basis for international environmental law Because the question of environmental protection has not been satisfactory resolved the legal debate concerning our responsibility for the environment has as evidenced in the recent UN report series *Harmony with Nature* come to invite calls for a new eco centric rather than anthropocentric legal paradigm In this respect Spinoza appears as a key figure He is one of the few philosophers in the history of western philosophy who cares and writes extensively about the roots of anthropocentrism the core issue of contemporary normative debates in ecology And in response to the rapidly developing ecological crisis his work has become central to a re thinking of the human relationship with nature Addressing the contention that Spinoza's ethics might provide a useful source for developing a new eco centred framework for environmental law this book elaborates a more nuanced understanding of Spinoza's philosophy Spinoza cannot it is argued here simply be reduced to an eco ethicist That is his metaphysics cannot be used as basis of an essentially naturalised or extended human morality At the same time however this book argues that the radicality of Spinoza's naturalism nevertheless offers the possibility of developing a more adequate ecological basis for environmental law

**Spinoza** Justin Steinberg, 2020-10-14 Benedict de Spinoza is one of the most controversial and enigmatic thinkers in the history of philosophy His greatest work *Ethics* 1677 developed a comprehensive philosophical system and argued that God and Nature are identical His scandalous *Theological Political Treatise* 1670 provoked outrage during his lifetime due to its biblical criticism anticlericalism and defense of the freedom to philosophize Together these works earned Spinoza a reputation as a singularly radical thinker In this book Steinberg and Viljanen offer a concise and up to date account of Spinoza's thought and its philosophical legacy They explore the full range of Spinoza's ideas from politics and theology to ontology and epistemology Drawing broadly on Spinoza's impressive oeuvre they have crafted a lucid introduction for readers unfamiliar with this important philosopher as well as a nuanced and enlightening study for more experienced readers Accessible and compelling *Spinoza* is the go to text for anyone seeking to understand the thought of one of history's most fascinating thinkers      *Spinoza and Law* Andre Santos Campos, 2017-07-05 This volume collects some of the best writings on Spinoza's philosophy of law and includes a critical examination of Spinoza's theory of the types of law his natural law theory as well as the modern reformulation of his approach to the nature of laws and to natural rights This collection of essays some of which are published in the English language for the very first time shows how Spinoza was able to deliver a revolutionary idea of natural law that breaks away from the traditions of natural law and of legal positivism The bulk of Spinoza's references to law derive from his metaphysical and political texts but they have sufficient depth in order to form a

groundbreaking theory of law that has been somewhat neglected by modern jurisprudence The volume also features an introduction which places Spinoza's writings in the context of modern jurisprudence as well as an extensive bibliography It is suited to the needs of jurisprudence scholars teachers and students and is an essential resource for all law libraries it is also essential to anybody who wishes to engage in Spinoza studies nowadays whose practical philosophy has received a recent boom in attention by readers throughout the world

**Spinoza** Gideon Segal, Yirmiahu Yovel, 2017-11-01 This title was first published in 2002 This collection of essays aims to present a wide range of interpretations of central themes in Spinoza's philosophy Philosophical interpretations of Spinoza divide into three general categories The first sets Spinoza within what is taken to be his historical context Special emphasis is laid here on aspects of his teaching that seem to bear the influence of Spinoza's own education and self education either through concepts assimilated into his own thinking or those he undertook to refute and displace A second interpretative approach uses analytical tools in an attempt to reconstruct Spinozistic issues and theories critically Finally there are philosophers who explore Spinoza's texts in their own terms attempting to present a coherent picture of one or more aspects of Spinoza's teaching Given the broad span of issues with which Spinoza deals the latter is often the most difficult track to follow The 25 articles in this collection exemplify these three attitudes to Spinoza interpretation though most avail themselves of more than one In making the selection the editors preferred studies that treat their subject as a viable enduring philosophical issue whether the writer accepts Spinoza's presentation or highlights his difficulties On each issue the articles critically analyze the texts rather than simply portraying the Spinozistic ideas they express

