The Spoilage Dorothy Swaine Thomas, Richard Shigeaki Nishimoto, Nishimoto Richard, 2010-06-11 During World War II 110 000 citizens and resident aliens of Japanese ancestry were banished from their homes and confined behind barbed wire for two and a half years No more blatant violation of civil rights has ever been decreed by an American president yet so strong were the currents of bigotry and war time hysteria that effective political opposition was impossible However a group of University of California social scientists sensing the enormity of the outrage organized in 1942 to record and analyze the causes legal and social consequences and long term effects of the detention program The Spoilage one of a series of books which resulted analyzes the experiences of that part of the detained group some 18 000 in total whose response was to renounce America as a homeland it shows the steps by which these disloyal citizens were inexorably pushed toward the disaster of denationalization Essentially the result of years of research by participant observers of Japanese ancestry it is a factual record of enduring value to the student of America s troubled ethnic relations The Spoilage Dorothy Swaine Thomas, Richard S. Order 9066 which called for the exclusion of potentially dangerous groups from military zones along the West Coast the federal government placed Japanese Americans in makeshift prisons throughout the country In addition to working on day to day operations of the camps Japanese Americans were coerced into harvesting crops digging irrigation ditches paving roads and building barracks for little to no compensation and often at the behest of privately run businesses all in the name of national security How did the U S government use incarceration to address labor demands during World War II and how did imprisoned Japanese Americans respond to the stripping of not only their civil rights but their labor rights as well Using a variety of archives and collected oral histories Japanese American Incarceration uncovers the startling answers to these questions Stephanie Hinnershitz s timely study connects the government s exploitation of imprisoned Japanese Americans to the history of prison labor in the United States Nisei Soldiers Break Their Silence Linda Tamura, 2012-12-15 Nisei Soldiers Break Their Silence is a compelling story of courage community endurance and reparation It shares the experiences of Japanese Americans Nisei who served in the U.S. Army during World War II fighting on the front lines in Italy and France serving as linguists in the South Pacific and working as cooks and medics The soldiers were from Hood River Oregon where their families were landowners and fruit growers Town leaders including veterans groups attempted to prevent their return after the war and stripped their names from the local war memorial All of the soldiers were American citizens but their parents were Japanese immigrants and had been imprisoned in camps as a consequence of Executive Order 9066 The racist homecoming that the Hood River Japanese American soldiers received was decried across the nation Linda Tamura who grew up in Hood River and whose father was a veteran of the war conducted extensive oral histories with the veterans their families and members of the community She had access to hundreds of recently uncovered letters and documents from private files of a local veterans group that led the campaign against the Japanese American soldiers This book also includes the little known story of local Nisei veterans who spent 40 years appealing their convictions for insubordination Watch the book trailer http www youtube com watch v hHMcFdmixLk **Personal Justice Denied: Report** United States.
