Splintering Of Spain New Historical Perspectives On The Spanish Civil War 1936 1939

Helena Buffery, Elisenda Marcer

Splintering Of Spain New Historical Perspectives On The Spanish Civil War 1936 1939:

Interrogating Francoism Helen Graham, 2016-08-25 Helen Graham here brings together leading historians of international renown to examine 20th century Spain in light of Franco's dictatorship and its legacy. *Interrogating Francoism* uses a three part structure to look at the old regime, the civil war, and the forging of Francoism: the nature of Franco's dictatorship and the history wars that have since taken place over his legacy. Social, political, economic, and cultural historical approaches are integrated throughout, and top down political analysis is incorporated along with bottom up social perspectives. The book places Spain and Francoism in comparative European context and explores the relationship between the historical debates and present day political and ideological controversies in Spain. In part a tribute to Paul Preston, the foremost historian of contemporary Spain today, *Interrogating Francoism* includes an interview with Professor Preston and a comprehensive bibliography of his work as well as extensive further readings in English. It is a crucial volume for all students of 20th century Spain.

The Splintering of Spain Chris Ealham, Michael Richards, 2005-09-15 This 2005 book explores the ideas and culture surrounding the cataclysmic civil war that engulfed Spain from 1936 to 1939. It features specially commissioned articles from leading historians in Spain, Britain, and the US which examine the complex interaction of national and local factors contributing to the shape and course of the war. They argue that the splintering of Spain resulted from the myriad cultural cleavages of society in the 1930s that are investigated here at both local and national levels. Thus, this book tends to see the civil war less as a single great conflict between two easily identifiable sets of ideas, social classes, or ways of life than historians have previously done. The Spanish tragedy at the level of everyday life was shaped by many tensions, both those that were formally political and those that were to do with people's perceptions and understanding of the society around them.

Ours to Master and to Own Dario Azzellini, Immanuel Ness, 2011-07-05 From the dawning of the industrial epoch, wage earners have organized themselves into unions, fought bitter strikes, and gone so far as to challenge the very premises of the system by creating institutions of democratic self management aimed at controlling production without bosses. With specific examples drawn from every corner of the globe and every period of modern history, this pathbreaking volume comprehensively traces this often underappreciated historical tradition. Ripe with lessons drawn from historical and contemporary struggles for workers' control, *Ours to Master and to Own* is essential reading for those struggling to create a new world from the ashes of the old. Immanuel Ness is professor of political science at Brooklyn College, City University of New York, and edits *WorkingUSA*. Dario Azzellini is a writer, documentary director, and political scientist at Johannes Kepler University in Linz.

Living Anarchism Chris Ealham, 2015-12-14 Magnificent Paul Preston, author of *The Spanish Holocaust*, Brickmaker by Trade: Revolutionary Anarchist and Historian by Default, this is a study of the life of Jos Peirats, 1908-1989, and the labor union that gave him life, the CNT. It is the biography of an individual but also of a collective agent, the working class. Peirats was born into and the affective ties of kinship, friendship, and community that cemented into a movement, the most

powerful of its type in the world Chris Ealham is the author of *Anarchism and the City Revolution and Counter revolution in Barcelona 1898 1937*

Historical Dictionary of the Spanish Civil War Francisco J. Romero Salvadó, 2013-03-14 The tragedy that devastated Spain for 33 months from July 1936 to April 1939 was first and foremost a brutal fratricidal conflict the product of the fatal clash between diametrically opposed views of Spain and an attempt to settle crucial issues which had divided Spaniards for generations agrarian reform recognition of the identity of the historical regions Catalonia the Basque Country and the roles of the Catholic Church and the armed forces in a modern state Being a war between Spaniards it was particularly brutal but it was also part of the broader move toward war in Europe and thus sucked in many volunteers from abroad And it left a deep imprint since General Francisco Franco remained at the helm of the country until his death in 1975 The Historical Dictionary of the Spanish Civil war covers the history of the war first through a long chronology which highlights the major steps from the incubation to the conclusion The overall situation is summed up in the introduction Then the dictionary section fleshes it out with over 600 entries on persons places events institutions battles and campaigns More reading can be found in an extensive bibliography This book is an excellent access point for students researchers and anyone wanting to know more about the Spanish Civil War

Transatlantic Anarchism during the Spanish Civil War and Revolution, 1936-1939 Morris Brodie, 2020-04-08 Between 1936 and 1939 the Spanish Civil War showcased anarchism to the world News of the revolution in Spain energised a moribund international anarchist movement and activists from across the globe flocked to Spain to fight against fascism and build the revolution behind the front lines Those that stayed at home set up groups and newspapers to send money weapons and solidarity to their Spanish comrades This book charts this little known phenomenon through a transnational case study of anarchists from Britain Ireland and the United States using a thematic approach to place their efforts in the wider context of the civil war the anarchist movement and the international left

