Ways of Imperfection Simon Tugwell,1985 Spirituality has to do with a whole Christian vision of life not simply with methods of prayer or contemplation The author approaches the subject through the idea of imperfection tracing this theme through a series of spiritual writers from different periods of Christian history These are penetrating and illuminating studies which show how from the start and throughout its history the Christian vision is not one for an elite but for everyone sinners all The religion of the Cross is the religion of failure turned to account creatively

Growing Young Leaders Donald Smith,2025-02-14 This book fills in gaps in research on leadership development programs for youth through taking the opportunity to research a long standing leadership development program for young men that has evidenced some success The research question was What factors contribute to the apparent success of the Boys Brigade leadership program Using a grounded theory methodology the program was examined through the lenses of communitas liminality servant leadership masculine spirituality rites of passage and wilderness Research findings are that program is characterized by its uniqueness and the final theory that emerged identified the importance for youth ministry of acceptance imperfection and freedom and empowerment within an overarching spiritual dimension evidenced throughout the study most remarkably through the positive response to worship Staff factors were also critical including the description of the staff team as being multi generational non hierarchical and servant led not placing a high value on differentiation of status and allowing a seamless transition of course graduates into staff roles

Meditations for Mediocre Mystics Tom Stella, 2023-01-27 The term mediocre mystics seems a fitting way to refer to those who yearn for the nameless but do not qualify as full blown mystics I realize that because there is nothing middling about mystics mediocre mystics may appear to be an oxymoron but the root meaning of mediocre is not second rate From the Latin *mediocris* the word means moderate or

ordinary and has been used figuratively to refer to one who is halfway up a mountain Unlike ordinary folks sainted mystics have reached the mountaintop they are on a first name basis with the nameless But just because we haven't arrived at the heights just because our lives unfold in the valley of ordinary everyday life doesn't mean that we cannot or do not experience the desire that has fueled the mystic's climb All my life my heart has yearned for a thing I cannot name Andre Breton All my life I have experienced the yearning to which French writer and poet Andr Breton refers For me that yearning is composed in part of a subtle discontent a quiet feeling that something is missing despite the fact that nothing is missing Significant relationships meaningful work as well as material and monetary security have never been enough to satisfy the desire for that which I cannot name I know I'm not alone in my discontent or my longing for the nameless for mystics of every spiritual and religious tradition have spoken of their desire for and experience of union with a spiritual entity that is as real as it is surreal I am not claiming that just because I share their yearning I consider myself a mystic but neither do I believe that the term mystic is entirely inappropriate for those of us who might glimpse briefly what certified or canonized mystics have been blinded by Light, Love, Light, Shalom Steven Steinberg,2011-11-11 **Buddies Share Their Spiritual Journeys** John Pratt Bingham,2025-03-25 Sixteen older men were asked to describe their spiritual journeys while on a retreat They responded by opening their souls and speaking with rare honesty courage and vulnerability The candor of the men revealed a tapestry of beliefs most were Christian though some attended church and others did not One was Jewish while others identified as spiritual agnostic or atheist The retreat provided a forum where the men presented authentic accounts of how their spiritual journeys unfolded in a secular society The men shared how they apply their spiritual values to daily life speaking of inner world challenges such as dealing with imperfections doubts and fears and outer world experiences like suffering child abuse the war in Vietnam and alcoholism This deep sharing created a deeper bond among the men a connection characterized by respect and empathy Buddies is a deeply personal and engaging collection of stories each written to paraphrase John of the Cross with no other light or guide than the one which burns in their heart **Spiritual Awareness** Larry E. Maugel,2021-11-17 Excited about life Or do the events of each day flow into an unending sea of gray Are the sunny days too few and the cloudy days ever threatening Is there a spring to your step and a twinkle of teasing in your eyes Does a smile grace your lips and hope shape your vision The search for a better life an abundant life seems to be humanity's ever constant quest Spiritual Awareness introduces one to the joy of discovery It is a discovery of the spiritual currents that flow within the present moments of the here and now Amidst life's ebb and flow like the rising and falling tide they are currents that form dynamic movements of spiritual realities For the skeptic it provides a vision of a reality that can be experienced beyond the crust of conventional culture For the searcher it reveals the mystery of beauty and wonder that lead to spiritual dimensions of worship For those who suffer it reveals the reality of a healing grace as spiritual insight reshapes the pain and suffering consecrates it and offers it as a humble sacrifice unto the Lord in so doing discovering God's

great mercy and comfort for the soul Spiritual Awareness is an effort to combat the dullness and superficiality of our age It seeks to probe more deeply into the mysteries that lie within the events of the common place by becoming increasingly aware of the presence and availability of the spiritual life This awareness leads to an authentic life worth living only because it is steeped deeply in the greatest of all realities This is true awakening All profits are intended to be given to charitable causes

Devenish, 2024-10-24 This volume offers Christian spiritual instructors a language for the soul uncovered from the storehouses of Christianity's ancient living spiritual tradition That language describes the deep soul movements that unfold in the interior life of believers in response to the Divine invitation It presents an accessible language of the soul for use in today's professional educational ministerial and everyday life situations The end product is an experiential dictionary comprised of sixty word concepts which name and explore the inward human reactions to the whispering of God's Spirit Those reactions result from inward desires that lead to the embrace of faith the quest for consecration and the journey of discipleship Nurturing these intra personal choices and commitments is the central task of Christian ministry but many faith instructors remain unaware of these critical inner life processes More than other resources available today this experiential dictionary informs enriches and intensifies the spiritual journeys of genuine disciples and seekers The volume is tailored for seminaries churches schools and community settings It has application to the training of ministry leaders the instruction of believers and in supporting the growing number of secular mystics who are open to merging their journeys of self discovery with the quest for Christ discovery

The Fundamentalist Mind Stephen Larsen, 2014-05-27 We are all fundamentalists whether we acknowledge it or

not We were born into a world of myth and metaphor and have come to internalize the stories we were told as children as the literal interpretations of much greater and deeply symbolic lessons When we fall into such patterns according to author and psychotherapist Stephen Larsen we lose all flexibility and freedom of thought We become split by dualistic thinking bad versus good black versus white and are weighted down by definitive concretistic principles and behaviors that alienate us from one another Dr Larsen explains that we can avoid such pitfalls by identifying our inner fundamentalist and becoming more open minded individuals
