Spiritual In Art Abstract Painting 18901985:

Reclaiming the Spiritual in Art Dawn Perlmutter, Debra Koppman, 2016-02-24 From Walt Disney World to the movie Natural Born Killers this book explores uncommon indicators of the spiritual in contemporary art and culture Drawing on a diversity of perspectives in philosophy and aesthetics to highlight conscious and unconscious manifestations of the sacred in art this work makes a compelling case for its continued contemporary relevance Contributors include Andrew Doerr Melissa E Feldman Cher Krause Knight Debra Koppman Janice Mann Dawn Perlmutter Crispin Sartwell and Susan Shantz Bruce Nauman Bruce Nauman, 2002-05-29 From the beginning I was trying to see if I could make art that did that Art that was just there all at once Like getting hit in the face with a baseball bat Or better yet like getting hit in the back of the neck You never see it coming it just knocks you down I like that idea very much the kind of intensity that doesn't give you any trace of whether you're going to like it or not Bruce Nauman Bruce Nauman's art is about heightened awareness awareness of spaces we usually don't notice the one under the chair out of which he made a sculpture and sounds we don't listen for the one in the coffin awareness of emotions we suppress or dread It's hard to feel indifferent to work like his Michael Kimmelman New York Times One of America's most important artists Bruce Nauman has worked in a dazzling variety of media since the mid 1960s sculpture photography performance installation sound holography film and video What has been a constant throughout his career however is his persistence in exploring both art as an investigation of the self and the power of language to define that self The latest volume in the acclaimed Art Performance series is the first book to combine the key critical writings on Nauman with the artist's own writings and interviews with him as well as images of his work Bruce Nauman offers a multifaceted portrait of an artist whose determination to experiment with style and form has created a body of work as eclectic and perhaps more influential than that of any other living American artist *The Spiritual in Art* Judi Freeman, Carel Blotkamp, 1987 The seventeen essays in this provocative book provide a radical rethinking of abstraction from the Symbolism that prefigured abstract art through the current manifestations of spiritual content in American and European painting

Raymond Jonson and the Spiritual in Modernist and Abstract Painting Herbert R. Hartel, Jr., 2018-02-21 This is the most thorough and detailed monograph on the artwork of Raymond Jonson He is one of many artists of the first half of the twentieth century who demonstrate the richness and diversity of an underappreciated period in the history of American art Visualizing the spiritual was one of the fundamental goals of early abstract painting in the years before and during World War I Artists turned to alternative spirituality the occult and mysticism believing that the pure use of line shape color light and texture could convey spiritual insight Jonson was steadfastly dedicated to this goal for most of his career and he always believed that modernist and abstract styles were the most effective and compelling means of achieving it Envisioning Worlds in Late Antique Art Anna Cecilia Olovsson, 2018-12-17 It has long been an accepted assumption that the abstracted mode of visual representation that emerged in late antiquity reflected a collective shift from the outer directed and material

world view of classical antiquity to an inner directed spiritual mentality informed by Christianity the purpose of this volume is to offer a more nuanced and diverse image of the nature and meanings of abstraction and symbolism in late antique and early medieval art beyond normative interpretation models and from a number of different methodological and interpretative perspectives In ten chapters ten authors specialised in various fields of late antique and Byzantine art explore the historiographical background of the spiritual interpretation paradigm neuroscientific and theological dimensions of Christian visual aesthetics meanings and motive factors behind apparently wholly abstract and aniconic compositions symbolic motifs and schemes for visualising cosmic order and the cosmic state of Christ and the re use of symbolic Greco Roman themes in Christian contexts The result is a multi focal image of late antique abstraction and symbolism that illuminates the heterogeneity and complexity of the phenomena and of their study