**A Companion to Spinoza** Yitzhak Y. Melamed, 2021-04-01 An unparalleled collection of original essays on Benedict de Spinoza's contributions to philosophy and his enduring legacy A Companion to Spinoza presents a panoramic view of contemporary Spinoza studies in Europe and across the Anglo American world Designed to stimulate fresh dialogue between the analytic and continental traditions in philosophy this extraordinary volume brings together 53 original essays that explore Spinoza's contributions to Western philosophy and intellectual history A diverse team of established and emerging international scholars discuss new themes and classic topics to provide a uniquely comprehensive picture of one of the most influential metaphysicians of all time Rather than simply summarizing the body of existing scholarship the Companion develops new ideas examines cutting edge scholarship and suggests directions for future research The text is structured around six thematically organized sections exploring Spinoza's life and background his contributions to metaphysics and natural philosophy his epistemology politics ethics and aesthetics the reception of Spinoza in the work of philosophers such as Kant Schelling Schopenhauer and Hegel and more This unparalleled research collection combines a timely overview of the current state of research with deep coverage of Spinoza's philosophy legacy and influence Part of the celebrated Blackwell Companions to Philosophy series A Companion to Spinoza is an ideal text for advanced courses in modern philosophy intellectual history and the history of metaphysics and an indispensable reference for researchers and

scholars in Spinoza studies      **The Bloomsbury Handbook of Spinoza** Wiep van Bunge, Henri Krop, Piet Steenbakkers, Jeroen M.M. van de Ven, 2024-08-22 This 2nd edition Handbook of Spinoza retains a unique focus on the biographical details of Spinoza's life as well as essential scholarship on his influences and early critics A glossary of key Latin Spinozan terms with English translations remains a key feature alongside short synopses of Spinoza's writings Adding to the updated contemporary scholarship on Spinoza from across Europe and the US is the recognition of Spinoza's influence more globally Distinct from other reference works on Spinoza this book offers the tools and methodology necessary for students and scholars who are completing their own research Accompanying each main section is an updated and detailed bibliography that situates both the summative and original scholarship therein This 2nd edition includes a revised biography from Jeroen van de Ven who has systematically revisited the archive influences will now include reference to Machiavelli and Hobbes primarily as well as remarks on the De La Court brothers La Perrière and Delmedigo A new entry on the critic Willem van Blijenbergh alongside a reconstruction of dozens of letters now lost from Spinoza consolidates new directions of study which are supported by additional glossary terms on Axioma cf Ordo geometricus Definitio ibid Excommunicare Lumen Methodus Negatio Pax Ratio Cf Cognitio Scientia intuitiva and Tempus amongst others Maintaining an approach that is refreshingly independent of the historicist analytic continental divide this work features scholars from across these traditions and remains an essential point of reference for students and scholars alike      *Spinoza and Other Heretics* Yirmiyahu Yovel, 1992-01-28 Book 1 p 1 229 Ha anus shel ha tevunah The Marrano of Reason appeared in English as Spinoza and Other Heretics Vol 1 The Marrano of Reason Princeton NJ Princeton University Press 1989      *Spinoza on Human Freedom* Matthew J. Kisner, 2011-02-10 Spinoza was one of the most influential figures of the Enlightenment but his often obscure metaphysics makes it difficult to understand the ultimate message of his philosophy Although he regarded freedom as the fundamental goal of his ethics and politics his theory of freedom has not received sustained comprehensive treatment Spinoza holds that we attain freedom by governing ourselves according to practical principles which express many of our deepest moral commitments Matthew J Kisner focuses on this theory and presents an alternative picture of the ethical project driving Spinoza's philosophical system His study of the neglected practical philosophy provides an accessible and concrete picture of what it means to live as Spinoza's ethics envisioned
