The Spirit of Leadership Myles Munroe, 2005-01-01 You were born to lead Now it s time to become a leader Leaders may be found in boardrooms but they may also be found in families schools and organizations of all kinds anywhere people interact nurture create or build Contrary to popular opinion leadership is not meant for an elite group of people who by fate or accident become leaders while everyone else is consigned to being a lifelong follower After personally training thousands of leaders from around the world best selling author Dr Myles Munroe reports that while every person possesses the potential of leadership many do not understand how to cultivate the leadership nature and how to apply it to their lives In The Spirit of Leadership Dr Munroe defines the unique attitudes that all effective leaders exhibit explains how to eliminate hindrances to your leadership abilities and helps you to fulfill your particular calling in life a defining portrait of true and effective leadership On these pages you will discover your purpose your passion and your potential to become the leader God has destined you to be Pastor John Hagee Cornerstone Church Dr Myles Munroe s wisdom is to the believer what a phone booth was to Superman Step into every page and be charged Bishop T D Jakes The Potter s House of Dallas The world is groaning in travail waiting for the manifestation of those who will rise up as followers of God and leaders of men Dr Myles Munroe will give you invaluable insight in your quest to discover and develop the spirit of a leader Pastor Rod Parsley World Harvest Church Are you aware that God has ordained you to be a leader In The Spirit of Leadership Dr Myles Munroe gives us the key to find the hidden leader within ourselves I highly recommend this inspired book to all Paul F Crouch Trinity Broadcasting Network In The Spirit of Leadership Dr Myles Munroe taps into the core truths of authentic successful leadership Through decades of study and careful observation Dr Munroe has identified the key the missing ingredient that activates the potential to lead found within every human being Marilyn Hickey Marilyn Hickey Ministries *The Spirit of Leadership* Myles Munroe, 2008-11-03 *Remember the Bamboo? Cultivating a Growth Culture* Michael J. Stabile, Ph.D, 2023-04-22 What s the most valuable asset to your organization It s the people hands down which is why it s so important to have a healthy culture So what is culture In simple terms culture is the way people think act and interact Culture is all about the people Culture is influenced and shaped by the messages verbally and nonverbally they receive from their leader s This book is the third in the Papa s Legacy Leadership Parable series Follow the journey of James Jim Thor an up and coming CEO of a small but growing family owned real estate and facilities management business and his interactions with his executive leadership coach Dr Jonas Nolan He has dreamed of the day when they would take a bigger stage and customer to be in the top tier of their industry and that day had arrived However after the first few euphoric weeks of working with their new customer the company began to experience a series of ongoing disappointments Jim was feeling the enormous pressure of this mammoth change that in his mind was overwhelming Someone had to be accountable for the mess and Jim was the person at the top He was now facing his deepest fear failure How can leadership be this hard Leadership is

