## Spirit Of The Sun:

*The Spirit of God as Fire; the Globe Within the Sun Our Heaven* D. Mortimore, 2019-12-23 The Spirit of God as Fire the Globe Within the Sun Our Heaven is a philosophical book by D Mortimore that ties together the concepts of spirituality religion and astronomy with a view to forming a greater view about existence Excerpt Now you will remember that the heathen in ancient times and even so with them at the present day were always dismayed and frightened at the recurrence of an eclipse of the Sun and imagined the time of the world had come to an end But the science of astronomy has comprehended the laws of nature and has revealed the true causes of these seeming phenomena to the enlightenment of the world and many years previous to their occurrence Astronomers can foretell the day the hour and even the very moment when they will appear or be visible in any part of the world as also when they will disappear But we see however that God himself has spoken of such eclipses as signs in the heaven and yet they are eclipses of the Sun The Spirit of God as Fire; the Globe Within the Sun Our Heaven. Reasons for Such Hypothesis Founded Upon God's Own Revelations, Etc D. MORTIMORE, 1869 Spirit of the English Magazines , 1824 *Vestiges of the Spirit-History of Man* Samuel Fales Dunlap, 1858 **The Spirit of the English Magazines** , 1832 *Searching for the Spirit of the West* Luigi Morelli, 2023-05-29 How can the West rediscover its authentic spirit Exploring the period from 1899 to 1945 from the end of the US frontier and the writing of The Wonderful Wizard of Oz to the conclusion of World War II and the dropping of the atom bomb Luigi Morelli traces the events that led the United States to become the world's dominating imperial force America he demonstrates is deeply connected to Britain Germany and Eastern Europe particularly Russia Yet despite their tragic collective histories there is hope for the future if only America can claim its true task Searching for the Spirit of the West challenges many of the falsehoods that pass for mainstream history Utilizing a wealth of documented evidence from the research of overlooked historians economists social and spiritual thinkers the author takes a symptomatic view of the past revealing hidden longer term trends This approach offers a new understanding of events such as the rise of Nazism the Great Depression the new Deal and even the roles of banking and clandestine brotherhoods in world history Morelli also appraises The Wonderful Wizard of Oz in parallel with America's cultural achievements Through imagination L Frank Baum's contemporary fairy tale enables us to intuit the true mission of the West and its potential contribution to world culture now and in the future **Spirit of the Totem** Irena Maryniak, 1995 The book presents an original interdisciplinary analysis of religious and mythological perspectives in fiction published in the Soviet Union between the mid 1960s and the mid 1980s In doing so it points to ways in which anthropological theory can be used as a framework for literary criticism It also shows how in the two decades before perestroika religion and mythology served as alternative models for the intellectual and political reorientation of Soviet society Selected works are explored with reference to a formative debate in anthropological studies on the nature and development of religion based on Edward B Tylor's theory of animism and Emile Durkheim's theory of

totemism It is shown how the animist totemist dichotomy highlighted by the controversy is reflected in Russian religious thought before 1917 and particularly in the literature of the Soviet era Within the framework of this debate a selection of novels is discussed in the light of a range of mythological and religious systems Attention is drawn to the connection between Valentin Rasputin's religious vision and traditional Siberian beliefs particularly those of the Buryat The Georgian novel *Data Tutashkia* by Chabua Amiredzhibi is analysed with reference to Zoroastrian thought Daniil Granin's *Kartina The Picture* serves as an example of a work where in accordance with Tylor's theory notions of art and beauty take on an animist quality It is argued that early fiction by Chingiz Aitmatov reveals a tension between animist perceptions and the totemic understanding of religion and mirrors aspects of pre Islamic Central Asian religious tradition The writing of Vladimir Tendriakov offers an example of a vision divided between an awareness of Christian dilemmas and loyalty to Marxist Leninist sociological models The study also shows how Durkheim's theory of religion as an expression of a group's awareness of its identity can be related to ideas put forward by Russian nationalist writers Iurii Bondarev Sergei Alekseev and Vasilii Belov It suggests that examples of fiction by Petr Proskurin and later works by Chingiz Aitmatov and Vladimir Tendriakov indicate revived interest in the God building theory of Maksim Gor'kii and Anatolii Lunacharskii In conclusion the book argues that subtextual religious and mythological narratives in Soviet fiction published in the years between the fall of Khrushchev and the Millennium of Christianity in Rus provided a model for new literary discourse under perestroika and for subsequent political transformations

*The Spirit of the Matter* D. L. Watson,2022-02-10 The Spirit of the Matter is born from a love of truth and a love of God s word When these two loves come together we find the Scriptures are not only reliable and consistent but a brilliantly designed set of instructions for life reaching a depth of profundity that most Christian teachings fail to address This book carefully examines the Christian notion that the Mosaic Law Torah no longer is applicable to believers and guides readers through an understanding of how and why the words of God spoken to the Old Testament writers are intensely relevant to people today Readers will take a thought provoking journey through topics such as Are we supposed to believe a literal seven day account of creation in the book of Genesis Is it possible that the New Testament instructs those who believe in Jesus Christ to also obey certain commands in the Torah Is it conceivable that the Sabbath day as established in the creation story could also hold truths for the events of Revelation and the end times This book will encourage you with a confidence that God s word holds much more for believers than most have been taught to expect
