T. Johnson Raih, 2021-10-06 The spiritual decay of nominalism threatens the established church worldwide While spiritual lethargy is often addressed from the perspective of theology and discipleship little attention has been given to the role of homiletics in revitalizing a congregation's spiritual health In this study Dr Johnson Raih explores the impact of preaching on members of Baptist churches in Imphal Manipur India from 2000 to 2015 He utilizes interviews and questionnaires from pastors church leaders and lay members to assess the presence of nominalism within church congregations along with the effects of various preaching methods on increasing or decreasing spiritual vitality Combining this qualitative research with scriptural and theological insight Raih suggests that expository preaching has the power to confront and even eradicate nominalism within the church He draws on biblical examples along with the methodology of John Stott and Timothy Keller to offer ten practical recommendations for countering nominalism homiletically whether in Imphal India or around the world Pentecostal Prophets Stephen D. Barkley, 2023-04-20 Prophets come in many varieties ecstatic worshipers inspired preachers social justice advocates and even political pundits Their messages vary accordingly The purpose of this book is to dig beneath the message to understand the how How do modern day prophets experience the prophetic impulse The phenomenological study at the core of this book answers that question directly by examining the experience of Canadian Pentecostals From there the experience of modern day prophets is compared with Old Testament prophets with special attention given to Jeremiah It turns out that prophets

today share in the same experience as their Old Testament predecessors This book can benefit three audiences For the academy this work provides the first phenomenological study of prophecy in Canada For pastors reading this book will be an exercise in empathy placing you in the shoes of the prophets in your congregation helping you to understand what goes on when someone prophesies For everyday prophets this book will affirm your connection through Jesus to the Old Testament prophetic tradition enabling you to read those Old Testament books in a new experiential light The Conflict of Truth Frederick Hugh Capron,1902 **Divine Influence, Or, The Operation of the Holy Spirit Traced from the Creation of Man to the Consummation of All Things** Thomas Tregenna Biddulph,1824 Workplace Spirituality Yochanan Altman,Judi Neal,Wolfgang Mayrhofer,2022-01-19 Workplace spirituality is an emerging field of study and practice and this book asks the questions Where have we been in the last ten years as a field and where should we be headed in the next ten years The editors asked these questions of thought leaders from around the globe leaders who represent different sectors faith traditions worldviews and organizational functions This volume represents the best of current thinking about the state of the field of workplace spirituality and of what the future holds There are four themes 1 management themes such as leadership ethics change management and diversity 2 workplace spirituality in sectors such as health and wellbeing policing and creative industries 3 key issues that are emerging such as self spirituality mindfulness storytelling and the importance of nature and 4 cutting edge epistemologies and methodologies including indigenous studies relational ontology ethnography and psychodynamics These articles were chosen to provoke new thinking new research and new practice in the field of workplace spirituality with the goal of helping the field mature in the next decade Handbook of Workplace Spirituality and Organizational Performance Giacalone,2015-05-18 An explanation of how and why the economic downturn of 2007 became the Great Recession of 2008 and 2009 It explores the root causes of the cycle of boom and bust of the economy It describes social equity in terms of its arguments and claims in political economic and social circumstances **Positive Spirituality in Health Care** Frederic C. Tides of Opportunity Sadiri Joy Tira,Damples Dulcero-Baclagon,Lorajoy Tira-Dimangondayao,2024-05-21 Hope and Hospitality for Migrating People Never

have so many people left their homes and migrated to other parts of the world as we've seen in recent years. This phenomenon creates as many opportunities as challenges. We are witnessing a massive increase in urbanization, pluralization, multiculturalism, and interfaith dialogue. What are the implications for the church as it tries to reach the nations? Tides of Opportunity brings together experts from diverse backgrounds to consider the practical significance of this mass migration. The reasons for these population movements are as varied as the people. Sadiri Joy Tira explores several causes like military conflict, economic hardship, and natural disasters. The contributors not only explain such trends but suggest possible ways to engage with diaspora neighbors. Through case studies, this volume also examines lesser-known dynamics such as sex trafficking and the movement of immigrants to rural areas. This book challenges us to find more creative and integrated mission strategies for effectively reaching out to the various peoples on the move with the gospel. How will you respond to the tides of opportunity?

Ethics in the Age of the Spirit Howard N. Kenyon, 2019-10-29. What causes us as a people of faith to think and act the way we think and act? Are we motivated by whatever is most practical by a particular understanding of Scripture, by the influence of the culture around us, or by something more profound? On the premise that Pentecostalism does have much to contribute to the study of ethics, this book explores how one group, the American Assemblies of God, has wrestled with issues of racism, women in ministry, and Christian involvement in war. In the process, readers are invited to examine the connection or disconnect between what we believe and how we live out our faith.