Historical Dictionary of the Catalans Helena Buffery, Elisenda Marcer, 2010-12-18 In this reference Buffery and Marcer cover all of the areas historically inhabited by the Catalan people These are in order of size and population Catalonia which accounts for over half of the population of the Catalan speaking areas Valencia with over a third the Balearic Islands with just under 8 percent and the Catalunya Nord the Principality of Andorra and the Catalan speaking areas within Aragon Murcia and Alghero The Historical Dictionary of the Catalans deals not only with the people who live in Catalonia but with the language and culture of the Catalan countries as well This is done through a chronology an introductory essay a bibliography and over 600 cross referenced dictionary entries on significant persons places events institutions and aspects of culture society economy and politics

The CNT in the Spanish Revolution José Peirats, 2001 This third volume outlines the history and role of the anarcho syndicalist Labour Union in this Spanish Revolution and Civil War 1936 1939

Memory, War, and Dictatorship in Recent Spanish Fiction by Women Sarah Leggott, 2015-06-10 *Memory War and Dictatorship in Recent Spanish Fiction by Women* analyzes five novels by women writers that present women's experiences during and after the

Spanish Civil War and Franco dictatorship highlighting the struggles of female protagonists of different ages to confront an unresolved individual and collective past. It discusses the different narrative models and strategies used in these works and the ways in which they engage with their political and historical context particularly in the light of campaigns for the so-called recovery of historical memory in Spain, the memory boom and in the broader context of memory and trauma studies. The novels that are examined in this book are Dulce Chacón's *La voz dormida* (2002), Rosa Regés's *Luna lunera* (1999), Josefina Aldecoa's *La fuerza del destino* (1997), Carme Riera's *La mitad del alma* (2005) and Almudena Grandes's *El corazón helado* (2007). These works all highlight the multiple nature of memories and histories and demonstrate the complex ways in which the past impacts on the present. This book also considers the extent to which the memories represented in these five novels are inflected by gender and informed by the gender politics of twentieth-century and contemporary Spain.

Spain Carsten Humlebæk, 2014-12-18. Part of the successful *Inventing the Nation* history series, this book provides an authoritative and compelling history of Spain in the modern period. Humlebæk places a strong emphasis on the construction of the Spanish national identity and looks at how this identity has emerged and survived amidst the tensions created by the competing distinct regional identities that exist within the country. Language and language policy are decisive factors in the development of these tensions and are thoroughly examined as Carsten Humlebæk explores the history of Spain along with the very nature of what it is to be Spanish. Beginning with the Napoleonic invasion and the annexation of Spain in 1808, Humlebæk traces Spain's political history through to the present day. He considers the impact of events like the Spanish Civil War and regimes like that of the Restoration on the Spanish sense of national identity before contemplating the future for Spain as a nation-state. This book is the ideal volume for all students of history interested in the modern history of Spain.

Modern Spain Enrique Ávila López, 2015-12-07. Fulfilling the need for English source material on contemporary Spain, this book supplies readers with an in-depth interdisciplinary guide to the country of Spain and its intricate, diverse culture. Far from a usual reference book, *Modern Spain* takes the reader through the country's history, economy and politics as well as topics that address Spain's popular culture such as food, sports and sexuality. Because of the interdisciplinary nature of its content, this book differs from the average typical English manuals that very rarely cover in depth the whole array of interesting issues that define Spain in the 21st century. The vast amount of information makes this book the perfect companion for any reader wishing to learn more about Spain. Packed with current facts and statistics, this book offers an unbiased view of a modern country, making it an ideal source for undergraduate students and scholars.

Enduring Controversies in Military History Spencer C. Tucker, 2017-09-21. This provocative examination of major controversies in military history enables readers to learn how scholars approach controversial topics and provides a model for students in the study and discussion of other historical events. Why did Alexander the Great's empire fall apart so soon after his death? How did France win the Hundred Years War despite England winning its major battles? Was slavery the primary cause of the American Civil War? Would it have benefited

the Allies militarily to have gone to war against Germany in 1938 rather than in 1939 Should women be allowed to serve in combat positions in the U S military All of these questions and many other historical controversies are addressed in this thought provoking reference book By exploring every angle of some of the most contentious debates involving military history this book builds students critical thinking skills by supplying a complete background of the controversial topic to provide context and also by providing multiple perspective essays written by top scholars in the field The perspective essays present arguments for different positions on the controversy Readers will consider the cases for and against whether Hannibal should have marched on Rome after his momentous victory at Cannae whether the United States was justified in using the atomic bomb in Japan whether Adolf Hitler was primarily responsible for the Holocaust and whether torturing prisoners during the War on Terror is warranted among many other historical military debates

