Social Integration In The Second Half Of Life

Sharona Hoffman

Social Integration In The Second Half Of Life:

Social Integration in the Second Half of Life Karl Pillemer, Phyllis Moen, Elaine Wethington, Nina Glasgow, 2003-05-01 Social scientists use the term social integration to refer to individuals' connections with others in their environments. The concept and its consequences have been the subject of considerable study. Many researchers have asserted that meaningful and enduring ties to other persons serve as a buffer against stress and thereby promote physical and mental health. The results are especially pronounced for older persons. *Social Integration in the Second Half of Life* presents integrative reviews of theory and research on this topic. The editors and contributors all currently or previously affiliated with the Cornell Gerontology Research Institute also present new empirical findings of research done at their center. The first section of the book discusses basic theory and principles of social integration in later life and its implications for health. The second largest section examines specific issues: retirement, driving, family support, housing, neighbors. The third section addresses interventions to promote social integration: transportation, volunteering, and peer support for dementia caregivers. Throughout, the authors focus on the diverging influences of social integration and its converse, social isolation in later life. **Social**

Integration in the Second Half of Life Karl Pillemer, 2000-11-24 Pillemer and colleagues in their excellent review of social integration at the threshold of the 21st century document the problems of midlife and elders as they seek social integration that is a life with people. *The Gerontologist* *Handbook of the Life Course* Jeylan T. Mortimer, Michael J. Shanahan, 2007-12-14 This comprehensive handbook provides an overview of key theoretical perspectives, concepts, and methodological approaches that while applied to diverse phenomena are united in their general approach to the study of lives across age phases. In surveying the wide terrain of life course studies with dual emphases on theory and empirical research, this important reference work presents probative concepts and methods and identifies promising avenues for future research.

Mental Health And Well Being In Later Life Cattani, Mima, 2009-05-01 Offers a look at the mental health and well-being issues that affect adults in later life. Taking a holistic approach to mental health and mental health promotion, this book explores the debates around what is meant by mental health and mental illness and the wider social determinants of mental health. **Residential Choices and Experiences of Older Adults** John A. Krout, PhD, Elaine Wethington, PhD, 2003-06-10 Based on the Pathways to Life Quality longitudinal research study, this book explores the ways in which older adults' residential choices impact their health and well-being. The study examines the factors associated with life quality for persons living on their own in the local community as well as those in various housing arrangements such as a continuing care retirement facility, adult home, income-subsidized housing, and senior apartments. Topics include plans and adjustment to moving, role identities, social relationships, participation and integration, health and activity patterns, and coping with life events. *The Experience of Retirement* Robert S. Weiss, 2018-05-31 Retirement brings with it the promises of leisure and freedom as well as the risks of boredom and isolation. When retirees rid their schedules of anything resembling the kinds of

obligations that once had been imposed by work they will experience a sometimes uncomfortable absence of structure In *The Experience of Retirement* the distinguished sociologist Robert S Weiss provides a detailed description of how some people plan their retirement what life in retirement is like and what makes for a fulfilling retirement His engaging book can thus serve as a most useful guide Weiss shows us both retirement's benefits and its possible costs both the relief retirees can feel once free of work's stresses and constraints and the discomfort that can be caused by loss of the positive aspects of working life The book is based on extensive interviews with eighty nine men and women before and after their retirement from middle income careers Weiss makes vivid their experiences by presenting in their own words their descriptions of leaving their careers considering what to do with their time confronting issues of income in retirement dealing sometimes with social isolation and reorganizing their lives The interviews reveal the way in which retirement affects marriages and other familial relationships Weiss concludes by presenting advice about retirement based on the actual experiences of retirees For anyone approaching the age of retirement or already retired and looking for a more satisfying post career life for personnel managers health care professionals and all those who provide services for the retired *The Experience of Retirement* will be an illuminating guidebook to this phase of life *Social Networks and the Life Course* Duane F. Alwin, Diane H.

Felmlee, Derek A. Kreager, 2018-03-06 This volume engages the interface between the development of human lives and social relational networks It focuses on the integration of two subfields of sociology social science the life course and social networks Research practitioners studying social networks typically focus on social structure or social organization ignoring the complex lives of the people in those networks At the same time life course researchers tend to focus on individual lives without necessarily studying the contexts of social relationships in which lives are embedded and linked to one another through social networks These patterns are changing and this book creates an audience of researchers who will better integrate the two subfields It covers the role of social networks across the life span from childhood and adolescence to midlife through old age *Civic Engagement in Later Life* Rodrigo Serrat, 2025-05-29 Available open access digitally under CC BY NC ND licence Older adults civic engagement has become a key concern in academic and policy debates in recent years However existing studies on this topic remain fragmented across various conceptual and methodological approaches This book provides a comprehensive interdisciplinary and multidimensional perspective on older adults civic engagement It proposes a conceptual framework which understands civic engagement as a multidimensional concept encompassing a diversity of activities through which older adults contribute to their communities and wider society Contributors explore the factors shaping older adults participation in various civic activities across the life course considering their diversity in terms of social locations such as gender health status migrant background socioeconomic background and residential arrangements By analysing past and current research policy and practice the book offers recommendations for future efforts to advance the field *Pioneering Paths in the Study of Families* Gary W Peterson, Suzanne Steinmetz, 2014-03-18 Meet the

