**The Political Coexistence of the United States with Cuba, 1961-1975** Krzysztof Siwek, 2024-07-17 This book investigates the phenomenon of the political coexistence of the United States with Cuba that developed between the beginning of the John F Kennedy administration and the Cold War d tente of the mid 1970s It is revealed that due to the US global commitments related to the Cold War and the risk of confrontation with the Soviet Union the political approach of Washington to the Fidel Castro s Cuba constituted a perpetuated condition of suspense between war and peace Despite the failure of both the US hostile policies and diplomatic dialogue with Castro the mutual tension remained under control of recurrent crisis management course Ultimately the US attempts to discipline and moderate Cuban policies led to an actual political coexistence between the two countries establishing a long term dynamics of the US attitude toward Cuba for the following decades By combining a historical approach with political and international analysis through broad reference to primary

sources the study offers an insightful investigation of the global processes affecting the U S Cuban dynamics of political coexistence This volume will be of great value to those studying American history 20th century history international relations and political science across North America Europe and other parts of the world The Oxford History of the Novel in English Cyrus R. K. Patell, Deborah Lindsay Williams, 2024 An overview of US fiction since 1940 that explores the history of literary forms the history of narrative forms the history of the book the history of media and the history of higher education in the United States C. Wright Mills and the Cuban Revolution A. Javier Treviño, 2017-04-05 In C Wright Mills and the Cuban Revolution A Javier Trevi o reconsiders the opinions perspectives and insights of the Cubans that Mills interviewed during his visit to the island in 1960 On returning to the United States the esteemed and controversial sociologist wrote a small paperback on much of what he had heard and seen which he published as Listen Yankee The Revolution in Cuba Those interviews now transcribed and translated are interwoven here with extensive annotations to explain and contextualize their content Readers will be able to hear Mills as an expert interviewer and ascertain how he used what he learned from his informants Trevi o also recounts the experiences of four central figures whose lives became inextricably intertwined during that fateful summer of 1960 C Wright Mills Fidel Castro Juan Arcocha and Jean Paul Sartre The singular event that compelled their biographies to intersect at a decisive moment in the history of Cold War geopolitics with its attendant animosities and intrigues was the Cuban Revolution Imagining Southern Spaces Deniz Bozkurt-Pekar, 2021-02-22 Identifying the antebellum era in the United States as a transitional setting Imagining Southern Spaces investigates spatialization processes about the South during a time when intensifying debates over the abolition of slavery led to a heightened period of re spatialization in the region Taking the question of abolition as a major factor that shaped how different actors responded to these processes this book studies spatial imaginations in a selection of abolitionist and proslavery literature of the era Through this diversity of imaginations the book points to a multitude of Souths in various economic political and cultural entanglements in the American Hemisphere and the Circumatlantic Thus it challenges monolithic and provincial representations of the South as a provincial region distinct from the rest of the country **Prose Fiction of the Cuban Revolution** Seymour Menton, 2014-05-23 Recipient of the Hubert Herring Memorial Award from the Pacific Coast Council on Latin American Studies for the best unpublished manuscript of 1973 Prose Fiction of the Cuban Revolution is an in depth study of works by Cubans Cuban exiles and other Latin American writers Combining historical and critical approaches Seymour Menton classifies and analyzes over two hundred novels and volumes of short stories revealing the extent to which Cuban literature reflects the reality of the Revolution Menton establishes four periods 1959 1960 1961 1965 1966 1970 and 1971 1973 that reflect the changing policies of the revolutionary government toward the arts Using these periods as a chronological guideline he defines four distinct literary generations records the facts about their works establishes coordinates and formulates a system of literary and historical classification He then makes an aesthetic analysis of the best of

Cuban fiction emphasizing the novels of major writers including Alejo Carpentier's *El siglo de las luces* and Jos Lezama Lima's *Paradiso*. He also discusses the works of a large number of lesser known writers which must be considered in arriving at an accurate historical tableau. Menton's exploration of the short story combines a thematic and stylistic analysis of nineteen anthologies with a close study of six authors: Guillermo Cabrera Infante, Calvert Casey, Humberto Arenal, Antonio Benítez Jerez, Daz Rodríguez and Norberto Fuentes. Several chapters are devoted to the increasing number of novels and short stories written by Cuban exiles as well as to the eighteen novels and one short story written about the Revolution by non Cubans such as Julio Cortázar, Carlos Martínez Moreno, Luisa Josefina Hernández and Pedro Juan Soto. In studying literary works to reveal the intrinsic consciousness of a historical period, Menton presents not only his own views but also those of Cuban literary critics. In addition, he clarifies the various changes in the official attitude toward literature and the arts in Cuba using the revolutionary processes of several other countries as comparative examples.

**Latinx Revolutionary Horizons** Renee Hudson, 2024-05-07. A necessary reconceptualization of Latinx identity, literature, and politics. In *Latinx Revolutionary Horizons*, Renee Hudson theorizes a liberatory *latinidad* that is not yet here and conceptualizes a hemispheric project in which contemporary Latinx authors return to earlier moments of revolution. Rather than viewing Latinx as solely a category of identification, she argues for an expansive historicized sense of the term that illuminates its political potential. Claiming the *x* in Latinx as marking the suspension and tension between how Latin American descended people identify and the future politics, the *x* points us toward Hudson's contention that *latinidad* can signal a politics grounded in shared struggles and histories rather than merely a mode of identification. In this way, *Latinx Revolutionary Horizons* reads against current calls for cancelling *latinidad* based on its presumed anti-Black and anti-Indigenous framework. Instead, she examines the not yet here of *latinidad* to investigate the connection between the revolutionary history of the Americas and the creation of new genres in the hemisphere, from conversion narratives and dictator novels to neoslave narratives and testimonios. By comparing colonialisms, she charts a revolutionary genealogy across a range of movements such as the Mexican Revolution, the Filipino People Power Revolution, resistance to Trujillo in the Dominican Republic, and the Cuban Revolution. In pairing nineteenth-century authors alongside contemporary Latinx ones, Hudson examines a longer genealogy of Latinx resistance while expanding its literary canon from the works of José Rizal and Martín Delany to those of Julia Alvarez, Jessica Hagedorn, and Leslie Marmon Silko. In imagining a truly transnational *latinidad*, *Latinx Revolutionary Horizons* thus rewrites our understanding of the nationalist formations that continue to characterize Latinx Studies.

[The Spirit of America Party](#) Tom O'Donnell, 2011-05-31. Fourteen chapters will touch on the decline and fall of the American Spirit. From the defeat of our war on drugs to the greatest military defeat ever visited upon American soil, 9/11. While politicians danced on their party platform shouting we are the strongest nation on the face of the earth, the box cutter of terror was being sharpened in a cave in the Hindu Kush. An over-medicated nation preoccupied with Academy award winners that failed to hear the giant steps of fire.
