*Sixteen Months at the Gold Diggings* Daniel B. Woods, 1973-01-01      **The Far Western Frontier 1830-1860**, 1956

*The Gold Crusades* Douglas Fetherling, 1997-12-15 Among the hordes of starry eyed argonauts who flocked to the California gold rush of 1849 was an Australian named Edward Hargraves He left America empty handed only to find gold in his own backyard The result was the great Australian rush of the 1850s which also attracted participants from around the world A South African named P J Marais was one of them Marais too returned home in defeat only to set in motion the diamond and gold rushes that transformed southern Africa And so it went Most previous historians of the gold rushes have tended to view them as acts of spontaneous nationalism Each country likes to see its own gold rush as the one that either shaped those that followed or epitomized all the rest In *The Gold Crusades A Social History of Gold Rushes 1849 1929* Douglas Fetherling takes a different approach Fetherling argues that the gold rushes in the United States Canada Australia New Zealand and South Africa shared the same causes and results the same characters and characteristics He posits that they were in fact a single discontinuous event an expression of the British imperial experience and nineteenth century liberalism He does so with dash and style and with a sharp eye for the telling anecdote the out of the way document and the bold connection between seemingly unrelated disciplines Originally published by Macmillan of Canada 1988      Yellowed Pages, 1999      **Genealogical & Local History Books in Print**, 1981      *A Great Collection of Original Source Material Relating to the Early West and the Far West* Anderson Galleries, Inc, 1922      A Golden State Marlene Smith-Baranzini, 1999 A collection of essays on mining and economic development in California from the Gold Rush through the end of the 19th century This is the second in a series of four volumes commemorating the state's sesquicentennial      **United States Local Histories in the Library of Congress: Supplement and index** Library of Congress, 1975      **Dictionary Catalog of the Department Library** United States. Department of the Interior. Library,      **The Great Medicine Road, Part 2** Will Bagley, 2015-10 During the early weeks of 1848 as U S congressmen debated the territorial status of California a Swiss immigrant and an itinerant millwright forever altered the future state's fate Building a sawmill for Johann August Sutter James Wilson Marshall struck gold The rest may be history but much of the story of what happened in the following year is told not in history books but in the letters diaries journals and other written recollections of those whom the California gold rush drew west In this second installment in the projected four part collection *The Great Medicine Road Narratives of the Oregon California and Mormon Trails* the hardy souls who made the arduous trip tell their stories in their own words Seven individuals' tales bring to life a long ago year that enriched some impoverished others and forever changed the face of North America Responding to often misleading promotional literature adventurers made their way west via different routes Following the Carson River through the Sierra Nevada or taking the Lassen Route to the Sacramento Valley they passed through the Mormon Zion of Great Salt Lake City and traded with and often displaced Native Americans long familiar with

the trails Their accounts detail these encounters as well as the gritty realities of everyday life on the overland trails They narrate events describe the vast and diverse landscapes they pass through and document a journey as strange and new to them as it is to many readers today Through these travelers diaries and memoirs readers can relive a critical moment in the remaking of the West and appreciate what a difference one year can make in the life of a nation *America, History and Life* ,1975 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide *Monographic Series* Library of Congress,1974 **Authentic Costumes & Characters of the Wild West** Ernest Lisle Reedstrom,1992 History of the west that features information on how the west lived worked rested and entertained **Historic Dress of the Old West** Ernest Lisle Reedstrom,1986 A book on the movement of America s frontier and a definitive work portraying western characters in costumes of their periods Ernest Lisle Reedstrom as both the author and the illustrator of this book has carefully researched every facet and has embellished it with his unique style of art Included are accounts of scalpings weapons and Indian customs the Mountain man s life equipment clothing and remote jargon are studied the great white migration crossings of the plains are covered in detail including what people took and they hunted for food prairie justice a diary on the trail and encounters with marauding Indians California s great gold strike and the rush of the 49 ers is unfolded along with the stories of other famous miners from the Black Hills to the Klondike There is even a step by step description of how the old miners panned for gold Historic Dress of the Old West is descriptive and extensively researched with references and footnotes along with additional suggestive reading in the bibliography A must for the collector s bookshelf students and western history buffs Book jacket
