With a Little Help from My Friends Paula J. Mellom, Rebecca K. Hixon, Jodi P. Weber, 2019-06-14 This conversation based approach accelerates language acquisition for EL students and advances academics and social emotional learning for all The authors present a research based pedagogical model to help K 12 teachers modify the way they plan and implement their lessons to better support the linguistic cognitive and social emotional development of culturally and linguistically diverse students The authors remind us that we are working too hard in our roles as providers of knowledge and literacy Rather a focus on collaborative interactions among students better enables their autonomy mutual learning and self directed paths to meaning and knowledge The teacher onus is reduced yet students ownership and confidence are bolstered in more socioconstructive and effectual ways This work is a must read for all educators Socorro G Herrera Kansas State University and author of *Accelerating Literacy for Diverse Learners* Describes a system of classroom practice that centers on discourse rich pedagogies This book makes an important contribution to the growing field of culturally and linguistically sustaining instructional strategies Cory Buxton College of Education Oregon State University The authors detailed model for achieving joint productive activity transforms the mysterious alchemy of great teaching into a thoughtful collaborative and mindful process all teachers can use to engage students in learning Betsy R Rymes Penn Graduate School of Education

Global Perspectives on Dialogue in the Classroom Ashmi Desai, Hoa N. Nguyen, 2022-01-25 This book explores globally informed culturally rooted approaches to dialogue in the classroom It seeks to fill gaps in communication and education literature related to decolonizing dialogue and breaking binaries by decentering Eurocentric perspectives and providing space for dialogic practices grounded in cultural wealth of students and teachers We first describe the book s genesis contextualize dialogue within the global impact of the COVID 19 pandemic and share guiding concepts of inclusion intersectionality and authenticity in dialogue and pedagogy We also distinguish dialogue from other practices and times in which dialogue may not be possible The book brings fresh and urgent perspectives from authors

across different disciplines including ceramics religious studies cultural studies communication family therapy and conflict resolution The chapters distill the idea of dialogue within contexts like a bible circle university sculpture studio trauma and peacebuilding program and connect dialogue to teaching learning and emerging ideas of power disruption in betweenness and relationality Teacher Education and the Cultural Imagination Susan Florio-Ruane, Julie deTar, 2001-04 Examines use of ethnically diverse published autobiographies in a teacher educ book club course Focuses on autobiography as site of teacher learning about culture role of conversation in that learning Blends personal narrative w analysis descri *Serving the Marginalized through Design Education* Steven B. Webber, 2024-07-02 Design education and practice are inherently social from process to implementation This book explores the transformation in design education as educators prepare their students to address complex social design problems for all people in society This seven chapter volume provides the reader with a range of viewpoints on the role of design education in shaping the world The book begins with the overarching potential of design to address the needs of an increasingly complex society and the importance of worldview that underpins education methodology Each chapter addresses a context that varies by discipline architecture graphic packaging and interior design and location Nigeria Canada Lebanon UK and USA The authors pull back the curtain on their educational methods and provide the reader with a candid view of their teaching outcomes The needs of the marginalized victims of Asian hate students with dyslexia tomato farmers and even design students themselves are brought into focus here These specific places and peoples provide a design context that can be translated to other situations in design education and practice Design educators and practitioners of many design disciplines will benefit from the philosophical discussions and the practical education examples offered here This volume can contribute to transforming design education that will one day transform design practice to place a greater emphasis on the needs of the forgotten in society *Bookbuyers' Reference Book*, 1993 *We, the Students and Teachers* Robert W. Maloy, Irene S. LaRoche, 2014-12-03 Provides practical applications of democratic teaching for classes in history social studies education multicultural and social justice education community service and civic engagement and education and public policy *We the Students and Teachers* shows history and social studies educators how to make school classrooms into democratic spaces for teaching and learning The book offers practical strategies and lesson ideas for transforming democratic theory into instructional practice It stresses the importance of students and teachers working together to create community and change The book serves as an essential text for history and social studies teaching methods courses as well as professional development and inservice programs for history and social studies teachers at all grade levels The key to the excellent potential of this book is its assertion that democratic teaching can be linked to content especially historical content not just to a generic notion of student centered instruction The theory to practice emphasis is very explicit as is the emphasis on the voices of the teachers and students who participated in the research The book also takes a highly creative approach to its topic that I find very refreshing Elizabeth Washington

University of Florida This is an important book Maloy and LaRoche reveal the challenges that face historians as we grapple with increasingly fraught public and political perceptions of our discipline Their strategies for reconstituting the classroom as a laboratory for instilling democratic values and practices are both ingenious and practical Dane Morrison author of *True Yankees Sea Captains the South Seas and the Discovery of American Identity*

Literacy Assessment and Intervention for Classroom Teachers Beverly DeVries, 2017-07-05 The fourth edition of this comprehensive resource helps future and practicing teachers recognize and assess literacy problems while providing practical effective intervention strategies to help every student succeed The author thoroughly explores the major components of literacy providing an overview of pertinent research suggested methods and tools for diagnosis and assessment intervention strategies and activities and technology applications to increase students skills Discussions throughout focus on the needs of English learners offering appropriate instructional strategies and tailored teaching ideas to help both teachers and their students Several valuable appendices include assessment tools instructions and visuals for creating and implementing the book s more than 150 instructional strategies and activities and other resources

Questioning the Native Speaker Construct in Teacher Education Julie Waddington, 2024-09-23 Questioning the construction of the native speaker as an authority and ideal in language education this book offers a critical and accessible engagement with research problematising notions of nativeness while emphasising the interactional and ongoing nature of identity construction Crossing disciplinary and geographical boundaries this book interweaves theoretical frameworks from diverse disciplines examining and challenging language ideologies that underpin and perpetuate systemic inequalities The author argues that this multidisciplinary approach can help disrupt the fixed identity categories on which the native speaker construct is based prompting a reconception of how we think about ourselves in relation to others and in relation to our position in the world Chapters present different teacher models as well as specific strategies and activities to stimulate debate and encourage approaches which prioritise pedagogical competence over the native speaker ideal Providing an accessible overview of complex issues along with strategic action in teacher education this book will be of interest to researchers academics and postgraduate students in the fields of language education applied linguistics Teaching English to Speakers of Other Languages TESOL and teacher education Teacher educators and language teachers should also benefit from this volume
