Smotherman,2010-06-27 Natural Man has a void in his life which if he cannot fill with the spirit of God he fills with his emotions which will cause him to project negative acts In comparing the views of Man s make up with Pajet Maslow and other psychological theories there is a comparison between their theories and God s creation of man s mind Man is shown why he has to become the Spiritual Man how man understands the Trinity God Jesus the Holy Spirit and Satan and how these each have forces that are a part of man Man cannot control these forces without help from God nor can he understand what makes him act in any way if he does not understand why he was created and his obligation to other men It shows man has a choice      **Understanding the Struggle Between Natural Man Vs. Spiritual Man** Robert Childress,2018-02-05 This book offers a pace of hope and rest toward the struggling soul a rest that struggles not in a comfort zone to willfully sin but a rest from the battle to bring peace to the soul It is my prayer that the reader will be inspired encouraged and challenged to find rest in Christ now and in eternity      **The Church of the Beyond, vol 5: The Spiritual Man** Benjamin Hoogterp,2012-02-02 Then said they unto him What shall we do that we might work the works of God Jesus answered and said unto them This is the work of God that ye believe on him whom he hath sent John 6 28 29 Sometimes the most natural seeming things are the most Spiritual for of a truth there is nothing done in the natural that does not affect the spirit of a man and everything else all around As a single decision in Paradise caused the fall

so every thought every act and every work whether of the Spirit of God or of the flesh touches Eternity because man was Created by Spirit and the flesh shall pass away Whatsoever we do unto the least of these we do unto Him If we walk by His Spirit we will not be gratifying the desires of the flesh For as we sow to the Spirit we reap life but if to the flesh we will die This is the Word we have heard from the beginning that God is light and in Him is no darkness at all He is the light and apart from Him we can do nothing As His Word is in our heart and we choose His Spirit in preference to our own life a new things comes forth The true man Jesus Christ shines through and His life is made manifest in our own What we will become has not yet been made known but when we see Him we shall be like Him for this is the promise of all that follow after Him Eye has not seen nor ear heard but it has been revealed by His Spirit     The Yoga Sutras Of Patanjali - The Book Of The Spiritual Man (Annotated Edition) Patanjali, Swami Vivekananda,2012 This edition includes an extensive preface by Swami Vivekananda the chief disciple of the 19th century mystic Ramakrishna Paramahansa and the founder of the Ramakrishna Math and the Ramakrishna Mission He gives the reader deep insights about Yoga and the Ultimate Goal in Life The Yoga Sutras of Patanjali are in themselves exceedingly brief yet they contain the essence of practical wisdom set forth in admirable order and detail The theme if the present interpreter be right is the great regeneration the birth of the spiritual from the psychical man the same theme which Paul so wisely and eloquently set forth in writing to his disciples in Corinth the theme of all mystics in all lands We think of ourselves as living a purely physical life in these material bodies of ours In reality we have gone far indeed from pure physical life for ages our life has been psychical we have been centred and immersed in the psychic nature Some of the schools of India say that the psychic nature is as it were a looking glass wherein are mirrored the things seen by the physical eyes and heard by the physical ears But this is a magic mirror the images remain and take a certain life of their own Thus within the psychic realm of our life there grows up an imaged world wherein we dwell a world of the images of things seen and heard and therefore a world of memories a world also of hopes and desires of fears and regrets Mental life grows up among these images built on a measuring and comparing on the massing of images together into general ideas on the abstraction of new notions and images from these till a new world is built up within full of desires and hates ambition envy longing speculation curiosity self will self interest The teaching of the East is that all these are true powers overlaid by false desires that though in manifestation psychical they are in essence spiritual that the psychical man is the veil and prophecy of the spiritual man     The Spiritual Man Watchman Nee,1927     *Peaceable Disquisitions, which treat of the natural and spiritual man ... in some Animadversions on a discourse writ against Dr Owens Book of the Holy Spirit [by W. Clagett].* John Humfrey,1678     *Spirit Man* ,1999-10 From his childhood Steiner already possessed the ability to perceive the supersensible to see the reality of the spiritual world with the same clarity and certainty as he saw the physical As he matured he felt a profound need to bring a discipline to his supersensible discoveries to develop a methodology equal to what the natural science of his day demanded While earning degrees in mathematics physics and

chemistry at the Technical University in Vienna he began developing an approach to a systematic research of psychological and spiritual phenomena His doctoral thesis Truth and Knowledge was followed in 1894 by The Philosophy of Freedom a seminal work in which Steiner established a firm foundation for a science of the supersensible Most of us I believe view our day to day world through the perspective sliver of a single lifetime Some may view it from the wider window provided by written or oral history while still others may approach their reality through the broader boundaries defined by archeology My guess though is that few view their personal world through the cosmic expanse that encompasses the beginning and end of time If you are new to what Steiner presented to the world in his books essays and hundreds of lectures on the nature of humanity be prepared to make stupendous leaps to the far distant past and far distant future and into completely different dimensions of being And though you may find the material ponderous or hard to accept you can be sure that it will not leave you unaffected You may find instead that the mundane in the world begins to reveal the miraculous
