## **Spiritual Light:**

Spiritual Light Randy Delp, 2010-12-21 Randy Delp presents his spiritual light theory from the teachings of Jesus and from first century church literature that has been lost until recent archeological findings in the Middle East. The theory suggests that all physical substances that presently exist came from God and were created through His spiritual light. This spiritual light can be fully examined in the spiritual realm but without spiritual senses we do not have the capability to see, hear, taste, touch, or smell the essence of that light. God is called the Father of Lights. His kingdom is a kingdom of light. His sons are children of light. This book explores the creation and how it came into being. It also pronounces how God's kingdom of light can be manifested and demonstrated in the physical realm through our obedience to divine authority and our proper responses to life's situations. Finally, Randy Delp explains how the culmination of time and the Messianic return will reinstitute a manifested spiritual light where once again we will experience the spiritual realm as Adam and Eve did at creation.

Raising the Spiritual Light Quotient David K. Miller, 2011-04-25 The concept of raising the spiritual light quotient is similar to the intelligence quotient used in modern psychology, the IQ test. However, the spiritual light quotient is not the same as intelligence. Rather, the SLQ reflects one's ability to understand spiritual concepts, to meditate, and to connect with other dimensions. It also is a measurement of one's ability to understand the relationship between Earth and the environment of the Earth and Earth's relationship to the galaxy. Finally, it is a measurement of one's ability to understand the existence of other dimensions, as well as the relationship between the ascended masters and guides and our journey to higher realms for soul evolution. Thus, it appears necessary to look at the SLQ of a person, the SLQ of an area, and the SLQ of a planet. All of the channeling I bring forth is based on the concept of the Sacred Triangle, which is a new paradigm for spirituality. This paradigm states that in order to heal Earth and bring everything into balance, one must unite the concepts of galactic spirituality with ancient mystical thought and with the energies of native peoples, including Native Americans.
