Ross Calvin Ron Hamm,2016-04-10 Many people love the American Southwest without truly understanding it Ross Randall Calvin did and we are the richer for it Calvin began his search as a pilgrim health seeker believing he had left the known world behind when he fled the East for New Mexico There he soon found to our benefit that he could use his observational skills and intellect to fashion a picture that helped him and us comprehend those unique factors that make New Mexico what it is its history people culture climate and so much more Those lessons learned he shared with us His books and essays can open our eyes to New Mexico if we but heed them Calvin s story as discoverer and interpreter unfolds in rich detail in this essential work *Lords of the Plain* Max Crawford,1997-01-01 The U S 2nd Cavalry rolls into Texas in the 1870s with orders to keep the peace and persuade the fierce Comanches to move quietly onto the reservation *Guide to Life and Literature of the Southwest, with a Few Observations* J. Frank Dobie,2022-09-15 This guide book is a bibliography of books about the American West by various authors compiled by the literary critic J Franck Dobie The list is subdivided along themes associated with the different aspects of life in the West such as Native American culture Spanish influences French influences Texas Rangers Missionaries Women pioneers and Mountain men culture among others Each aspect is preceded by a brief discussion of the topic before the list of books themed on the subject Money for Nothing Sir Pelham Grenville Wodehouse,1952-01-01 The picturesque village of Rudge in the Vale dozed in the summer sunshine Along its narrow High Street the only signs of life visible were a cat stropping its backbone against the Jubilee Watering Trough some flies doing deep breathing exercises on the hot window sills and a little group of serious thinkers who propped up against the wall of the Carmody Arms were waiting for that establishment to open At no time is there ever much doing in Rudge s main thoroughfare but the hour at which a stranger entering it is least likely to suffer the illusion that he has strayed into Broadway Piccadilly or the Rue de Rivoli is at two o clock on a warm afternoon in July You will find Rudge in the Vale if you search carefully in that pleasant section of rural England where the gray stone of Gloucestershire gives place to Worcestershire s old red brick Quiet in fact almost unconscious it nestles beside the tiny river Skirme and lets the world go by somnolently content with its Norman church its eleven public houses its Pop to quote the Automobile Guide of 3 541 and its only effort in the direction of modern progress the emporium of Chas Bywater Chemist Chas Bywater is a live wire He takes no afternoon siesta but works while others sleep Rudge as a whole is inclined after luncheon to go into the back room put a handkerchief over its face and take things easy for a bit But not Chas Bywater At the moment at which this story begins he was all bustle and activity and had just finished selling to Colonel Meredith Wyvern a bottle of Brophy s Paramount Elixir said to be good for gnat bites Having concluded his purchase Colonel Wyvern would have preferred to leave but Mr Bywater was a man who liked to sweeten trade with pleasant conversation Moreover this was the first time the Colonel had been inside his shop since that sensational affair up at the Hall two weeks ago and Chas Bywater who held the unofficial position

of chief gossip monger to the village was aching to get to the bottom of that. With the bare outline of the story he was of course familiar. Rudge Hall seat of the Carmody family for so many generations contained in its fine old park a number of trees which had been planted somewhere about the reign of Queen Elizabeth. This meant that every now and then one of them would be found to have become a wobbly menace to the passer by so that experts had to be sent for to reduce it with a charge of dynamite to a harmless stump. Well two weeks ago it seems they had blown up one of the Hall's Elizabethan oaks and as near as a toucher Rudge learned had blown up Colonel Wyvern and Mr Carmody with it. The two friends had come walking by just as the expert set fire to the tree and had had a very narrow escape. Thus far the story was common property in the village and had been discussed nightly in the eleven tap rooms of its eleven public houses. But Chas Bywater with his trained nose for news and that sixth sense which had so often enabled him to ferret out the story behind the story when things happen in the upper world of the nobility and gentry could not help feeling that there was more in it than this. He decided to give his customer the opportunity of confiding in him.
