and SENATOR BOB KERREY

Spiritual Life Selected Writings Of Albert Schweitzer

George Vaillant

Spiritual Life Selected Writings Of Albert Schweitzer:

The Spiritual Life Albert Schweitzer, 1996 *Albert Schweitzer's Ethical Vision A Sourcebook* Predrag Cicovacki, 2009-02-02 Albert Schweitzer's leading philosophical idea was reverence for life good consists in maintaining and perfecting life evil in destroying and obstructing life For Schweitzer all life is sacred and ethics deals with human attitudes and behavior toward all living beings Unlike most other moral philosophers Schweitzer argues that knowledge of human nature does not lead to any unique moral theory For that reason he bases his ethics on much broader foundations articulated in his philosophy of civilization and philosophy of religion His central idea is that the material element of our civilization has become far more important than its spiritual counterpart Even organized religion has put itself in the service of politics and economics thereby losing its vitality and moral authority Schweitzer's ethics of reverence for life argues Predrag Cicovacki offers a viable alternative at a time when traditional ethical theories are found inadequate Collecting fifteen of Schweitzer's most effective essays this volume serves as a compelling introduction to this remarkable thinker **Albert Schweitzer's Reverence for Life** Mike W. Martin, 2016-03-23 Albert Schweitzer philosopher physician Nobel Peace Laureate theologian and musician developed a character oriented ethics focused on self realization nature centered spirituality and moral idealism which anticipated the current renaissance of virtue ethics Schweitzer's idea of reverence for life underscores the contribution of moral ideals to self realization connects ethics to spirituality without religious dogma and outlines a pioneering environmental ethics that bridges the gap between valuing life in its unity and valuing individual organisms In this book Mike W Martin interprets Schweitzer's reverence for life as an umbrella virtue drawing together all the more specific virtues in particular authenticity love compassion gratitude justice and peace loving each of which Martin discusses in an individual chapter Martin's treatment of his subject is sympathetic yet critical and for the first time clearly places Schweitzer's environmental ethics within the wider framework of his ethical theory *Albert Schweitzer's Reverence for Life* Walt Martin, Magda Ott, 2017-07-13 Acclaim for this book Deluxe color version His Holiness The Dalai Lama exceptionally important Dr Albert Schweitzer's philosophy focusing on reverence for life and campaign against nuclear weapons that naturally flows from it remain sources of great inspiration today Dr Jane Goodall DBE founder Jane Goodall Institute UN Messenger of Peace Turn to this beautiful book for inspiration for hope for renewed faith in your own ability to make a difference for people animals and the human community I can't think of a better way to spend time than this wonderful book Mikhail Gorbachev The book Albert Schweitzer Reverence for Life can not be more timely It is not just a tribute to one of mankind's Giants of Human Spirit it is also a tocsin that appeals to our conscience **The Restoration of Albert Schweitzer's Ethical Vision** Predrag Cicovacki, 2012-05-03 Argues for the continuing relevance of Albert Schweitzer's thought especially of his overarching theme of Reverence for Life **Spiritual Evolution** George Vaillant, 2009-06-09 In our current era of holy terror passionate faith has come to seem like a present danger Writers such as Richard Dawkins Sam

Harris and Christopher Hitchens have been happy to throw the baby out with the bathwater and declare that the danger is in religion itself. God, Hitchens writes, is not great. But man, according to George E. Vaillant M.D., is great. In *Spiritual Evolution*, Dr. Vaillant lays out a brilliant defense not of organized religion but of man's inherent spirituality. Our spirituality, he shows, resides in our uniquely human brain design and in our innate capacity for emotions like love, hope, joy, forgiveness, and compassion, which are selected for by evolution and located in a different part of the brain than dogmatic religious belief. Evolution has made us spiritual creatures over time, he argues, and we are destined to become even more so. Spiritual Evolution makes the scientific case for spirituality as a positive force in human evolution, and he predicts for our species an even more loving future. Vaillant traces this positive force in three different kinds of evolution: the natural selection of genes over millennia, of course, but also the cultural evolution within recorded history of ideas about the value of human life and the development of spirituality within the lifetime of each individual. For thirty-five years, Dr. Vaillant directed Harvard's famous longitudinal study of adult development, which has followed hundreds of men over seven decades of life. The study has yielded important insights into human spirituality, and Dr. Vaillant has drawn on these and on a range of psychological research, behavioral studies, and neuroscience, and on history, anecdote, and quotation to produce a book that is at once a work of scientific argument and a lyrical meditation on what it means to be human. *Spiritual Evolution* is a life's work, and it will restore our belief in faith as an essential human striving.

