Spirit Of Flame A Study Of St John Of The Cross 1944:

The Contemporary Challenge of John of the Cross: An Introduction to His Life and Teaching Leonard Doohan, 2014-01-22 A clear and simple introduction to the life writings and message of the Mystical Doctor stressing always the practical applications of his teaching and example for today's Christians **John of the Cross and the Cognitive Value of Mysticism** Steven Payne, 1990-07-31 This book is a significant contribution to the literature on mysticism and the epistemology thereof It is recommended to all those interested in the mystics and in the question of the cognitive value of mysticism Review of Metaphysics March 1992 Love Awakened by Love Mark O'Keefe OSB, 2014-04-14 A skilled moral theologian Benedictine Father Mark O'Keefe leads God seekers to focus attention on St John of the Cross's teaching in *The Ascent of Mount Carmel* The essence of the spiritual journey is union with God through the practice of the virtues especially faith hope and love It's virtuous living that enables us to truly love God and be conformed to God in divine union For St John religious experiences are not the essence of the spiritual journey at all nor is asceticism for its own sake John's emphasis on the *nada* is to lead us to liberating emptiness authentic human freedom that equips us to be filled with the divine life At the journey's summit we find the God who is Love This book is an insightful companion to *The Ascent of Mount Carmel* Ideal for personal and group study Carmelite formation college courses and a must for every library **The Concept of Woman, Volume 3** Prudence Allen, 2017-01-05 The culmination of a lifetime's scholarly work this pioneering study by Sister Prudence Allen traces the concept of woman in relation to man in Western thought from ancient times to the present In her third and final volume Allen covers the years 1500-2015 continuing her chronological approach to individual authors and also offering systematic arguments to defend certain philosophical positions over against others Building on her work from Volumes I and II Allen draws on four communities of discourse Academic Humanist Religious and Satirical as she traces several recurring strands of sex and gender identity from the Renaissance to the present Now complete Allen's magisterial study is a valuable resource for scholars and students in the fields of women's studies philosophy history theology literary studies and political science **The Concept of Woman, v3** Allen, 1997 The culmination of a lifetime's scholarly work this pioneering study by Sister Prudence Allen traces the concept of woman in relation to man in Western thought from ancient times to the present Volume I uncovers four general categories of questions asked by philosophers for two thousand years These are the categories of opposites of generation of wisdom and of virtue Sister Prudence Allen traces several recurring strands of sexual and gender identity within this period Ultimately she shows the paradoxical influence of Aristotle on the question of woman and on a philosophical understanding of sexual complementarity Supplemented throughout with helpful charts diagrams and illustrations this volume will be an important resource for scholars and students in the fields of women's studies philosophy history theology literary studies and political science In Volume 2 Sister Prudence Allen explores claims about sex and gender identity in the works of over fifty philosophers both men and women in the late medieval and early Renaissance

periods Touching on the thought of every philosopher who considered sex or gender identity between A D 1250 and 1500 The Concept of Woman provides the analytical categories necessary for situating contemporary discussion of women in relation to men Adding to the accessibility of this fine discussion are informative illustrations helpful summary charts and extracts of original source material some not previously available in English In her third and final volume Allen covers the years 1500 2015 continuing her chronological approach to individual authors and also offering systematic arguments to defend certain philosophical positions over against others Christianity Looks East Peter Feldmeier,2006 This fascinating book takes a fresh look at interreligious dialogue with St John of the Cross and Bhadantacariya Buddhaghosa as representatives of Christian and Buddhist paths to liberation As the world is increasingly experienced as a global village dialogue with other religious traditions is widely regarded as possibly the greatest modern or post modern challenge and the distinctive journey of our time Dialogue not only informs our understanding of various expressions of holiness it also can inform one s own religious faith and practice This book investigates a form of dialogue that can be a model for future dialogues Without laying assumptions on the nature of religious experience it allows these classic texts and their representative religions to speak for themselves What is often lacking in this history of dialogue is its lack of appreciation for distinctive religious paths and the experiences described therein **Savoring God** Gloria Maité Hernández,2021 Savoring God is at comparative study featuring the Christian C ntico espiritual Spiritual Canticle by the sixteenth century Spanish poet and theologian Saint John of the Cross and the Hindu Sanskrit R sa L l Dance of Love which originated in the oral tradition The poems are examined alongside theological commentaries The comparisons examine the interactions between poetical language and theological discourse **The Living Church** ,1943 **Theology of Suffering and Cross in the Life and Works of Blessed Edith Stein** Antony Kavunguvalappil,1998 Edith Stein is a very significant woman of our century She was German Jewess who at first plunged herself into vile abyss of Atheism Converted to Roman Catholicism she ascended to the highest peak of Mount Carmel and thus achieved the mystical union of her soul with God For the Church she is a martyr and revered saint In the philosophical circle she is a significant exponent of Phenomenology A heroic woman Edith Stein is a feminist of true womanhood The philosophical insights of Edmund Husserl and the Mystical Theology of St John of the Cross helped her in the development of the Science of the Cross The relevance of Edith Stein is seen not merely in the scientific exposition of the Theology of the Cross but specially in the living witness of that doctrine in her own life *Spirit of Flame* E. Allison Peers,2013-10 This is a new release of the original 1944 edition **The Catholic Historical Review** ,1945 **The Evolution of the Mystical Language of Love in San Juan de la Cruz** Vincent Carver Gilliam,1990 University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Authors & titles University of California (System).
