

"Let the Radicals cease their brawl about a solid South. She is solid, thank God! She was solid for JERRY DAVIS in 1848, and we will be solid for HANCOCK in 1880."—J. C. HANCOCK.

"You may depend upon it, sir, that, 'Yank' or no 'Yank,' if elected, the old boys of the South will see that HANCOCK does the fair thing by them. In other words, he will run the machine to suit them, or they will run the thing themselves. They are not going to be played with any longer."—ROBERT TOOMBS.

Resnick, 2012-09-07 A systematic comparison of the 3 major economic theories neoclassical Keynesian and Marxian showing how they differ and why these differences matter in shaping economic theory and practice *Contending Economic Theories* offers a unique comparative treatment of the three main theories in economics as it is taught today neoclassical Keynesian and Marxian Each is developed and discussed in its own chapter yet also differentiated from and compared to the other two theories The authors identify each theory's starting point its goals and foci and its internal logic They connect their comparative theory analysis to the larger policy issues that divide the rival camps of theorists around such central issues as the role government should play in the economy and the class structure of production stressing the different analytical policy and social decisions that flow from each theory's
