

The Shame Spiral

An event triggers feelings of shame, embarrassment, guilt, or inadequacy.

Feeling like you can't do anything right and that you're a failure.

Thoughts that everyone is judging you, upset with you, or dislikes you.

Gathering evidence that all of your thoughts are true.

The urge to quit, isolate, withdraw, or run away.

Anxiety. Depression.
Hopelessness.

inaccessible and overlooked archival sources The Herero Genocide undertakes a groundbreaking investigation into the war between colonizer and colonized in what was formerly German South West Africa and is today the nation of Namibia In addition to its eye opening depictions of the starvation disease mass captivity and other atrocities suffered by the Herero it reaches surprising conclusions about the nature of imperial dominion showing how the colonial state s genocidal posture arose from its own inherent weakness and military failures The result is an indispensable account of a genocide that has been neglected for too long Microsociology Thomas J. Scheff, 1990 Moving beyond the traditional boundaries of sociological

investigation Thomas J Scheff brings together the study of communication and the social psychology of emotions to explore the microworld of thoughts feelings and moods Drawing on strikingly diverse and rich sources the findings of artificial intelligence and cognitive science and examples from literary dialogues and psychiatric interviews Scheff provides an inventive account of the nature of social life and a theory of motivation that brilliantly accounts for the immense complexity involved in understanding even the most routine conversation A major contribution to some central debates in social theory at the present time What Thomas Scheff seeks to develop is essentially a quite novel account of the nature of social life its

relation to language and human reflexivity in which he insists upon the importance of a theory of emotion A work of true originality and jolting impact Microsociology is of exceptional interest which bears witness to the very creativity which it puts at the center of human social contact Anthony Giddens from the Foreword Scheff provides a rich theory that can easily generate further exploration And he drives home the message that sociological work on interaction social bonds and society cannot ignore human emotionality Candace Clark American Journal of Sociology This outstanding and ground breaking little volume contains a wealth of original ideas that bring together many insights concerning the relationship of emotion to motivation in a wide variety of social settings It is strongly recommended to all serious students of emotion of society and of human nature Melvin R Lansky American Journal of Psychiatry
