Skid Row An Introduction To Disaffiliation

M Walker

Skid Row An Introduction To Disaffiliation:

Skid Row Howard M. Bahr, 1977 **The Seven Deadly Sins** Stanford M. Lyman, 1989-01-01 When Stanford M Lyman authored *The Seven Deadly Sins Society and Evil* in 1978 it was hailed by Alasdair MacIntyre as a book of absorbing interest and importance_ that places us all in his debt By Nelson Hart as a masterful and thought provoking book_ that is the only scholarly treatment of sin that is so well informed by the best of ancient through modern perspectives By James A Aho as a work whose abstract hardly does justice to the scholarly and detailed analysis of sin And by Harry Cohen as a book_ that stands as a beautiful illustration of what holistic idiosyncratic interdisciplinary and creative thinking and writing can bring to bear on the age old problem of society and evil The American Sociological Association's section on the Sociology of the Emotions selected this book as one of the works that laid the foundations for the study of pride lust envy and anger basic sentiments embedded in the social process For this revised and expanded edition Lyman has written a new chapter Sentiments Sin and Social Conflict Toward a Sociology of the Emotions The new edition will be a valuable work for courses in social psychology ethics deviance and the sociology of morals and of religion **StreetWays** Eugene F. Provenzo, Edward Ameen, Alain Bengochea, Kristen Doorn, Ryan W. Pontier, Sabrina F. Sembiente, 2014-07-01 Photographs by Lewis P Wilkerson *StreetWays* Chronicling the Homeless in Miami is a collection of interviews with 28 homeless individuals living in downtown Miami and Miami Beach Besides extensive photographs of these people and their lives on the street the book also includes interviews with social service providers as well as a detailed analysis of homelessness in the United States and more specifically in Miami The work concludes with a policy analysis and suggestions for addressing issues of homelessness in Miami and the nation *StreetWays* attempts to make clear how and why homelessness occurs and what the actual lives and experiences of the homeless are about Through extensive interviews and extensive documentary photographs a selected group of homeless Miamians lose their invisibility as their experiences needs and aspirations are reported The book calls for a better understanding of the experience of homelessness places such as Miami and of the need to understand homelessness as an issue of diversity and human rights **Urban Interstices: The Aesthetics and the Politics of the In-between** Andrea Mubi Brighenti, 2016-02-11 Bringing together a team of international scholars with an interest in urban transformations spatial justice and territoriality this volume questions how the interstice is related to the emerging processes of partitioning enclave making and zoning showing how in between spaces are intimately related to larger flows networks territories and boundaries Illustrated with a range of case studies from places such as the US Quebec the UK Italy Gaza Iraq India and South east Asia the volume analyses the place and function of interstitial locales in both a disciplined urban space and a disordered space conceptualized through the notions of excess danger and threat Warning not to romanticize the interstice the book invites us to study it as not simply a place but also a set of phenomena events and social interactions How are interstices perceived and represented What is the politics of visibility that is applied to them How to capture their

peculiar rhythms speeds and affects On the one hand interstices open up venues for informality improvisation challenge and bricolage playful as well as angry statements on the neoliberal city and enhanced urban inequalities On the other hand they also represent a crucial site of governance even governance by withdrawal and urban management where an array of techniques ranging from military urbanism to new forms of value extraction are experimented At the point of convergence of all these tensions interstices appear as veritable sites of transformation where social forces clash and mesh prefiguring our urban future The book interrogates these territories proposing new ways to explore the dynamics events and visibilities that define them

The Word On The Street Kurt Borchard,2005-03-01 Just beyond Las Vegas s neon and fantasy live thousands of homeless people most of them men To the millions of visitors who come to Las Vegas each year to enjoy its gambling and entertainment the city s homeless people are largely invisible segregated from tourist areas because it s good business Now through candid discussions with homeless men analysis of news reports and years of fieldwork Kurt Borchard reveals the lives and desperation of men without shelter in Las Vegas Borchard s account offers a graphic disturbing and profoundly moving picture of life on Las Vegas s streets depicting the strategies that homeless men employ in order to survive from the search for a safe place to sleep at night to the challenges of finding food maintaining personal hygiene and finding an acceptable place to rest during a long day on the street That such misery and desperation exist in the midst of Las Vegas s hedonistic tourist economy and booming urban development is a cruel irony according to the author and it threatens the city s future as a prime tourist destination The book will be of interest to social workers sociologists anthropologists politicians and all those concerned about changing the misery on the street