The Nobel Peace Prize and the Laureates Irwin Abrams, 2001
Presents brief biographical portraits of the 106 recipients of the Nobel Peace Prize during its 100-year history.

Spiritualities of Life Paul Heelas, 2009-01-21
This insightful and provocative journey through spiritual landscapes explores the ways in which spiritualities of life have been experienced and understood in Western society and argues that today's myriad forms of holistic spirituality are helping us to find balance in face of the stifling demands of twenty-first-century living. An enlightening book which explores the ways in which spirituality has been experienced and valued in Western society. Traces the development of modern spirituality from the origins of Romanticism in the eighteenth century through to the counter-cultural sixties and on to the wellbeing culture of today. Explores the belief that modern spirituality is merely an extension of capitalism in which people consume spirituality without giving anything back. Contends that much of the wide range of popular mind-body-spirit practices are really an ethically charged force for the good, helping us to find balance in the demands of twenty-first-century living. Written by an acknowledged world leader working in the field. Completes a trilogy of books including *The Spiritual Revolution* 2005 with Linda Woodhead and *The New Age Movement* 1996 charting the rise and influence of spirituality today.

[Albert Schweitzer](#) Albert Schweitzer, 2005
Selected writings of Albert Schweitzer, the Nobel Peace Prize winner, ordained pastor, musician, and expert on Bach, and author of a seminal work on Jesus.

Introduction to Transpersonal Psychology Paul F. Cunningham, Ph.D., 2021-12-28
Introduction to Transpersonal Psychology: Bridging Spirit and Science provides an accessible and engaging introduction to this complex and

evolving field Adopting a modular approach the book systematically relates key themes of Transpersonal Psychology to three major areas within psychology general psychology experimental psychology and clinical psychology Covering a wide range of topics including transpersonal states of consciousness biological foundations research methods and cognition the book also features extensive discussion of transpersonal theorists and the impact of their work on our understanding of psychological concepts The book also introduces contemporary developments in the field and anticipates future advances such as feminist perspectives and cross cultural approaches alongside practical experiments designed to give transpersonal theories and concepts psychological roots A critical evaluation of both mainstream and transpersonal theories and research is applied throughout to foster analytical skills and encourage critical and scientific thinking about humanity's nature as spiritual creatures and ways to educate for personal and social transformation Accompanied by an online instructor's manual this book will be an essential companion for all students of Transpersonal or Humanistic Psychology or those interested in applying transpersonal ideas to mainstream psychological research PHYSICIAN OF THE SOUL Renate zum

Tobel, 2005-08-22 I devoted years to the study of the teachings of one of the world's great humanitarians the medical missionary theologian philosopher organist and Nobel Peace Prize winner Dr Albert Schweitzer 1875-1965 I thought about his life and pondered over his statements such as When you portray me it should be not as the doctor who ministered to the sick It is my philosophy of Reverence for Life that I consider my primary contribution to the world and Will we be able again to entertain and exercise ideals which transform reality This is the question before us today I found that his words are as valid today as when he spoke them Physician of the Soul I used letters I had addressed the Man of the Century Albert Schweitzer I used this format as a process to describe the changes in consciousness occurring as I proceed with my quest for growth truth and understanding I describe my childhood and my experience of marriage and divorce to my mentor and teacher who had become my ideal of what a human being is capable of becoming I address the subjects of meditation reincarnation karma intuition responsibility purpose and how they relate to our destiny By pressing beyond the limitations of thoughts often born of doubt ignorance and fear I discovered that I am a soul growing through every experience Life is the journey leading us to the path not only of self discovery but a journey of remembrances I talk to my teacher about the truth I discovered that life itself is my teacher Looking at myself has been the most painful and at the same time the most liberating experience of my life I also found that comparison to someone else causes pain suffering and unhappiness I present the reader with the opportunity to undertake his or her own courageous journey towards liberation and self healing as Know Thyself becomes the quest *African Biblical Studies* Andrew M. Mbuvi, 2022-09-22 Andrew M Mbuvi makes the case for African biblical studies as a vibrant and important emerging distinct discipline while also using its postcolonial optic to critique biblical studies for its continued underlying racially and imperialistically motivated tendencies Mbuvi argues that the emergence of biblical studies as a discipline in the West coincides with and benefits from the establishment of the colonial

