

An abstract painting featuring a central face rendered in earthy tones of brown, tan, and white. The face is surrounded by various shapes and colors, including a large red shape resembling a tomato, a yellow shape resembling a lemon, and a blue shape resembling a cucumber. The overall style is expressive and textured, with visible brushstrokes and a rich palette of colors.

 1994 Paperbound Books in Print 1995 Reed Reference Publishing, Reference Reed, 1995-12 Subject Guide to Books in Print, 1993 American Literature in Transition, 1876-1910: Volume 4 Lindsay V. Reckson, 2022-08-18 Addressing US literature from 1876 to 1910 this volume aims to account for the period's immense transformations while troubling the ideology of progress that underwrote much of its self-understanding This volume queries the various forms and formations of post Reconstruction American literature It contends that the literature of this period most often referred to as turn of the century might be more productively oriented by the end of Reconstruction and the haunting aftermath of its emancipatory potential than by the logic of temporal and social advance that underwrote the end of the century and the beginning of the Progressive Era Acknowledging that nearly all US literature after 1876 might be described as post Reconstruction the volume invites readers to reframe this period by asking under what terms did post Reconstruction American literature challenge or re-consolidate the nation as an affective political and discursive phenomenon And what kind of alternative pasts and futures did it write into existence *Discourse on Applied Sociology: Theoretical perspectives* Samir Dasgupta, Robyn Bateman Driskell, 2007 This engaging two volume study pursues a balance between theoretical and practical sociology Volume I subtitled Theoretical Perspectives focuses on the problems and prospects of applied sociology in an era of globalization The essays emphasize the close association of applied sociology with altruism identity formation race and ethnicity They evaluate the empirical truths of sociological theories and examine their relevance for contemporary research poverty demographic issues and social policies The authors agree that the ultimate test of theory is the extent to which it can produce knowledge that works **Bibliographic Index**, 1994 Discourse on Applied Sociology: Volume 1 Samir Dasgupta, Robyn Driskell, 2007-08-01 This engaging two volume study pursues a balance between theoretical and practical sociology Volume I subtitled Theoretical Perspectives focuses on the problems and prospects of applied sociology in an era of globalization The essays emphasize the close association of applied sociology with altruism identity formation race and ethnicity They evaluate the empirical truths of sociological theories and examine their relevance for contemporary research poverty demographic issues and social policies The authors agree that the ultimate test of theory is the extent to which it can produce knowledge that works **American Book Publishing Record**, 2006 **Sociological Abstracts**, 2004 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers **The Cumulative Book Index**, 1994 A world list of books in the English language *Reclaiming the Sane Society* Miri Seyed Javad, Robert Lake, Tricia M. Kress, 2014-07-03 Erich Fromm's body of work written more than 50 years ago was prophetic of

the contemporary moment Increasingly global society is threatened by the many headed monster of corporate greed neo liberalism nihilism extreme fundamentalist beliefs and their resulting effects on the natural world and the lived lives of people Fromm clearly warned us of the peril of the misuse of technology and the destructive nature of man s perverse desire to possess control and or destroy Through his theories of having vs being the importance of hope as active resistance and his notion of freedom as the capacity to love self and others Fromm encouraged his readers to cultivate biophilic ways of being in the world that will counter and heal the impending necrophilic plunder of man s hubris This multi authored volume sheds new light on Fromm s forgotten role in the formation of contemporary thought through an engaging variety of reflexive and historical narratives from fields of sociology clinical psychology political science critical theory of religion and education Key concepts from his body of work are interpreted and expressed in ways that offer hopeful and humane alternatives to the present global conditions of despair greed and depersonalization *Toward Humanist Sociology* Alfred McClung Lee,1973

The Sociology of Political Praxis (RLE: Gramsci) Leonardo Salamini,2014-04-24 This volume analyses the philosophical nature of Gramsci s Marxism and its Hegelian source the radical critique of the economistic tradition and the original analyses of the role of superstructures ideology consciousness and subjectivity in the revolutionary process It relates the central themes of Gramsci s writings such as hegemony historical blocs the role of intellectuals and political praxis to the more peripheral ones such as science language literature and art The introduction includes a brief intellectual biography of Gramsci Adult Catalog: Subjects Los Angeles County Public Library,1970 **Anthony Giddens** Christopher G. A.

Bryant,David Jary,1997 Anthony Giddens has made original contributions to the fields of social theory political sociology the sociology of stratifications suicide This set includes carefully selected secondary articles which bring out the scope of his work *Sociology* Robert Van Krieken,Daphne Habibis,Philip Smith,Brett Hutchins,Greg Martin,Karl Maton,2013-09-12 Building upon the success of previous editions this fully revised edition of *Sociology* lays the foundations for understanding sociology in Australia The depth and breadth of the book ensures its value not only for first year students but for sociology majors requiring on going reference to a range of theoretical perspectives and current debates This fifth Australian edition continues to build on the book s reputation for coverage clarity and content drawing upon the work of leading Australian sociologists as well as engaging with global social trends and sociological developments **Social Sciences , Ebook:**

Sociological Theory George Ritzer,Jeff Stepnisky,2014-10-16 The ninth edition of *Sociological Theory* by George Ritzer gives readers a comprehensive overview of the major theorists and schools of sociological thought Key theories are integrated with biographical sketches of theorists and are placed in their historical and intellectual context Written by one of the foremost authorities on sociological theory this text helps students better understand the original works of classical and modern theorists and enables them to compare and contrast the latest substantive concepts *Social Thought in England, 1480-1730* A.L. Beier,2016-02-05 Authorities ranging from philosophers to politicians nowadays question the existence of

concepts of society whether in the present or the past This book argues that social concepts most definitely existed in late medieval and early modern England laying the foundations for modern models of society The book analyzes social paradigms and how they changed in the period A pervasive medieval model was the body social which imagined a society of three estates the clergy the nobility and the commonalty conjoined by interdependent functions arranged in static hierarchies based upon birth and rejecting wealth and championing poverty Another model the book describes as social humanist that fundamentally questioned the body social advancing merit over birth mobility over stasis and wealth over poverty The theory of the body social was vigorously articulated between the 1480s and the 1550s Parts of the old metaphor actually survived beyond 1550 but alternative models of social humanist thought challenged the body concept in the period advancing a novel paradigm of merit mobility and wealth The book s methodology focuses on the intellectual context of a variety of contemporary texts
