*The Spiritual You* William Landon,2005-03 What does it mean to be human Most of us have asked this question at one time or another At least we have considered this question from the standpoint of our own life What is the most basic part of me We don't have to be philosophers or deep thinkers to ask these questions It is normal and natural for us to wonder about the fundamental nature of our being In *The Spiritual You* Bill Landon continues his examination of what our life in this world is truly all about In his earlier books *My Father and Your Father* and *The Life that is Real Life* Bill has looked at our relationship with God and the Lord's wishes for us as part of His creation In *The Spiritual You* Bill brings this search to the level of the individual person What is our real basic nature If we are to ever come to a place of harmony with ourselves each other our environment and world we must understand this basic nature This understanding as Bill sees it is not found in the world of formal education politics or even organized religion To understand our true nature we must seek for this knowledge from God This understanding is integral to our finding the place we were meant to hold in God's creation It is the author's hope that this book will be help and an encouragement to anyone seeking to find the real spiritual you
