at the mid life years as a period of crisis I believe mid life can be a period of transition and spiritual growth and an opportunity to continue one's spiritual journey toward wholeness The purpose of this pastoral research is to look at religious women in mid life and examine the relationship between mid life and their spiritual journey The first part of the pastoral project application was an in depth study through a series of questions and responses The personal experiences and interviews helped me to identify the issues some religious face during their mid life transitions Based on the literature review and interviews the second part of the pastoral project developed a series of seminars for Franciscan Clarist Sisters who live in the Twin Cities area The consensus of participants was that mid life is a period of transition spiritual growth and a normal developmental life stage The mid life transition is a process and during this time a woman religious may be able to grow toward psychological and spiritual wholeness Since prayer and community life are the core of religious life the seminar participants agreed to support each other in prayer and spiritual life and provide opportunities for spiritual direction and necessary resources for our Sisters during their mid life years Page 6

Threshold of Discovery L. Roger Owens, 2019-01-17 Thoughtful exploration of midlife spirituality through the prism of nature walks Roger Owens facing a dark night of the soul as he turned forty and entered midlife was encouraged by his spiritual director to think of it instead as a threshold of discovery Rather than go on a grand adventure like walking the Appalachian Trail or the Camino de Santiago he decided to mark his fortieth year by taking forty walks in a nearby nature preserve With patience and attention he explored the concerns rising with him the inevitability of death his boredom with life and the reality of his changing faith changing images of God and changing sense of self The result is forty short chapters that weave together insightful stories of his walks with accessible history and practices of Christian spirituality and the lives of saints This field guide to the spirituality of midlife facilitates readers personal journeys through questions of faith purpose and relationships It is not solely a memoir but a work of wisdom literature that uses engaging first person narratives to explore universal themes and spiritual inquiry Wise and imaginative and with study questions for each section **Threshold of Discovery** is the companion guide for a thoughtful Christian journey
