Campaign 2010 Nicholas Jones,2011-10-31 In the run up to the general election of May 2010 it was universally acknowledged that whatever the outcome this vote would start a fresh chapter in British political history But no one anticipated just how fresh that chapter would be Twists and turns made it an election like no other David Cameron launched the Tories poster campaign with an unblemished photograph of himself and it became the most parodied image of the election Nick Clegg went into the first of the leaders television debates derided as The Other One and emerged as a major player with I agree with Nick the campaign s unlikely catchphrase Mrs Gillian Duffy went out to buy a loaf of bread in Rochdale and happened to encounter Gordon Brown with disastrous consequences for the Labour cause But none of the soap opera of the weeks leading up to 6 May could match the drama of the days following the election s inconclusive result the positioning the posturing the negotiating and the bargaining which eventually saw David Cameron moving into 10 Downing Street in a coalition government with the Liberal Democrats A fresh chapter in political history and a fresh level of political theatre incisively described by Nicholas Jones **Editorials on File** ,1997 *Annual Index* ,2000 **Unlocking Africa's Business Potential** Landry Signe,2020-04-07 Africa welcomes business investment and offers some of the world s highest returns and impacts Africa has tremendous economic potential and offers rewarding opportunities for global businesses looking for new markets and long term investments with favorable returns Africa has been one of the world s fastest growing regions over the past decade and by 2030 will be home to nearly 1.7 billion people and an estimated 6.7 trillion worth of consumer and business spending Increased political stability in recent years and improving regional integration are making market access easier and business expansion will generate jobs for women and youth who represent the vast majority of the population Current economic growth and poverty alleviation efforts mean that more than 43 percent of the continent s people will reach middle or upper class status by 2030 Unlocking Africa s Business Potential examines business opportunities in the