influence and no matter if you are a CEO a stay at home dad or mom a trades person a laborer student a parent etc we all have influence and influence creates and impacts culture Join Jim in his conversations and encounters with Dr Jonas Nolan as he shares the principles of building a healthy and winning culture through the lessons he learned from his Papa The Bamboo Story Principles *American Book Publishing Record* ,2003 Identifying and Developing Leaders Frederick M. Thompson,2007-06 John C Maxwell said that everything rises or falls on leadership This truth means that leadership is critically important to the growth and effectiveness of any church or organization This is especially true for a new church In Identifying Developing Leaders A Biblical Historical Theological Perspective Dr Frederick Thompson insightfully provides a firm foundation for the identification and development of leaders to serve with the primary leader His 20 years of military service and his experiences as a founding pastor has given him a sharpened ability to wed theory and practice In this work various perspectives are explored in an effort to give clear understanding to the why and how of leadership development This informative book will undoubtedly be useful to the church as there is always a need to plant new churches Moreover well established churches must also identify and develop leaders About the Author Dr Frederick M Thompson is a pastor teacher and author His ministry passion is leadership development and the growth and development of each believer so that their full potential is realized He is the pastor and founder of Word of Life Christian Center in Springfield Township New Jersey and the president of Manna from Heaven Ministries Dr Thompson is the author of Devotions from the Epistle of Romans He has earned degrees at Charleston Southern University Eastern Baptist Theological Seminary now Palmer Theological Seminary and United Theological Seminary Dr Thompson and his lovely wife Roseclair and two sons Rasheed and Cedric reside in Westampton New Jersey *Contemporary Leadership Challenges* Aida Alvinus,2017-02-01 Social and behavioral science has for decades studied and recognized leadership as a social exchange between leaders and followers But leadership is rather complex and as such it tends to lead to an increased interest within and across different disciplines This book is an attempt to provide theoretical and empirical framework to better understand leadership challenges in various contexts The authors cover an array of themes that span from an individual level to an organizational and societal level In this volume two sections are presented The first section based on individual level focuses on different leadership styles and abilities and the other section provides theories to understand leadership in public administration in industrial settings and in nonprofit organizations **Unlocking Buried Treasure: Keys to Master Your Greatest Fears** Michael J. Stabile, Ph.D.,2018-11-07 What is my deepest fear In every sense of the word Nicole is successful She has a thriving career a loving husband and beautiful children For Nicole though a constant voice in the back of her mind tells her that all these things are not good enough that she is not good enough In this leadership parable follow Nicole s inner conflict and struggles as she meets with the two people she trusts the most Dr Jonas Nolan and his wife Sophia With the loving guidance and coaching by the Nolans ask yourself as Nicole did What is my deepest fear What is holding me back from my sweet spot of greatness Like Nicole are

Election Kimani Njogu, Wafula Wekesa, 2015-12-29 When voters enthusiastically turn up to cast their vote during general elections they expect that their action would meaningfully change their lives But in most of Africa even when elections are held on a regular basis voters are quite often disappointed by the performance of their leaders who use the new positions as an opportunity to loot public resources and consolidate power It is almost as if elections are of minimal value to the populace Notwithstanding this trend when they are free and fair general elections can be transformative They can bring into the political arena men and women of integrity committed to service and accountability Inspired by the determination to have inclusive governance and the advancement of democracy Kenyas 2013 General Election Stakes Practices and Outcomes asks

important questions related to political participation coalition building politics of identity the international criminal court electoral systems and institutions and the judiciary The papers are written by mainly Kenyan academics and civil society actors who examine the drivers of the 20 3 general elections and the sources of the mandate to lead This book is part of publications by Twaweza Communications on democratic practice and accountable governance in Kenya *The Publishers Weekly*, 2005

Educational Leadership and Moral Literacy Patrick M. Jenlink, 2014-03-18 What makes a moral person moral Who decides what morality means What makes leadership practice moral In today s schools what stands as moral leadership These are questions that reflect the complexity integral to the calculus of human morality especially in a world that is defined daily by its variant meanings of morality its acts of immorality The school as an educational setting is or should be a decidedly moral center of the society it is the natural intersect between the family and the multi dimensional nature of public life Educational Leadership and Moral Literacy addresses these questions situating the reader in a conversation that examines the meaning and nature of moral leadership through the lens of moral literacy and the dispositional aims of moral leadership in educational settings The contributing authors extend an argument that the work of leader educators and practitioners alike must continuously be re articulated around the dispositional aims aligned with a moral democratic education Educators must be concerned with developing the moral intellectual and aesthetic dimensions of the educational leader as a moral person

Pentecostalism, Secularism, and Post Christendom Bradley Truman Noel, 2015-12-14 If only we were a Christian country again Christians particularly those in the West often lament their loss of influence in modern politics and culture It seems that everywhere one turns Christendom in the West is dealt another blow with Christian reactions ranging from withdrawal and entrenchment to cries of persecution and talks of organized resistance Pentecostalism Secularism and Post Christendom seeks to address these concerns via an examination of Classical North American Pentecostalism as it wrestles with the very real challenges posed by the increasing post Christian ethos of Western culture In addition to providing a number of concrete steps Pentecostals may take in their efforts to better understand and connect with modern culture this work will argue that counter intuitively the death of Christendom if properly addressed may in fact herald the arrival of the Church s finest hour