men and women whose groundbreaking work elevated the field of family studies In *Pioneering Paths in the Study of Families: The Lives and Careers of Family Scholars* you'll find 40 autobiographies written by leading scholars in sociology family studies psychology and child development Their fascinating stories demonstrate how their family experiences educational opportunities and occupational endeavors not only shaped the disciplines they chose but also shaped the theoretical perspectives they utilized and the topics they researched From the editors These autobiographies document the experiences of scholars from the early twentieth century to the present The descriptions of early influences on their education of their graduate school experiences and of their academic career paths provides a wealth of valuable material Since four of these scholars have died and a number are in their eighties or older these histories provide rich case studies on factors that influence the decision to go to college get married pursue an advanced degree make specific occupational choices and investigate certain topics These autobiographies also detail the barriers that early women scholars in the social sciences faced The scholars whose lives you will learn about in *Pioneering Paths in the Study of Families* include Joan Aldous Katherine R Allen Pauline Boss Carlfred B Broderick Wesley R Burr Catherine Street Chilman Harold T Christensen Marilyn Coleman Rand D Conger Randal D Day William J Doherty Evelyn Millis Duvall Glen H Elder Jr Bernard Farber Margaret Feldman Mark A Fine Greer Litton Fox Frank F Furstenberg Viktor Gecas Harold D Grotevant Gerald Handel Michael E Lamb Ralph LaRossa Gary R Lee Helena Znaniecka Lopata Harriette P McAdoo Hamilton McCubbin Brent C Miller Phyllis Moen Gerhard Neubeck Gary W Peterson Ira L Reiss John Scanzoni Walter R Schumm Barbara H Settles Laurence Steinberg Suzanne K Steinmetz Sheldon Stryker Marvin B Sussman Irv Tallman

Aging with a Plan Sharona Hoffman, 2022-01-11

The book is a concise and comprehensive resource for people who are middle aged and beyond and are facing the prospects of their own aging and of caring for elderly relatives an often overwhelming task for which little in life prepares us Using an interdisciplinary approach and many personal anecdotes Professor Hoffman develops recommendations for building sustainable social legal medical and financial support systems for aging and caregiving *Aging with a Plan* combines thorough research with engaging anecdotes and practical advice It offers one stop shopping for anyone in need of guidance without a lot of time for independent research The book answers questions such as What legal documents should you be sure to have What expenses should you anticipate in retirement and how do you save for them What do you need to know about medical care as you or your loved ones grow older How should you approach conversations about the sensitive topic of safe driving with elderly loved ones What options exist for end of life care and how do you make sure that your wishes will be followed The book is user friendly and accessible to a general audience and each chapter ends with a helpful checklist

The Older Worker and the Changing Labor Market Judith G Gonyea, 2013-09-13

offering perspectives on the demands presently being placed on employers to adapt to and accommodate the needs of these workers The book focuses on the analysis of current trends in older workers work family and personal life issues and ways to transform today s workplace to value older workers This book offers practitioners the opportunity to fully grasp the current situation for older workers by presenting the latest research This helpful resource provides professionals with best practices and innovative approaches to support aging employees The volume is extensively referenced and contains several tables to clearly present data It is a valuable text for employers human resources professionals employee assistance programs work family professionals gerontologists and aging studies professionals educators and students This book was published as a special issue of the Journal of Workplace Behavioral Health

Retirement Gary A. Adams,2003 For students researchers and practitioners in such fields as gerontology industrial and organizational psychology and human resources management contributors from those fields synthesize the current literature on retirement and suggest areas for future research and practice The sections cover before retirement deciding to retire and after retirement Annotation c 2003 Book News Inc Portland OR booknews com

Critical Perspectives on Racial and Ethnic Differences in Health in Late Life National Research Council,Division of Behavioral and Social Sciences and Education,Committee on Population,Panel on Race, Ethnicity, and Health in Later Life,2004-10-16 In their later years Americans of different racial and ethnic backgrounds are not in equally good or equally poor health There is wide variation but on average older Whites are healthier than older Blacks and tend to outlive them But Whites tend to be in poorer health than Hispanics and Asian Americans This volume documents the differentials and considers possible explanations Selection processes play a role selective migration for instance or selective survival to advanced ages Health differentials originate early in life possibly even before birth and are affected by events and experiences throughout the life course Differences in socioeconomic status risk behavior social relations and health care all play a role Separate chapters consider the contribution of such factors and the biopsychosocial mechanisms that link them to health This volume provides the empirical evidence for the research agenda provided in the separate report of the Panel on Race Ethnicity and Health in Later Life

