Many of the great mystics and sages in history have told us that their spiritual realizations began in childhood. Gandhi, Albert Einstein, and Abraham Lincoln are just a few famous figures who have reported these events. Based on more than five years of interviews, this book combines startling firsthand accounts of secret spiritual lives, including recollections from adults who have forgotten or repressed such experiences in childhood. The author explains how parents, educators, and therapists can recognize, identify, and nurture children's deep spiritual connections. The book is divided into ten chapters treating the phenomena of wisdom, wonder, and visions, including guiding parents along the spiritual path, building a curriculum, and learning from children. **The Spirit of the Child** David Hay, 2006-01-19 David Hay argues for the inclusion of spiritual awareness as a cross-curricular element in the school syllabus to promote the development of morality and social cohesion. This stimulating book will encourage educators, parents, and others involved in teaching children to consider new approaches to foster children's natural spiritual development. Joining Children on the Spiritual Journey Catherine Stonehouse, 1998-03-01

Understanding how a child's faith forms is crucial to knowing how adults can most significantly enhance the child's spiritual development. This book provides parents, teachers, and Christian education leaders with valuable insights into spiritual formation during childhood. With a biblical perspective as a starting point and a recognition of the crucial role of both the family and the faith community, Stonehouse reviews important contributions from noted child development experts: Erik Erikson, Jean Piaget, Lawrence Kohlberg, and James Fowler. This overview gives insight into the processes of psychosocial, cognitive, and moral development in children and adolescents. Stonehouse concludes with solid guidelines for designing children's ministries. By carefully setting the stage through liturgy, sacred stories, and parables, Christian educators can help children meet with God. Quiet times of godly play, carefully adapted to the age level of the child, enable adults to join with children on the journey toward deeper intimacy with God. *Children's Spirituality* Donald Ratcliff, 2004

Here, the development of the concept of God is considered, as well as how parents and children work together to construct understandings of spirituality. A third section reflects upon the spirituality of children in the church.
