From Neo-Marxism to Democratic Theory Andrew Arato,2016-09-16 The essays in this volume trace an intellectual odyssey a search for a genuinely critical theory The book begins with the question of why the Frankfurt School as well as other neo Marxist and post Marxist analysts both in the West and in dissident circles in the East failed to produce a critical

theory of Soviet socialism or to establish a dynamic relationship with contemporary social movements As the political struggle in Eastern Europe intensified the author of this book disengaged from his own efforts to reconstruct a critical Marxism Instead he attempts a reconstruction of democratic theory based on civil society rather than class categories and with a critical relevance not only to the transition from state socialism but more generally to the universal goal of emancipation
