Oxon, 2018-08-08 William Stainton Moses an Anglican priest authored *Spirit Teachings* in 1883 nine years before his passing It

is now considered a classic in the Spiritualist genre Initially Moses was antagonistic toward spirit communication calling the

mediumship of D D Home the dreariest twaddle However in 1872 he attended a sance for the first time and five months later

became aware he had psychic abilities which eventually manifested as automatic writing Later that same year a

communicator writing through his hand introduced himself as Imperator Servus Dei claiming he was the leader of a band of

49 spirits communicating from the seventh sphere their purpose to work out the will of the Almighty Much of the

communication came via a spirit named Rector who claimed to reside in a lower sphere than Imperator s team one closer to

our physical vibration which enabled dialogue Imperator and the other communicators answered many questions Moses put

to them such as the nature of reality life after physical life spirit influence skepticism Jesus the Second Coming prayer

disposal of the body and much more Moses found his Christian dogma constantly challenged by what came through his hand

During one sitting Imperator explained Friend you must discriminate between God s truths and man s glosses Stainton Moses

writings have become essential reading for truth seekers with an interest in life and death and despite the nineteenth century

vernacular the messages of wisdom are timeless and appeal to reason **Spirit Teachings Through the Mediumship of**