Modernism and the Spiritual in Russian Art
Louise Hardiman, Nicola Kozicharow, 2017-11-13 In 1911 Vasily Kandinsky published the first edition of *On the Spiritual in Art* a landmark modernist treatise in which he sought to reframe the meaning of art and the true role of the artist For many artists of late Imperial Russia a culture deeply influenced by the regime's adoption of Byzantine Orthodoxy centuries before questions of religion and spirituality were of paramount importance As artists and the wider art community experimented with new ideas and interpretations at the dawn of the twentieth century their relationship with the spiritual broadly defined was inextricably linked to their roles as pioneers of modernism This diverse collection of essays introduces new and stimulating approaches to the ongoing debate as to how Russian artistic modernism engaged with questions of spirituality in the late nineteenth to mid twentieth centuries Ten chapters from emerging and established voices offer new perspectives on Kandinsky and other familiar names such as Kazimir Malevich Mikhail Larionov and Natalia Goncharova and introduce less well known figures such as the Georgian artists Ucha Japaridze and Lado Gudiashvili and the craftswoman and art promoter Aleksandra Pogosskaia Prefaced by a lively and informative introduction by Louise Hardiman and Nicola Kozicharow that sets these perspectives in their historical and critical context *Modernism and the Spiritual in Russian Art New Perspectives* enriches our understanding of the modernist period and breaks new ground in its re examination of the role of religion and spirituality in the visual arts in late Imperial Russia Of interest to historians and enthusiasts of Russian art culture and religion and those of international modernism and the avant garde it offers innovative readings of a history only partially explored revealing uncharted corners and challenging long held assumptions

Spiritual Art and Art Education Janis Lander, 2013-12-17 This book is a study of contemporary spirituality as it is practiced in the world today characterized by its secular and inclusive nature and applied to art and art education It identifies the issues facing a formal introduction of contemporary spiritual concepts into a secular and multicultural arts educational environment Lander begins by separating the notion of the spiritual from the study of organized religions She uses examples of art from different cultures in contemporary spiritual systems making the study a reference book for contemporary spirituality and spirituality in art

education with usable definitions and practical examples suitable for scholars in art and visual studies art education and contemporary spirituality **The Spiritual in Twentieth-Century Art** Roger Lipsey, 2011-10-20 Compelling well illustrated study focuses on the works of Kandinsky Mondrian Klee Picasso Duchamp Matisse and others Citations from letters diaries and interviews provide insights into the artists views 121 black and white illustrations **The Color of Modernism** Deborah Ascher Barnstone, 2021-12-30 One of the most enduring and pervasive myths about modernist architecture is that it was white pure white walls both inside and out Yet nothing could be further from the truth The Color of Modernism explodes this myth of whiteness by offering a riot of color in modern architectural treatises polemics and buildings Focusing on Germany in the early 20th century one of modernism s most foundational and influential periods it examines the different scientific and artistic color theories which were advanced by members of the German avant garde from Bruno Taut to Walter Gropius to Hans Scharoun German color theory went on to have a profound influence on the modern movement and Germany serves as the key case study for an international phenomenon which encompassed modern architects worldwide from le Corbusier and Alvar Aalto to Berthold Lubetkin and Lina Bo Bardi Supported by accessible introductions to the development of color theory in philosophy science and the arts the book uses the German case to explore the new ways in which color was used in architecture and urban design turning attention to an important yet overlooked aspect of the period Much more than a mere correction to the historical record the book leads the reader on an adventure into the color filled worlds of psychology the paranormal theories of sensory perception and pleasure showing how each in turn influenced the modern movement The Color of Modernism will fundamentally change the way the early modernist period is seen and discussed **Architecture, Culture, and Spirituality** Thomas Barrie, Julio Bermudez, Phillip James Tabb, 2016-03-09 Architecture has long been understood as a cultural discipline able to articulate the human condition and lift the human spirit yet the spirituality of architecture is rarely directly addressed in academic scholarship The seventeen chapters provide a diverse range of perspectives grouped according to topical themes Being in the World Sacred Secular and the Contemporary Condition Symbolic Engagements Sacred Landscapes and Spirituality and the Designed Environment Even though the authors approach the subject from a range of disciplines and theoretical positions all share interests in the need to rediscover redefine or reclaim the sacred in everyday experience scholarly analysis and design **The Other Side** Jennifer Higgin, 2024-01-02 The first major work of art history to focus on women artists and their engagement with the spirit world by the author of The Mirror and the Palette It s not so long ago that a woman s expressed interest in other realms would have ruined her reputation or even killed her And yet spiritualism in various incarnations has influenced numerous men including lauded modernist artists such as Wassily Kandinsky Piet Mondrian Kazimir Malevich and Paul Klee without repercussion The fact that so many radical female artists of their generation and earlier also drank deeply from the same spiritual well has been sorely neglected for too long In The Other Side we explore the lives and work of a group of

