The Hard Sell:

The Hard Sell Evan Hughes, 2023-01-19 A tour de force Patrick Radden Keefe author of *Empire of Pain* From the doctor's office to the opioid crisis *The Hard Sell* is the story of a pharmaceutical company that got Americans hooked on fentanyl and how it was finally held to account Now a Netflix Original Movie *Pain Hustlers* starring Emily Blunt and Chris Evans In the early 2000s John Kapoor had already amassed a small fortune in pharmaceuticals when he founded Insys Therapeutics A boom time for painkillers he had developed a novel formulation of fentanyl the most potent opioid on the market Kapoor a brilliant scientist with relentless business instincts was eager to make the most of his innovation But there was a problem the drug was approved only for cancer patients in dire condition So he recruited an avaricious team who employed a variety of deceptive techniques from falsifying patient records to deceiving insurance companies Insys became a Wall Street sensation That is until insiders reached their breaking point and blew the whistle sparking a sprawling investigation in the government's fight to hold the drug industry accountable in the spread of addictive opioids With colourful characters and true suspense *The Hard Sell* lays bare the pharma playbook Evan Hughes offers a bracing look not just at Insys but at how opioids are sold at the point they first enter the national bloodstream in the doctor's office

Hard Sell Peter Ikeler, 2016-08-03 Along with fast food workers retail workers are capturing the attention of the public and the media with the Fight for 15 Like fast food workers retail workers are underpaid and fewer than 5 percent of them belong to unions In *Hard Sell* Peter Ikeler traces the low wage largely nonunion character of U S retail through the history and ultimate failure of twentieth century retail unionism He asks pivotal questions about twenty first century capitalism Does the nature of retail work make collective action unlikely Can working conditions improve in the absence of a union Is worker consciousness changing in ways that might encourage or further inhibit organizing Ikeler conducted interviews at New York City locations of two iconic department stores Macy's and Target Much of the book's narrative unfolds from the perspectives of these workers in America's most unequal city When he speaks to workers Ikeler finds that the Macy's organization displays an adversarial relationship between workers and managers and that Target is infused with a teamwork message that enfolds both parties Macy's workers identify more with their jobs and are more opposed to management yet Target workers show greater solidarity Both groups however are largely unhappy with the pay and precariousness of their jobs Combined with workplace generated feelings of unity and resistance these grievances provide promising inroads to organizing that could help take the struggle against inequality beyond symbolic action to real economic power
