Seeds of Bliss Barry Wachtel, 2017-09-23 I hope you will take your time as you read these pages. It's not what I'd call light reading but I promise it will be thought provoking. This book is a sketch and reflection of my lifetime of research and personal experience and as it turns out my love of gardening has given me the perfect motif for creating it. There are many concepts within the pages that will take time to reflect upon and may occasionally cause you to sprout ideas of your own so extra pages and spaces have been provided for your convenience. As I've come to realize the more we put into something the more we get out of it so I encourage you to make this book your own personal gardener's journal and write down the thoughts, ideas, and memories that are triggered as you read the words and enjoy the photographs.
