Wright, 2017 The Spiritual Lives of Young African Americans examines the role of spirituality in adolescent development and the ways that youth negotiate their world and offers a vision of life for young people who are too often surrounded by death **The King Has Spoken Through the Power of Poetry** Linda Hughes, 2019-10-02 My name is Linda Hughes and I am a blessed author who resides in Lorain Ohio I have been writing for many years I truly believe that it is my purpose and a passion that was gifted by God to go forth and spread the good news of our Heavenly Father's love My goal is to inspire all I assure you this powerful book of God's beauty will keep you in awe For a Second Chance Romance With the Lord Second Chance Romance When God gives you another chance to be in his loving arms like a baby wrapped in a blanket Do everything you can do to let go and let God enter into your life heart Sometimes we don't realize what a privilege it is to have a second chance romance with our Savior Jesus Christ How awesome it is to tell you personally some of the experiences I have had to see feel and breath the beauty of our almighty King's love which has and still is leaving me yearning to want more of His agape love **A History of Ottoman Poetry** Elias John Wilkinson Gibb, 1902 *Spiritual Democracy* Steven B. Herrmann, 2014-10-14 Exploring what the author calls the shaman poets Walt Whitman Herman Melville and Emily Dickinson this book demonstrates how far ahead of their times these writers were in forecasting developments of our current time It was Whitman who first wrote of Spiritual Democracy as a vision of transformation and global equality Steven Herrmann delves deep into the visionary expressions of this idea of Spiritual Democracy the realization of the oneness of humanity with the universe and all its forces in these early American writers showing the influence the groundbreaking work of the geologist and thinker Alexander Von Humboldt had on Whitman and others Writing that every member of the global community regardless of color gender or sexual orientation can realize these freedoms the author explores how one can tap into the vitalizing source of equalizing vocational energy to bring a sense of purpose and peace Although the book shines as a work of literary criticism the author's insights as a Jungian psychotherapist take the reader ever deeper into the creative impulses of Whitman Melville Dickinson and other poets in their crafting of the seminal notion of Spiritual Democracy In addition Herrmann offers practical methodologies for personal and global transformation in the section Ten Ways to Practice Spiritual Democracy Table of Contents Visions of Spiritual Democracy Introduction 1 Cosmos 2 Spiritual Democracy as a Science of God 3 From Humboldt to Jung 4 Jung on Spiritual Democracy 5 Healing the National Complex 6 Whitman's New Bible The Foundation of a Religious Vision 7 Walt Whitman's Global Vision 8 The Bi Erotic as Transcendent Sexuality 9 Shamanism and Spiritual Democracy A Post Humboldtian Notion of the Cosmos 10 Whitman as a Preserver of the Psychic Integrity of the Community 11 Moby Dick The Evolution of a New Myth for our Times 12 Herman Melville The Quest for Yillah 13 Towards a Hypothesis of the Bi erotic

Barker,2020-02-06 In Trauma in 20th Century Multicultural American Poetry Jamie D Barker argues that by using literary trauma theory in conjunction with a reader response approach readers can gain a better understanding of how poetry can work towards building community and encouraging empowerment over oppression by establishing collectives of people who may share similar stories and experiences connected to trauma Rather than demonstrating how the poetry may fail or trying to establish what traumatic events the speaker or poet in some studies may have encountered and the significance thereof this study focuses on how the reader may find community with the ideas represented within the poem The poetry of various ethnicities are examined including African American poets Amiri Baraka and Lucille Clifton Native American poets Robin Coffee Linda Hogan and Peter Blue Cloud as well as Japanese American poets Mitsuye Yamada Keiho Soga and Lawson Fusao Inada Although many of these poets have had their poems examined in the past none have been explored through this type of approach Furthermore very few studies have expanded upon the ideas of literary trauma theory by using reader response and no writings have examined the idea of ambivalence in poetry as this study does *The Poets and Poetry of America* Rufus Wilmot Griswold,1843 **Poetry and prose for 'the pearl of days': or, Stories for sabbath hours** Edgar Mould,1876 **Monthly Entries for the Spiritual but not Religious through the Year** Mark G. Boyer,2022-08-30 This is a book about spirituality for the spiritual but not religious Those who identify themselves as spiritual but not religious make up one quarter of the population in the United States This book provides 189 monthly entries based on the national and international celebrations that occur every month Each entry begins with the name of the occasion and the date when it is marked during the month A text from the Bible a US public law a presidential proclamation a United Nations declaration etc that illustrates the day is presented The text is followed by a reflection which gleans the spirituality from the text and provides historical background on the day being celebrated Journal meditation questions follow the reflection and a prayer concludes the entry This book is for the spiritual but not religious a practice of spirituality that does not regard organized religion as a valuable means to further interior spiritual growth A section of the introduction to the book explores who the spiritual but not religious are and presents the common themes that surface from research about them Unlocking the Poetry of W. B. Yeats Daniel Tompsett,2018-06-13 *Unlocking the Poetry of W B Yeats* undertakes a thorough re reading of Yeats oeuvre as an extended meditation on the image and theme of the heart as it is evident within the poetry It places the heart at the centre of a complex web of Yeatsian preoccupations and associations from the biographical to the poetic and philosophical to the mythological and mystical In particular the book seeks to unlock Yeats mystifying aesthetic vision via his understanding of the ancient Egyptian Weighing