Poverty and Welfare in America David Wagner,2019-09-12 This book closely examines controversial claims and beliefs surrounding poverty and anti poverty programs in the United States It authoritatively dismantles falsehoods half truths and misconceptions leaving readers with an unbiased accurate understanding of these issues Poverty and Welfare in America Examining the Facts like every book in the Contemporary Debates series is intended to puncture rather than perpetuate myths that diminish our understanding of important policies and positions to provide needed context for misleading statements and claims and to confirm the factual accuracy of other assertions This book clarifies some of the most contentious and misunderstood aspects of American poverty and the social welfare programs that have been crafted to combat it over the years In addition to providing up to date data about the extent of American poverty among various demographic groups in the United States it examines the chief causes of poverty in the 21st century including divorce disability and educational shortfalls Moreover the book provides an evenhanded examination of the nation s social welfare agencies and the effectiveness of various social service programs managed by those agencies in addressing and reducing poverty

Upscaling Downtown Richard E. Ocejo,2017-04-11 Once known for slum like conditions in its immigrant and working class neighborhoods New York City s downtown now features luxury housing chic boutiques and hotels and most notably a vibrant nightlife culture While a burgeoning bar scene can be viewed

as a positive sign of urban transformation tensions lurk beneath reflecting the social conflicts within postindustrial cities Upscaling Downtown examines the perspectives and actions of disparate social groups who have been affected by or played a role in the nightlife of the Lower East Side East Village and Bowery Using the social world of bars as windows into understanding urban development Richard Ocejo argues that the gentrifying neighborhoods of postindustrial cities are increasingly influenced by upscale commercial projects causing significant conflicts for the people involved Ocejo explores what community institutions such as neighborhood bars gain or lose amid gentrification He considers why residents continue unsuccessfully to protest the arrival of new bars how new bar owners produce a nightlife culture that attracts visitors rather than locals and how government actors including elected officials and the police regulate and encourage nightlife culture By focusing on commercial newcomers and the residents who protest local changes Ocejo illustrates the contested and dynamic process of neighborhood growth Delving into the social ecosystem of one emblematic section of Manhattan Upscaling Downtown sheds fresh light on the tensions and consequences of urban progress On the Bowery Benedict Giomo, 1989 As both theme and place the Bowery has been rich in meaning evocative in association long in development and representative of the inherent conflict between culture and subculture This award winning interdisciplinary study puts in perspective the social meaning and cultural significance of the Bowery from both historical and contemporary outlooks spanning the fields of American literature and social history culture studies symbolic anthropology ethnography and social psychology On the Bowery has special relevance in providing continuity for the systems of thought and methods of intervention that influence responses to the modern condition of homelessness in American cities today Disrupting Homelessness Laura Stivers, 2011-04-01 Disrupting Homelessness unmasks the futile assumptions of our present approaches to homelessness and suggests ways in which Christians and Christian communities can create a prophetic social movement to end poverty and homelessness Some Christian organizations focus on fixing the person and the behaviors that contribute toward homelessness Others promote home ownership for low income households Stivers criticizes both approaches and assesses to what extent these approaches buy into our culture's dominant ideologies on housing and homelessness and whether they promote justice and liberation for the least well off She then outlines an advocacy approach for churches to address the multiple causes of homelessness and prophetically to aim to make a home for all in God's just and compassionate community

The Homeless Person in Contemporary Society Cameron Parsell, 2018-05-23 The homeless person is thought to be different Whereas we get to determine our difference or sameness the homeless person's difference is imposed upon them and assumed to be known because of their homelessness Exclusion from housing either a commodity that should be accessed from the market or social provision signifies the homeless person's incapacities and failure to function in what are presented as unproblematic social systems Drawing on a program of research spanning ten years this book provides an empirically grounded account of the lives and identities of people who are homeless It illustrates that people with chronic experiences of