extraordinary women from the twelfth century mystic composer and artist Hildegard of Bingen to the nineteenth century English spiritualist Georgiana Houghton whose paintings swirl like a cosmic Jackson Pollock the early twentieth century Swedish artist Hilma af Klint who painted with the help of her spirit guides and whose recent exhibition at New York's Guggenheim broke all attendance records to the Desert Transcendentalist Agnes Pelton who painted her visions beneath the vast skies of California We also learn about the Swiss healer Emma Kunz who used geometric drawings to treat her patients and the British surrealist and occultist Ithell Colquhoun whose estate of more than 5 000 works recently entered the Tate gallery collection While the individual work of these artists is unique the women loosely shared the same goal to communicate with and learn from other dimensions Weaving in and out of these myriad lives while sharing her own memories of otherworldly experiences Jennifer Higgie discusses the solace of ritual the gender exclusions of art history the contemporary relevance of myth the boom in alternative ways of understanding the world and the impact of spiritualism on feminism and contemporary art A radical reappraisal of a marginalized group of artists *The Other Side* is an intoxicating blend of memoir biography and art history Religion and the Arts: History and Method Diane

Apostolos-Cappadona, 2017-11-06 In *Religion and the Arts History and Method* Diane Apostolos Cappadona presents an overview of the 19th century origins of this discrete field of study and its methodological journey to the present day through issues of repatriation museum exhibitions and globalization Apostolos Cappadona suggests that the fluidity and flexibility of the study of religion and the arts has expanded like an umbrella since the 1970s and the understanding that art was simply a visual exegesis of texts to now support the study of material popular and visual culture as well as gender She also delivers a careful analysis of the evolution of thought from traditional iconographies to the transformations once scholars were influenced by response theory and challenged by globalization and technology *Religion and the Arts History and Method* offers an indispensable introduction to the questions and perspectives essential to the study of this field **The Culture**

and Art of Death in 19th Century America D. Tulla Lightfoot, 2019-03-11 Nineteenth century Victorian era mourning rituals long and elaborate public funerals the wearing of lavishly somber mourning clothes and families posing for portraits with deceased loved ones are often depicted as bizarre or scary But behind many such customs were rational or spiritual meanings This book offers an in depth explanation at how death affected American society and the creative ways in which people responded to it The author discusses such topics as mediums as performance artists and postmortem painters and photographers and draws a connection between death and the emergence of three dimensional media What Reason

Promises Wendy Doniger, Peter Galison, Susan Neiman, 2016-06-20 This collection demonstrates the range of approaches that some of the leading scholars of our day take to basic questions at the intersection of the natural and human worlds The essays focus on three interlocking categories Reason stakes a bigger territory than the enclosed yard of universal rules Nature expands over a far larger region than an eternal category of the natural And history refuses to be confined to claims

of an unencumbered truth of how things happened *The Visual Arts and Christianity in America* John