project that included African colonization At the heart of the colonial project was the Bible not only as ferried by missionaries who often espoused racialized views to convert heathens in the distant lands but as the text used in the racialized justification of the colonial violence Interpretive approaches established within these racist and colonialist matrices continue to dominate the discipline perpetuating racialized interpretive methodology and frameworks On these grounds Mbuvi makes the case that the continued marginalization of non western approaches is a reflection of the continuing colonialist structure and presuppositions in the discipline of biblical studies African Biblical Studies not only exposes and critiques these persistent oppressive and subjugating tendencies but showcases how African postcolonial methodologies and studies that prioritize readings from the perspective of the marginalized and oppressed offer an alternative framework for the discipline These readings while destabilizing and undermining the predominantly white Euro American approaches and their ingrained prejudices and problematizing the biblical text itself posit the need for biblical interpretation that is anti colonial and anti racist

Pathways to Relationship Robert F. Morneau, 2009 Well known author Robert F Morneau helps readers to focus on their relationships to others and thereby build up a better society He offers a month worth of daily reflections on simplicity gentleness humility and friendship Each week opens with a song or hymn followed by passages for meditation from a variety of poets novelists philosophers and theologians Each day s entry concludes with a question and short prayer In the words of Raissa Maritain Tomorrow will bring a good morning if today we strive to live virtuously Morneau provides reflections on a diverse range of authors including Henri Nouwen Francis de Sales Mohandas Gandhi Thomas Merton Thomas Keating Jessica Powers Evelyn Underhill Albert Schweitzer and many others

Workplace Spirituality Yochanan Altman, Judi Neal, Wolfgang Mayrhofer, 2022-01-19 Workplace spirituality is an emerging field of study and practice and this book asks the questions Where have we been in the last ten years as a field and where should we be headed in the next ten years The editors asked these questions of thought leaders from around the globe leaders who represent different sectors faith traditions worldviews and organizational functions This volume represents the best of current thinking about the state of the field of workplace spirituality and of what the future holds There are four themes 1 management themes such as leadership ethics change management and diversity 2 workplace spirituality in sectors such as health and wellbeing policing and creative industries 3 key issues that are emerging such as self spirituality mindfulness storytelling and the importance of nature and 4 cutting edge epistemologies and methodologies including indigenous studies relational ontology ethnography and psychodynamics These articles were chosen to provoke new thinking new research and new practice in the field of workplace spirituality with the goal of helping the field mature in the next decade

Reverence for Life Revisited David A. Valone, 2009-10-02 This book is the product of a conference held by the Albert Schweitzer Institute at Quinnipiac University in 2005 The conference re examined the life and work of Albert Schweitzer particularly his idea of Reverence for Life and assessed the relevance of his ideas for the twenty first century The essays in this book represent various perspectives on

Schweitzer's life and works including reminiscences from individuals who worked with or were directly influenced by Schweitzer's life including Jane Goodall who was the keynote speaker at the conference philosophical examinations of Schweitzer's ideas in light of present concerns and practical applications of Schweitzer's ideas to current problems in global issues including arms control medical ethics education and state building The essays represent perspectives drawn from individuals of diverse backgrounds from undergraduate students to professional academics as well as those engaged in diplomacy wildlife conservation and health care and from the United States Europe Latin America and Africa A