of the Heart ceremony The work provides a chronological narrative arc that looks to use the theme of the heart as it recurs in the poetry in order to circumvent and overcome more established frameworks Its purpose is to offer refreshing ways of conceptualizing and building alternatives to more deeply entrenched but not entirely satisfactory arguments that have been offered since Yeats death in 1939 while demonstrating the centrality of the occult to Yeats art *Thru the Bible Vol. 16: Poetry (Job)* J. Vernon McGee,1995-08-19 Radio messages from J Vernon McGee delighted and enthralled listeners for years with simple straightforward language and clear understanding of the Scripture Now enjoy his personable yet scholarly style in a 60 volume set of commentaries that takes you from Genesis to Revelation with new understanding and insight Each volume includes introductory sections detailed outlines and a thorough paragraph by paragraph discussion of the text A great choice for pastors and even better choice for the average Bible reader and student Very affordable in a size that can go anywhere it s available as a complete 60 volume series in Old Testament or New Testament sets or individually **SPIRIT, RHYTHM, and STORY** Terence Elliott,2019-04-10 Urban communities throughout the United States and the world are in a phase of rebuilding whether it is economically socially spirituality or culturally It is important in these times that diverse communities retain values that distinguish them and celebrate those cultural traditions In the work to build community it will be valuable to learn how songs can help unite people toward change This text will provide information on histories of songs and their role effect and impact on community building efforts toward health and cultural healing *A Spiritual Journey Through Poetry with Marion Woods* Marion Woods,2009-07 Maybe once or twice in our lives God grants us the high honor of meeting someone special someone who walks so closely with Christ that for the moment we are sure that we are walking and talking with our Savior That is what happened when many years ago God allowed my path to cross that of Marion Woods From that first encounter like so many others I knew that Marion was someone very special His love of God his passion and compassion for God s children were so clearly evident and contagious From then on I have treasured each moment God has given us together I urge our mission team members to lean in close to drink in every word Marion has to share with us Likewise I spend every free moment sitting as close as I can drinking in every bit of wisdom every ounce of inspiration and every drop of laughter God grants us these rare gems only so often and I thank God for the gift of Marion Woods Pull up a chair sip a cup of Costa Rican coffee and be prepared to feel God s presence as Marion takes you on a walk with the Savior Rev Jimmy Towson Metter Ga FUMC *Poetry Through the Years* Doris W. Maritain,2022-02-22 The French philosopher's treatise on the nature of art and poetry includes enlightening critiques of major painters and dialogues with notable writers Originally published in 1935 with the title *Frontières de la Poésie* this work by Jacques Maritain explores the nature and subjectivity of art and poetry As a philosopher Maritain attempts to define the two concepts describing them as virtuous being primarily concerned with beauty Rather than focusing on aesthetic theory Maritain examines his ideas at a more tangible level including a discussion of how art and poetry are produced Art and Poetry further develops the principles established in Maritain's earlier work *Art and Scholasticism* which has deeply influenced contemporary artists Those concepts are employed here to illuminate the creative works of such diverse artists as Georges Rouault Marc Chagall Gino Severini and Arthur Louri Maritain also relates fascinating dialogues with notable authors such as André Gide Jean Cocteau and others

Selected Poetry and Prose of Edmond Holmes

John Howlett,2016-05-23 This book represents the first scholarly gathering together of the long neglected poetry of the School Inspector educationalist and philosopher Edmond Holmes 1850-1936 Alongside a generous selection from Holmes's six volumes of poetry there is also a full reproduction of Holmes's essay *What is Poetry* which served to delineate his thinking on the discipline Supporting these original works is both a lengthy scholarly introduction and extensive endnotes which serve to locate Holmes's poetry not merely within the context of its time and amongst his own contemporaries but also to make a case for the importance of this body of work in its own right particularly in its promulgation of original and innovative ideas Holmes's poetry represents a particularly unique combination of traditional verse form coupled with innovative and esoteric subject matter often drawing upon Eastern Buddhist philosophy as well as Western Romanticism and Pantheism and so deserves to be more widely recognized as being wholly distinctive within the canon of Victorian and Modern poetry
