cultural reforms in Vietnam as how those reforms continue to animate contemporary socio cultural life The study examines the key foci of revolutionary cultural change such as the articulation of a new moral system the attempts to eliminate explanations that invoke supernatural causality the creation of socialist weddings and funerals and the development of innovation ties to commemorate war dead By examining debates over culture ritual and morality that have emerged between residents notably between men and women and party members and non party members the study shows how ideas and values that preceded the revolution have entered into a creative dialogue with those that were articulated by the revolution and how this has produced an innovative set of ritual and other practices particularly since the relaxation of the cultural reform agenda in the post 1986 period