Dillenger, 2004-09-13 How has religion affected the creation and patronage of American art This is the question explored in *The Visual Arts and Christianity in America* the most comprehensive treatment of this subject to date With its 184 illustrations the volume is a visual and textual survey of both the religious paintings statuary and architecture produced in America since colonial times and the attitudes toward such art expressed by the artists the clergy and the religious press By means of a multifaceted approach that includes investigation of biographical journalistic art historical as well as religious literature a broad range of art objects and buildings are carefully placed in their social and intellectual context Part One presents the colonial backdrop both English and Spanish against which and out of which the ensuing developments in American art and religious life took shape Part Two treats nineteenth century views of art and architecture focusing on the views held by the clergy and conveyed in religious journals as well as the religious views of the artists and architects themselves In Part Three devoted to art in private and public life major issues emerge that will remain as such into the twentieth century the relation between nature and history the place of art in civil religion and the presence or absence of explicit biblical themes The fourth and entirely new portion of the book devoted to the twentieth century examines the continuities and discontinuities in style and content between nineteenth and twentieth century art in relation to spiritual and religious perceptions **Imagination in an Age of Crisis** Jason Goroncy, Rod Pattenden, 2022-06-01 This book explores the

vital role of the imagination in today's complex climates cultural environmental political racial religious spiritual intellectual etc It asks What contribution do the arts make in a world facing the impacts of globalism climate change pandemics and losses of culture What wisdom and insight and orientation for birthing hope and action in the world do the arts offer to religious faith and to theological reflection These essays poems and short reflections written by art practitioners and academics from a diversity of cultures and religious traditions demonstrate the complex cross cultural nature of this conversation examining critical questions in dialogue with various art forms and practices and offering a way of understanding how the human imagination is formed sustained employed and expanded Marked by beauty and wonder as well as incisive critique it is a unique collection that brings unexpected voices into a global conversation about imagining human futures **Anarchist, Artist, Sufi** Mark Sedgwick, 2021-04-08 This book follows the life of Ivan Agu li the artist

anarchist and esotericist notable as one of the earliest Western intellectuals to convert to Islam and to explore Sufism This book explores different aspects of his life and activities revealing each facet of Agu li's complex personality in its own right It then shows how esotericism art and anarchism finally found their fulfillment in Sufi Islam The authors analyze how Agu li's life and conversion show that Islam occupied a more central place in modern European intellectual history than is generally realized His life reflects several major modern intellectual political and cultural trends This book is an important contribution to understanding how he came to Islam the values and influences that informed his life and ultimately the role he played in

the modern Western reception of Islam **The New Age Movement and the Biblical Worldview** John P. Newport, 1998 John Newport delivers a comprehensive study of the impact of New Age beliefs on contemporary culture and on Christianity itself while also offering an effective biblical antidote to today's worldview crisis After first surveying the historical development of the New Age worldview from ancient times through important tendencies in nineteenth century America to recent Far Eastern influences Newport explores in depth eleven key areas of the New Age worldview and contrasts each area of belief with the traditional biblical worldview **What We Made** Tom Finkelpearl, 2013-01-15 What We Made presents a series of fifteen conversations in which contemporary artists who create activist participatory work discuss the cooperative process Colleagues from fields including architecture art history urban planning and new media join the conversations

What is Painting?: New Edition (Revised Edition) Julian Bell, 2017-12-12 Julian Bell's incisive fully updated study of modern art and the nature of painting which daringly tries to explain it Yes but is it art This lucid book by Julian Bell himself a painter confronts the uncertainty many people feel about art today and challenges generally accepted ideas Now in a completely revised second edition What is Painting is a fresh focused look at painting Bell addresses questions such as does anything unite those objects we call paintings and what factors have changed the nature of painting over the last two centuries by looking at historical evidence and reasoning from common experience The current shape of painting pushes the book's arguments in new directions and a substantial new chapter The Arts and Art speaks to the interplay between 2D work 3D work and the immateriality of digital imagery The text has been revised paragraph by paragraph considering both force of presentation and historical perspective The intention is to provide a general reader's introduction to theories of painting that is not only reliably informative but stimulating and amusing to read The book is an introductory guide to art theory for everyone interested in understanding modern art or in making art themselves
