**The New Social Entrepreneurship** Francesco Perrini, 2006-01-01 This book aims to define a novel conception of what social entrepreneurship SE actually is and what it is not starting from a sharp and focused vision of SE it entails innovations designed to explicitly improve societal well being housed within entrepreneurial organizations which initiate change in society In so doing it provides a critical and comprehensive framework for current and future research in the area Francesco Perrini adopts a novel approach to the SE phenomenon considering it as a dynamic process created and managed by innovative social entrepreneur an individual or team who strives to create new social values in the market and community at large By now SE has attained a wider and more enthusiastic acceptance in corporate thinking and practice than in the literature This double line of reasoning partly theoretical and partly practitioner based drives the bottom line of the book In the first part The New Social Entrepreneurship

looks for a consistent answer to a muddle of still unresolved questions How can SE be defined How can SEVs be identified What are the main dimensions along which organizations vary and what factors lead to success What does success mean Does the way in which an SEV is designed matter Does it make sense to talk about a social business plan Is an SEV aligned with traditional sources of financing And so on In the second part the book changes perspective examining several practical examples of how perspectives on SE are translated into concrete phenomena LocalFeed CafeDirect The Sekem Initiative Teleserinita the NYC Watershed Agreement and sustainable tourism in Turkey and so on They illustrate theoretical frameworks each enlightening specific aspects of SE and making theory and practice comparisons *Handbook of Research Methods on Social Entrepreneurship* R. Seymour, 2012-01-01 Defining social entrepreneurship has in the past proved problematic and debate continues concerning what it does and does not entail and encompass This unique book frames the debates surrounding the phenomenon and argues that many of the difficulties relating to the study of social entrepreneurship are rooted in methodological issues Highlighting these issues the book sets out ideas and implications for researchers using alternative methodologies Contributors expertly present practical guides for researchers setting out appropriate strategies and methods that can be adopted to explore and understand social entrepreneurship Chapters deal with research strategies such as storytelling action research and the case study as well as the methods appropriate for understanding discourse large data sets and networks The book also explores some challenges for researchers and will be of particular interest to early career researchers or researchers first approaching the field