The Bloomsbury Handbook of the Spanish Civil War Antonio Cazorla-Sanchez, Alison Ribeiro de Menezes, Adrian Shubert, 2023-11-30 In 25 innovative thematic essays The Bloomsbury Handbook of the Spanish Civil War sees an interdisciplinary team of scholars examine a conflict that more than 80 years after its conclusion continues to generate both scholarly and public controversy Split into four main sections covering Military and Diplomatic Issues Society and Culture Politics and Debates the volume offers a number of unique features It is unprecedented in its comprehensiveness and includes chapters on topics that are rarely if ever explored in the literature of the field humanitarianism children and families material conditions the decimation of elites archives and sources archaeological approaches digital approaches public history and cultural studies approaches Instead of discussing each of the two warring sides Republicans and Francoists separately as is so often the case the book s thematic structure means that these opposing forces are examined together facilitating comparison and fresh understanding in numerous areas of study Contributors from the UK the USA Canada Spain and Denmark also analyse the major controversies and disputes surrounding each topic as part of a detailed exploration of one of the seminal events of the 20th century

Revolutionary Marxism in Spain, 1930-1937 Alan Sennett, 2014-07-03 Revolutionary Marxism in Spain 1930 1937 examines the impact of Trotsky s political thought upon those Spanish communists who dissented from the general line laid down by Moscow It explores the political ideas of leading POUM figures Andreu Nin and Joaquin Maurin and their complex relationship with Trotsky The contention is that the POUM owed far more to Trotsky than many of the party s historians care to admit Drawing heavily upon Spanish sources the book seeks to present and explain the POUM s political ideas in order to understand why the party adopted the positions it did The author engages with broader scholarly debates around the role of the POUM in the Spanish Civil War and Revolution especially those surrounding the Popular Front

Catalan Cartoons Rhiannon McGlade, 2016-02-15 First ever English language book on 20th century cartooning and humour production in Catalonia Offers both broad history as well as close analysis of cartoon examples of the time Engages with academic debates on the power of humour humour and identity and applies them to the Catalan context Offers

contextualisation of the Catalan cartooning tradition within a broader socio political context of Catalonia and Spain *The Victorious Counterrevolution* Michael Seidman, 2011-02-24 This groundbreaking history of the Spanish Civil War 1936-39 examines for the first time in any language how General Francisco Franco and his Nationalist forces managed state finance and economic production and mobilized support from elites and middle class Spaniards to achieve their eventual victory over Spanish Republicans and the revolutionary left The Spanish Nationalists are exceptional among counter revolutionary movements of the twentieth century Michael Seidman demonstrates because they avoided the inflation and shortages of food and military supplies that stymied not only their Republican adversaries but also their counter revolutionary counterparts the Russian Whites and Chinese Nationalists He documents how Franco's highly repressive and tightly controlled regime produced food for troops and civilians regular pay for soldiers farmers and factory workers and protection of property rights for both large and small landowners These factors combined with the Nationalists pro Catholic and anti Jewish propaganda reinforced solidarity in the Nationalist zone Seidman concludes that unlike the victorious Spanish Nationalists the Russian and Chinese bourgeoisie were weakened by the economic and social upheaval of the two world wars and succumbed in each case to the surging revolutionary left *The Roots and Consequences of Civil Wars and Revolutions* Spencer C. Tucker, 2017-02-16 This book treats 30 important civil wars and revolutions across the world including Africa Asia the Americas Europe and the Middle East covering a broad swath of recorded history from ancient times to the present Human history as a whole results from social changes technological advances and evolutions in thinking and religion all of which often lead to wars and conflicts Behind each major war are myriad interrelated causes This book examines 30 of the most significant civil wars and revolutions in recorded history from ancient times to the modern era identifying the origins consequences and subtle impacts of many of these conflicts that are still being felt today A comprehensive overview essay as well as explanations of the causes and consequences of each conflict give readers the context needed to understand the importance of these seminal events Additional learning tools include a detailed timeline that sets all of the key events in the conflict in the proper context maps of several of the key battles that help readers visualize the strategies of both sides and a lengthy bibliography that offers a wealth of options to students looking to investigate any of the conflicts further [The July Revolution](#) Leopoldo Bonafulla, 2021-07-21 The Tragic Week in Spain which took place in July 1909 began as anti conscription riots but soon evolved into a widespread uprising attacking the pillars of Spanish society Church and State It is known today mostly for its most famous martyr Francisco Ferrer the radical educator and founder of the Modern School who was executed by the Spanish army But Ferrer was only one of hundreds of people who died that week in a brutal crackdown on anarchists and other radicals Thousands were indicted by military courts including at least fifty who received life sentences In The July Revolution the full story of these events is told for the first time in English by an astute newspaper editor and eye witness to the events In a lively translation by Slava Faybysh and with a detailed historical Introduction by James Michael Yeoman the

