Majority World Theology Gene L. Green,Stephen T. Pardue,K. K. Yeo,2020-12-01 More Christians live in the Majority World than in Europe and North America Yet most theological literature does not reflect the rising tide of Christian reflection

coming from these regions Bringing together theological resources from past and present East and West this work engages conversations with leading global scholars on theology faith and mission for the enrichment of the entire church *The Spirit of Despotism. By Vicesimus Knox. Dedicated to Lord Castlereagh. Edited by the author of "The Political House that Jack built" W. Hone ,1821*

A Pentecostal Political Theology for American Renewal Steven M. Studebaker,2016-10-26 This book argues that Christians have a stake in the sustainability and success of core cultural values of the West in general and America in particular Steven M Studebaker considers Western and American decline from a theological and specifically Pentecostal perspective The volume proposes and develops a Pentecostal political theology that can be used to address and reframe Christian political identity in the United States Studebaker asserts that American Christians are currently not properly engaged in preventing America s decline or halting the shifts in its core values The problem he suggests is that American Christianity not only gives little thought to the state of the nation beyond a handful of moral issues like abortion but its popular political theologies lead Christians to think of themselves more as aliens than as citizens This book posits that the proposed Pentecostal political theology would help American Christians view themselves as citizens and better recognize their stake in the renewal of their nation The foundation of this proposed political theology is a pneumatological narrative of renewal a biblical narrative of the Spirit that begins with creation proceeds through Incarnation and Pentecost and culminates in the new creation and everlasting kingdom of God This narrative provides the foundation for a political theology that speaks to the issues of Christian political identity and encourages Christian political participation

Father, Son, and the Other One Jeff Kennedy,2014-02-04 God s Spirit Lives in You Do you believe it What s more are you experiencing His power in your life All too often we settle for merely learning about God rather than experiencing the present reality of His Spirit But you have access to the presence and power of the Holy Spirit right now and if you want to live out your Christian faith with vibrancy and authenticity it is essential that you get to know Him Father Son and the Other One addresses the vital importance of the Holy Spirit in your life and shows you how to experience His presence as a transforming empowering reality If you have ever wondered if the Christian faith is more than mere creeds doctrines and denominations or if you long to know that the Jesus of history still lives and dwells in you by the Spirit of God or if you struggle to tap into God s presence as a transforming empowering reality this book is for you

The Witness of the Spirit Bernard Ramm,2011-07-01 The Witness of the Spirit is a clear and comprehensive treatment of the teaching of the Word of God concerning the inner witness of the Spirit of God The book opens with an account of Calvin s and Luther s contribution to this important theme followed by a survey of the theological reflection upon this subject from the days of the early Church Fathers to the present time Dr Ramm shows that the work of the Holy Spirit is not a single subject to be discussed in isolation from the total area of Christian theology therefore he helpfully relates it to the doctrine of the Trinity of revelation redemption and the Scripture and to Christian fellowship and the spiritual life Dr Ramm s book is an invaluable and much needed contribution to a phase of

Aaron T. Wolf,2017-09-14 Over more than twenty years as a mediator Aaron T Wolf has learned that successful conflict resolution is shaped by complicated dynamics from how comfortable the meeting room is to the participants deepest senses of self Bridging seemingly intractable issues means addressing multiple layers of needs Wolf s approach may be surprising to Westerners who are accustomed to separating rationality from spirituality and science from religion *The Spirit of Dialogue* draws lessons from a diversity of faith traditions to transform conflict from identifying the root cause of anger to aligning with an energy beyond oneself what Christians call grace to the true listening practiced by Buddhist monks Whether atheist or fundamentalist Muslim or Jewish Quaker or Hindu any reader involved in difficult dialogue will find concrete steps towards a meeting of souls **Listen to Spirit** Kelvin Cruickshank,2020-03-31 Kelvin Cruickshank bestselling psychic medium shares incredible stories from his lifelong work listening to spirit This all new book draws on his most recent work including how he has helped to solve high profile missing persons cases and murders both in his native New Zealand and in the USA Some of these stories are shocking some heartbreaking some uplifting but all are inspiring and full of Kelvin s wisdom and guidance to help the living *Spirit and Method* Edwin Rodriguez-Gungor,2023-12-14 This book offers a generative and hospitable theological methodology rooted in the distinctives of pentecostal spirituality enlivened by a Spirited imagination and opened toward critical constructive and conciliatory dialogue with the wider Christian tradition This inter and cross disciplinary work is careful yet generous drawing together of knowledge and wisdom from different domains historical philosophical and theological in ways recognizably pentecostal and effectively missional The book begins with a description of the essence of pentecostal spirituality that holds true across the various pentecostalsisms Drawing largely on an innovative engagement with the insights of Rudolph Otto and an exploration of the dialectic between religious experience and theological development this book contends for an identifiable but mysterious something that makes pentecostalism truly pentecostal that is something more than one might sum up in any set of peculiar practices beliefs or behaviors The book also provides an overview of the intellectual history of English speaking pentecostalism specifying and assessing the movement s major philosophical underpinnings and socio cultural motivations Finally funded by an explicitly pentecostal metaphysics the book sets forth a significant and boldly original pneumatological theological methodology shaped by discerning conversation with the works of Amos Yong L William Oliverio Jr Wolfgang Vondey and Simo Frestadius among others