homelessness have relatively predictable biographies characterised by exclusion poverty and trauma from early in life Early experiences of exclusion continue to pervade the lives of people who are homeless in adulthood yet they identify with family and normative values as a means of imaging aspirational futures *International Encyclopedia of Housing and Home*, 2012-10-09 Available online via SciVerse ScienceDirect or in print for a limited time only The International Encyclopedia of Housing and Home Seven Volume Set is the first international reference work for housing scholars and professionals that uses studies in economics and finance psychology social policy sociology anthropology geography architecture law and other disciplines to create an international portrait of housing in all its facets from meanings of home at the microscale to impacts on macro economy This comprehensive work is edited by distinguished housing expert Susan J Smith together with Marja Elsinga Ong Seow Eng Lorna Fox O Mahony and Susan Wachter and a multi disciplinary editorial team of 20 world class scholars in all Working at the cutting edge of their subject liaising with an expert editorial advisory board and engaging with policy makers and professionals the editors have worked for almost five years to secure the quality reach relevance and coherence of this work A broad and inclusive table of contents signals or testifies to detailed investigation of historical and theoretical material as well as in depth analysis of current issues This seven volume set contains over 500 entries listed alphabetically but grouped into seven thematic sections including methods and approaches economics and finance environments home and homelessness institutions policy and welfare and well being Housing professionals both academics and practitioners will find The International Encyclopedia of Housing and Home useful for teaching discovery and research needs International in scope engaging with trends in every world region The editorial board and contributors are drawn from a wide constituency collating expertise from academics policy makers professionals and practitioners and from every key center for housing research Every entry stands alone on its merits and is accessed alphabetically yet each is fully cross referenced and attached to one of seven thematic categories whose wholes far exceed the sum of their parts **Housing the Homeless** Jon Erickson, Charles Wilhelm, 2017-07-12 Homelessness has become a lasting issue of vital social concern As the number of the homeless has grown the complexity of the issue has become increasingly clear to researchers and private and public service providers The plight of the homeless raises many ethical anthropological political sociological and public health questions The most serious and perplexing of these questions is what steps private charitable and public organizations can take to alleviate and eventually solve the problem The concept of homelessness is difficult to define and measure Generally persons are thought to be homeless if they have no permanent residence and seek security rest and protection from the elements The homeless typically live in areas that are not designed to be shelters e g parks bus terminals under bridges in cars occupy structures without permission e g squatters or are provided emergency shelter by a public or private agency Some definitions of homelessness include persons living on a short term basis in single room occupancy hotels or motels or temporarily residing in social or health service facilities without a permanent address Housing the Homeless is a

collection of case studies that bring together a variety of perspectives to help develop a clear understanding of the homelessness problem The editors include information on the background and politics of the problem and descriptions of the current homeless population The book concludes with a resource section which highlights governmental policies and programs established to deal with the problem of homelessness Homeless Ella Howard,2013-02-21 Homeless explores the efforts of private and public institutions to solve the problem of homelessness by tracing the rise and fall of skid rows in America through the lens of New York s Bowery Crowded onto skid rows the homeless lived apart from the middle classes who saw them as an aberrant population **Homelessness in America** Stephen Eide,2022-06-02 The last thirty years have witnessed an urban renaissance in America Major cities have managed to drive down the murder rate improve the schools restore the built environment and revitalize their economies Middle class families are putting down roots in neighborhoods once given up for dead But solutions to homelessness have eluded even the most successful cities While the South Bronx was once synonymous across the globe for slum now San Francisco and Los Angeles are just as internationally notorious for their homelessness crises Indeed the same cities with the worst homelessness crises rank among America s most successful One of the crisis more perplexing features is how cities that have met with so much success with respect to economic development crime and public education have failed to even ease their homelessness crisis much less end it In Homelessness in America Stephen Eide examines the history governmental and private responses and future prospects of this intractable challenge The chronic nature of the challenge should be understood he argues by reference to American history and American ideals The history of homelessness is bound up with industrialization and urbanization the closing of the West the Great Depression and the post WWII decline and subsequent revival of great American cities Though we ve used different terms tramp hobo bum at other times something like homelessness has always been with us and the debate over causes and solutions has always involved conflicts over fundamental values After explaining why homelessness persists in America and correcting popular misconceptions about the issue Eide offers concrete recommendations for how we can do better for the homeless population Homelessness in America engages readers by answering the most common questions their audience brings to the topic and exploring other questions that are no less important for being not as commonly asked Homelessness intersects with multiple other policy areas education urban development criminal justice reform mental health By exploring the intersection of homelessness with so many other policy areas this book aspires to provide a comprehensive account of the challenge

