Catholic Horror and Rhetorical Dialectics Gavin F. Hurley, 2024-06-15

Identifying an important subgenre of horror literature this book argues that Catholic horror fiction works distinctively to inspire the philosophical theological and spiritual imaginations of readers from all backgrounds and faith traditions Hurley analyzes four novels that are foundational to the genre of Catholic horror J K Huysmans's *L'Ève* 1891 Robert Hugh Benson's *The Light Invisible* 1903 and *A Mirror of Shalott* 1907 and William Peter Blatty's *The Exorcist* 1971 Putting these texts in conversation with the classical liberal arts the book shows how Catholic horror fiction coheres in a commitment to dialectical thinking that aims both to resolve and to accommodate contrasting world views Given its use of this methodology Catholic horror literature is uniquely positioned to draw readers into a contemplative mindset In presenting ghost stories tales of possession and narratives about evil Catholic horror invites audiences to confront and reflect on profound existential questions questions about the line between life and death the nature of being and the meaning of reality

Around Music As A Cosmic Energy And Its Role And Functions In The Game Plan Of Creation Discovers Music As A Spiritual Activity Also Contains Poetic Quotes Reflecting The Spirit Of Bauls Of Bengal Against the Spiritual Turn Sean Creaven,2014-04-08 The argument presented in this book is that the recent spiritual trajectory of Roy Bhaskar s work upon which he first embarked with the publication of his From East to West undermines the fundamental achievements of his earlier work The problem with Bhaskar s new philosophical system Transcendental Dialectical Critical Realism or simply Meta Reality from the critical realist Marxist perspective endorsed here is that it marks both a departure from and a negation of the earlier concerns of Bhaskar to develop a realist philosophy of science and under labour for an emancipatory materialist socio historical science The end result is a meta philosophy which is irrealist speculative under theorized internally self contradictory and which cannot provide philosophical guidance to liberatory social practices In opposition to theist ontological logics more generally including the rather more rational theism presented by Margaret Archer Andrew Collier and Doug Porpora the argument of this book is that the earth bound materialist dialectics of the classical Marxist tradition and the naturalistic humanism these dialectics under labour on the terrain of socio historical being offer a much more promising way forward for critical realist theory and for liberatory politics and ethics China's Philosophical Studies: Rediscovery Of Chinese Spiritual Essence Ruiquan Gao,Guanjun Wu,2022-02-25 China s Philosophical Studies Rediscovery of Chinese Spiritual Essence collects essential research findings of China s philosophical studies conducted by the academics at East China Normal University ECNU in recent years The book covers topics including thoughts in China s Spring and Autumn Period Chinese virtue of trust establishing morals historical studies of Chinese philosophy etc This book is the fifth volume of the WSPC ECNU Series on China This Series showcases the significant contributions to scholarship in social sciences and humanities studies about China It is jointly launched by World Scientific Publishing the most reputable English academic publisher in Asia and ECNU a top University in China with a long history of exchanges with the international academic community Dialectic of Enlightenment as Sport Tom Donovan,2015-10-01 In their Dialectic of Enlightenment Horkheimer and Adorno set out to explain why humanity instead of entering a truly human state is sinking into a new kind of barbarism Philosophy teacher Tom Donovan PhD UCRiverside offers a fresh reading of that classic text showing that it is first and foremost a critique of the metaphysical urge Describing our world of stupid consumption mindless entertainment and perverted games and relationships he notes these sorts of games have no end game as fantasy spectators never really win and yet they don t see it because they are too busy watching the other lose This is the secret of class society As long as there is someone below you then lack of reconciliation doesn t hurt so badly Citing the Super Bowl Clippers owner Donald Sterling basketball players like LeBron James plus the Kardashians mega churches and comedians like Jon Stewart Donovan gives us a new understanding of our age and how the broken threads that are today s Capitalism religion and sports contribute to unraveling the fabric of Modernity Against readings that claim that Dialectic of Enlightenment is a simple critique of

instrumental reason that ultimately undermines rationality itself Dr Donovan argues that the real critique is aimed at the metaphysical urge itself As such rationality itself is not the target of attack nor is the notion of enlightenment Taking Adorno's and Horkheimer's example of the Marquis de Sade the author observes Sade can only find pleasure in domination The fear of the outside has morphed into fear of a reconciled world fear of a world where everyone treats each other as ends in themselves A society like this can tolerate porn but not socialism a society like this won't miss the ice caps but wouldn't miss the Super Bowl a society like this lets civilization sink into barbarism so long as they can watch The Bachelor Stylistically this book attempts to rationally mimic the fragmentary nature of Dialectic of Enlightenment so that through form and content the argument of the book will emerge dialectically Readers will see that Dialectic of Enlightenment actually offers a positive conception of enlightenment and a philosophical instance of the use of dialectics The book is for readers interested in critiques of capitalism and religion and sports in America as well as Marxism and Critical Theory It will intrigue academics interested in the Frankfurt School and the idea of the Metaphysical Urge

Hearing God's Voice: Towards a Theology of Contemporary Pentecostal Revelatory Experience Tania M. Harris, 2023-09-25 The revelatory experience or in common parlance hearing God's voice is prized by Pentecostal Charismatic Christians for its contribution to spirituality yet remains one of the most problematic areas of church life Theological tensions and pastoral fallout have plagued the experience since the time of the New Testament Drawing on the tools of practical theology this book presents the findings of a unique and ground breaking study among Australian Pentecostals With a theological framework modelled on New Testament practice and undergirded by the accountability of the local church many of the problems associated with revelatory experience can be addressed and the experience fully harnessed for kingdom purpose
