American Angler ,2006      **Casting into Mystery** Robert Reid, 2020-01-08 Every time I leave the world of work family and community to wade into a river with fly rod in hand I enter a sacred space that sometimes finds expression in the written word In *Casting into Mystery* writer Robert Reid and wood engraver Wesley W Bates avid anglers both put ink to paper in homage to the venerable sport of fly fishing Through text and image they recall with fondness the company of rivers each is grateful to know providing a glimpse inside a sporting culture teeming with literature art and music Part memoir part objet d art and part field guide *Casting into Mystery* will delight passionate fly fishing practitioners and armchair anglers alike

**Charles Kuralt's America** Charles Kuralt, 1996-09-01 Since 1967 when he set off in a battered motor home to explore America and talk to its people Charles Kuralt has been one of our premier chroniclers a man who has helped us to see our country in a way we never had before Though he retired from CBS News in 1994 he never retired from his wanderings I keep thinking I will find something wonderful just around the bend he explains and so he set out again to revisit some of his favorite places in their favorite seasons to rediscover slices of America that have always been closest to his heart And with the warmth and humor and uncommon insight that have always been his hallmarks he shows them to us now from Montana in autumn Alaska in summer Cajun country in winter and the North Carolina mountains in spring Kuralt takes readers on a beautiful adventure through a wide swath of American terrain Filled with people stories and experiences suffused by a poet's love of language Charles Kuralt's *America* is a celebration of the spirit and flavor of this vast varied land A honey of a book a celebration of life in America *Richmond Times Dispatch* Written with the same simple grace that made Kuralt such a rarity on TV USA Today      Trout Ernest George Schwiebert, 1984      **Forthcoming Books** Rose Arny, 2002      **The American Angler** ,1883      Michigan Out-of-doors ,2004      *Fishing Guide* ,2003      **My Angling Friends** Fred Mather, 1901

Campbell, 1892      Casting a Spell George Black, 2009-03-12 Thirty five million Americans one in eight like to go fishing Fly fishers have always considered themselves the aristocracy of the sport and a small number of those devotees a few thousand at most insist upon using one device in the pursuit of their obsession a handcrafted split bamboo fly rod Meeting this demand for perfection are the inheritors of a splendid art one that reveres tradition while flouting obvious economic sense and reaches back through time to touch the hands of such figures as Theodore Roosevelt and Henry David Thoreau In *Casting a Spell* George Black introduces readers to rapt artisans and the ultimate talismans of their uncompromising fascination handmade bamboo fly rods But this narrative is more than a story of obscure objects of

desire It opens a new vista onto a century and a half of modern American cultural history With bold strokes and deft touches Black explains how the ingenuity of craftsmen created a singular implement of leisure and how geopolitics economics technology and outrageous twists of fortune have all come to focus on the exquisitely crafted bamboo rod We discover that the pastime of fly fishing intersects with a mind boggling variety of cultural trends including conspicuous consumption environmentalism industrialization and even cold war diplomacy Black takes us around the world from the hidden trout streams of western Maine to a remote valley in Guangdong Province China where grows the singular species of bamboo known as tea stick the very stuff of a superior fly rod He introduces us to the men who created the tools and techniques for crafting exceptional rods and those who continue to carry the torch in the pursuit of the sublime Never far from the surface are such overarching themes as the tension between mass production and individual excellence and the evolving ways American society has defined experienced and expressed its relationship to the land Fly fishing may seem a rarefied pursuit and making fly rods might be a quixotic occupation but this rich fascinating narrative exposes the soul of an authentic part of America and the great significance of little things George Black s latest expedition into a hidden corner of our culture is an utterly enchanting illuminating and enlightening experience      **Mid Atlantic Fly Fishing Guide** ,2002