Voluptuous God Robert V. Thompson, 2007 Voluptuous may not be a common word associated with God but the author speaks metaphorically of God in a way that calls us to laughter love and joy voluptuousness as full delight and invites us to worship a God of intimacy rather than a God of distance The light yet not trivial tone of this work supports the author's basic premise that we are meant to live our humanity joyfully thankfully and fully from our hearts The book is rooted in the Christian tradition but affirms that truth can also be found in other religions spirituality and secular practices *The Wisdom of Birch, Oak, and Yew* Penny Billington, 2025-08-05 Tune into the wisdom of three trees sacred to Druids birch oak and yew and use their powerful lessons and natural gifts to transform your life Written by a Druid with more than twenty years of practical experience The Wisdom of Birch Oak and Yew will guide you through a one of a kind journey of magical self discovery Its unique invitation change your perspective by being as a tree and consider yourself in light of the qualities of our arboreal friends Engage with the spirit of each tree and explore its relationship to the stages of your life and the rhythm of your days Experience within yourself each tree's positive attributes gain perspective by taking on each tree's role as witness and find respite from the frenetic pace of modern life Praise Wise inspiring and entertaining this is a profoundly practical book about nature's magic and how it supports our personal development I warmly recommend it Dr William Bloom author of *The Power of Modern Spirituality* A very fine book on the deep magic of the trees Penny Billington shows us how these trees function as guides and initiators teachers and friends and along the way gives us a first rate introduction to working with the energies of the land to promote healing and new life Ian Rees Psychotherapist Trainer and Program Director of the Annwn Foundation

U-Turn Bruce Grierson, 2008-12-01 In this impressively researched and incisive book Bruce Grierson draws on over three hundred stories of so called U turners who have risked their livelihoods to answer a sudden wake up call We meet people who change political parties and careers doctors who quit to become poets men who become women people who suddenly become revolutionaries for a cause they didn't care about the day before In chapters that address everything from the neuroscience behind epiphanies to the possibility of forcing a U turn Grierson brilliantly describes and elucidates this powerful mysterious phenomenon and in doing so illuminates all of our continual struggles with life choices and identity

Psychosis in the Family Janet C. Love, 2018-03-29 This is a book written not just by a professional transpersonal psychotherapist but by someone who has walked the heart rending path and experienced the psychological trauma of loving

someone in psychosis psychosis which still remains the greatest taboo in society today together with its implicit diagnosis of a lifelong sentence of medication and no cure It is in the main a personal and moving narrative of a mother looking to help her son avoid such a lifelong sentence of medication whilst trying to research holistic resources and alternative approaches for treatment at the same time as negotiating the vagaries of the current mental health system It is often a tale of despair and frustration yet also gives a compassionate voice Transpersonal and transgenerational psychotherapeutic insights back up the personal narrative It includes an accessible inquiry into how unconscious forces influence our mind our bodies and the entire family system Its hypothesis is that if we cannot understand our own unconscious responses how can we understand those of our loved ones in psychotic episodes

Reverence for Life Albert Schweitzer, 2014-12-02 This little gem of a book shares the Nobel laureate's profound insights on ethics ecology human rights and more Jane Goodall The theologian and humanitarian Albert Schweitzer dedicated his life to the betterment of mankind In 1952 he was awarded the Nobel Prize for his philosophy of Reverence for Life and for the many ways he put that philosophy into action This volume gathers together his thoughts on this profound and deeply influential concept Based on a fundamental respect and compassion for all living things Schweitzer's philosophy sought to reconcile the conflicting drives of egoism and altruism He applied this ethical perspective to a host of topics from war and peace to arts animal rights and forming a global community Reverence for Life draws on Schweitzer's diverse writings across decades including excerpts from previously unpublished letters to John F Kennedy Norman Cousins Bertrand Russell and others A foreword by former US Ambassador Roger Gamble an introduction by the editor Harold E Robles and a brief biographical sketch of Schweitzer's life round out this essential volume
