Intimacy Osho, 2007-04-01 One of the greatest spiritual teachers of the twentieth century shares his wisdom about building loving relationships in *Intimacy Trusting Oneself and the Other* Hit and run relationships have become common in our society as it has grown more rootless less tied to traditional family structures and more accepting of casual sex But at the same time there arises an undercurrent of feeling that something is missing a quality of intimacy This quality has very little to do with the physical though sex is certainly one possible door Far more important is a willingness to expose our deepest feelings and vulnerabilities with the trust that the other person will treat them with care Ultimately the willingness to take the risk of intimacy has to be grounded in an inner strength that knows that even if the other remains closed even if that trust is betrayed we will not suffer any permanent damage In this gentle and compassionate guide Osho takes his readers step by step through what makes people afraid of intimacy how to encounter those fears and go beyond them and what they can do to nourish themselves and their relationships to support more openness and trust Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi Nehru and Buddha who have changed the