New lifestyles in old age Miriam Bernard,Bernadette Bartlam,Simon Biggs,Julius Sim,2004-06-30 This report explores what it is like to live and work in the new Berryhill Retirement Village in Stoke on Trent developed by The ExtraCare Charitable Trust and Touchstone Housing Association and shows that retirement housing does not have to be planned and developed solely with middle class professionals in mind Based on the experiences of residents staff families and other stakeholders the report identifies the factors that facilitate the development of a positive environment in which to age asks why people moved into the Village and whether they felt that their lives had improved there considers the full range of sources of support both inside and outside the Village details some of the ways in which such environments can facilitate people in their efforts to overcome illness and poor health and enjoy a good quality of life and draws out wider policy and practice lessons for those who might be considering developing similar

schemes The report is essential reading for policy makers and practitioners in housing health and social care as well as academics interested in these fields **Encore Adulthood** Phyllis Moen,2016 In *Encore Adulthood* Phyllis Moen presents the realities of the encore life stage the years between traditional careers and childraising and old age Drawing on large scale data sets and interviews with Boomers HR personnel and policymakers this book illuminates the challenges that Boomers encounter as they transition from traditional careers into retirement Loneliness Updated Ami Rokach,2013-10-18 To be alone is to be different To be different is to be alone and to be in the interior of this fatal circle is to be lonely To be lonely is to have failed Susan Schultz 1976 *Loneliness* carries a significant social stigma as lack of friendship and social ties is socially undesirable and social perceptions of lonely people are generally unfavourable Lonely people often have very negative self perceptions believing that the inability to establish social ties is due to personal inadequacies or socially undesirable attributes This book is divided into three parts The first part reviews loneliness in general describing what it is and how it affects us The second part examines loneliness throughout the life cycle analysing how it affects us in childhood adulthood and as we age The final part explores the connection between loneliness and other conditions such as arthritis eating disorders and depression *Loneliness Updated* offers the latest research on how loneliness can affect us in our daily lives and how it is expressed as we travel through life from childhood to old age It will be a highly interesting read for scholars students and researchers of clinical psychology particularly those interested in further exploring the effects and consequences of loneliness This book was originally published as a special issue of *The Journal of Psychology*

International Handbook of Population Aging Peter Uhlenberg,2009-04-29 *The International Handbook of Population Aging* examines research on a wide array of the profound implications of population aging It demonstrates how the world is changing through population aging and how demography is changing in response to it **The Blackwell Companion to the Sociology of Families** Jacqueline Scott,Judith Treas,Martin Richards,2008-04-15 Tackling issues relevant to family life today this authoritative Companion shows why studying social change in families is fundamental for understanding the transformations in individual and social life across the globe Contains original essays by expert contributors on a wide range of topics relating to the sociology of families Includes coverage of social inequality parenting practices children s work the changing patterns of citizenship and multi cultural families Gives special attention to European and North American examples Discusses previously neglected groups including immigrant families and gays and lesbians Explores how revolutionary changes in aging longevity and sexual behavior have radically affected the experience of different generations and the relationships between them **Older People and their Household-Related Life Satisfaction in Germany** Xiangjun Ren,2024-04-23 Quality of life is an issue which has drawn the attention of scholars politicians and the general public since ancient times Along with the development of social indicator research after the 1960s life satisfaction became one of the main assessments in measuring one s quality of life Against the background of ageing in the European scale the

household has become a significant dimension for older people. Due to changes in social culture and personal living arrangements, the role of the household in providing older people with a better later life is reducing rapidly. Therefore, this book takes older Germans as the typical group and analyses their life satisfaction from the perspective of the household-related life domain. With a series of quantitative statistics, some of the findings are outside expectations. This book, with its interesting findings, is a worthy read for scholars and college students in relevant fields. Besides, this book may also be attractive for older people who are concerned about their own later life.

Lifespan Development Tara L. Kuther, 2022-05-12

With a chronological organization, *Lifespan Development: Lives in Context*, Third Edition, follows three core themes: the centrality of context, the importance of research, and the applied value of developmental science. Tara L. Kuther's clear, concise narrative guides students through current and classic studies and foundational theories while exploring real-world connections and inclusive perspectives.

Social Integration In The Second Half Of Life: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Social Integration In The Second Half Of Life : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