Young and Homeless In Hollywood Susan M. Ruddick,2014-05-22 Young and Homeless in Hollywood examines the social and spacial dynamics that contributed to the construction of a new social imaginary homeless youth in the United States during a period of accelerated modernization from the mid 1970s to the 1990s Susan Ruddick draws from a range of theoretical frameworks and empirical treatments that deal with the relationship between placemaking and the politics of social identity **A Place on the Corner, Second Edition** Elijah Anderson,2020-05-22 This paperback edition of A Place

on the Corner marks the twenty fifth anniversary of Elijah Anderson's sociological classic a study of street corner life at a local barroom liquor store located in the ghetto on Chicago's South Side Anderson returned night after night month after month to gain a deeper understanding of the people he met vividly depicting how they created and recreated their local stratification system In addition Anderson introduces key sociological concepts including the extended primary group and being down The new preface and appendix in this edition expand on Anderson's original work telling the intriguing story of how he went about his field work among the men who frequented Jelly's corner

Responding to the Homeless Russell K. Schutt, Gerald R. Garrett, 2013-11-21 Responding to the Homeless Policy and Practice is largely a product of a unique collaboration between Russell K Schutt and Gerald R Garrett and their Boston community As such it offers a rich perspective on the problem of homelessness that is derived from the authors shared experience with researchers academics students providers policymakers and homeless persons themselves Schutt and Garrett take the reader into the shelters and acquaint him or her with the philosophical and practical dilemmas facing line workers as well as policymakers They also take the reader into the community to better understand the housing market and the dysfunctional continuities among shelter housing treatment and social supports There are sensitive discussions of the salient health problems that too commonly touch the lives of homeless individuals such as substance abuse and AIDS The volume also includes clear descriptions of the sometimes elusive processes of counseling and case management for homeless individuals The sidebars of what to do and what not to do contain useful information that will both inform and empower individuals who are working on the front lines and inspire and prepare future caregivers While the eminently readable organization and style of the book are suggestive of a highly practical handbook on the basics of homelessness the authors and their contributors have also produced a scholarly volume that is replete with current research findings programs descriptions case studies and vignettes

In the Midst of Plenty Marybeth Shinn, Jill Khadduri, 2020-04-06 Foreword by Nan Roman President and CEO of the National Alliance to End Homelessness This book explains how to end the U S homelessness crisis by bringing together the best scholarship on the subject and sharing solutions that both local communities and national policy makers can apply now In the Midst of Plenty shifts understanding of homelessness away from individual disability to larger contexts of poverty income inequality housing affordability and social exclusion Homelessness experts Shinn and Khadduri provide guidance on how to end homelessness for people who experience it and how to prevent so many people from reaching the point where they have no alternative to sleeping on the street or in emergency shelters The authors show that we know how to end homelessness if we devote the necessary resources to doing so In the Midst of Plenty Homelessness and What to Do About It is an excellent resource for policy makers professionals in the homeless services system and anyone else who wants to end homelessness It also can serve as a text in undergraduate or masters courses in public policy sociology psychology social work urban studies or housing policy The knowledgeable and thoughtful authors of this book two brilliant women who know as much as anyone in

the country about the nature of homelessness and its solutions have done a great service by taking us on a journey through the history of homelessness how our responses have changed and how we can end it Nan Roman President and CEO National Alliance to End Homelessness Shinn and Khadduri s new book is a thorough yet concise examination of what we know about the nature and causes of homelessness and the crucial lessons learned This critically important work provides a roadmap to restoring basic housing and income security as viable policy options in the face of our daunting inequality divide that otherwise threatens millions with destitution and homelessness Dennis Culhane Dana and Andrew Stone Professor of Social Policy University of Pennsylvania Marybeth Shinn and Jill Khadduri have combined their significant expertise to create an essential guide about the history of modern homelessness and to offer a clear path forward to end this American tragedy Their policy recommendations on ending homelessness are culled from the best about what we know works Barbara Poppe Executive Director US Interagency Council on Homeless 2009 2014 Crossing the Line Svetlana Stephenson,2006 This pioneering book is the first to explore the experiences of homeless people in Russia in the late Soviet period and during post socialist transition By using in depth interviews Svetlana Stephenson places the narratives within the framework of theoretical perspectives on social spatial exclusion and advances the understanding of homelessness in Russia as an extreme case of social territorial displacement *California's Social Problems* Charles F Hohm,James A Glynn,2002 PLEASE UPDATE SAGE INDIA AND SAGE U K ADDRESSES ON IMPRINT PAGE