notorious week is given its historical due and situated in its proper context of Spain's imperial ambitions and the revolutionary stirrings that were precursors to the Spanish Civil War Mass Killings and Violence in Spain, 1936-1952 Peter Anderson, Miguel Ángel del Arco Blanco, 2014-09-19 Historians have only recently established the scale of the violence carried out by the supporters of General Franco during and after the Spanish Civil War of 1936-1939. An estimated 88,000 unidentified victims of Francoist violence remain to be exhumed from mass graves and given a dignified burial and for decades the history of these victims has also been buried. This volume brings together a range of Spanish and British specialists who offer an original and challenging overview of this violence. Contributors not only examine the mass killings and incarcerations but also carefully consider how the repression carried out in the government zone during the Civil War long misrepresented in Francoist accounts seeped into everyday life. A final section explores ways of facing Spain's recent violent past.

The Crucible of Francoism Ángel Alcalde, Foster Chamberlin, Francisco J. Leira-Castiñeira, 2021-10-01 The July 1936 coup d'état against the Spanish Second Republic brought together a diversity of anti-Republican political and social groups under the leadership of rebel Africanist military officers. In the ensuing Civil War this coalition gradually came under the rule of Generalissimo Franco. This volume explores the hypothesis that the violence and combat experiences of the war were the fundamental ideological crucible for the Francoist regime. The rebels were a group of reactionary and anti-liberal forces with little ideological or political coherence but they emerged from the conflict not only victorious but ideologically united under the dictator's power. Key to understanding this transition are the different political cultures of the rebel army, how the combatants' war experiences contributed to the transformation of diverse rebel groups and the role of foreign armed intervention. The contributors examine not only the endogenous Spanish political and military cultures of the Francoist coalition but also the transnational influence of foreign groups. The roots of Francoist political culture are found in the Falangist and Carlist militias and Civil Guard units that lent their support to the military rebellion. The war experiences of conscripts, colonial troops and junior officers forged the Francoist ideology. It was reinforced by fascist influences and assistance from Germany and Italy and the lesser known contributions of Swiss and White Russian volunteers. At the beginning of the conflict the rebel side was not homogeneous. But it weaved together a complex transnational web of political and military interests in the midst of a bloody and destructive war transforming itself in the process to a political and dictatorial platform that was to rule Spain for many years.

Thank you categorically much for downloading **Splintering Of Spain New Historical Perspectives On The Spanish Civil War 1936 1939**. Maybe you have knowledge that, people have look numerous period for their favorite books subsequent to this Splintering Of Spain New Historical Perspectives On The Spanish Civil War 1936 1939, but stop in the works in harmful downloads.

Rather than enjoying a fine PDF once a cup of coffee in the afternoon, then again they juggled taking into consideration some harmful virus inside their computer. **Splintering Of Spain New Historical Perspectives On The Spanish Civil War 1936 1939** is understandable in our digital library an online admission to it is set as public hence you can download it instantly. Splintering Of Spain New Historical Perspectives On The Spanish Civil War 1936 1939 Introduction

In the digital age, access to information has become easier than ever before. The ability to download Splintering Of Spain New Historical Perspectives On The Spanish Civil War 1936 1939 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Splintering Of Spain New Historical Perspectives On The Spanish Civil War 1936 1939 has opened up a world of possibilities. Downloading Splintering Of Spain New Historical Perspectives On The Spanish Civil War 1936 1939 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Splintering Of Spain New

Historical Perspectives On The Spanish Civil War 1936 1939 has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Splintering Of Spain New Historical Perspectives On The Spanish Civil War 1936 1939. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Splintering Of Spain New Historical Perspectives On The Spanish Civil War 1936 1939. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Splintering Of Spain New Historical Perspectives On The Spanish Civil War 1936 1939, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Splintering Of Spain New Historical Perspectives On The Spanish Civil War 1936 1939 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Splintering Of Spain New Historical Perspectives On The Spanish Civil War 1936 1939 Books

1. Where can I buy Splintering Of Spain New Historical Perspectives On The Spanish Civil War 1936 1939 books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback:

Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
