## **Social Problems Issues Opinions And Solutions:**

*Social Problems* Brian J. Jones, Bernard J. Gallagher, Joseph A. McFalls, 1988-01-01      **Hate Crimes** Valerie Jenness, Kendal Broad, In addressing a timely set of questions about the politics and dynamics of inter group violence manifest as discrimination this volume explores such issues as why injuries against some groups of people Jews people of color gays and lesbians and sometimes women and those with disabilities capture notice while similar acts of bias motivated violence against others continue to go unnoticed Throughout the authors develop a compelling argument about the social processes through which new social problems emerge social policy is developed and diffused and new cultural forms are institutionalized      *Making Hate A Crime* Valerie Jenness, Ryken Grattet, 2001-08-15 Violence motivated by racism anti Semitism misogyny and homophobia weaves a tragic pattern throughout American history Fueled by recent high profile cases hate crimes have achieved an unprecedented visibility Only in the past twenty years however has this kind of violence itself as old as humankind been specifically categorized and labeled as hate crime Making Hate a Crime is the first book to trace the emergence and development of hate crime as a concept illustrating how it has become institutionalized as a social fact and analyzing its policy implications In Making Hate a Crime Valerie Jenness and Ryken Grattet show how the concept of hate crime emerged and evolved over time as it traversed the arenas of American politics legislatures courts and law enforcement In the process violence against people of color immigrants Jews gays and lesbians women and persons with disabilities has come to be understood as hate crime while violence against other vulnerable victims octogenarians union members the elderly and police officers for example has not The authors reveal the crucial role social movements played in the early formulation of hate crime policy as well as the way state and federal politicians defined the content of hate crime statutes how judges determined the constitutional validity of those statutes and how law enforcement has begun to distinguish between hate crime and other crime Hate crime took on different meanings as it moved from social movement concept to law enforcement practice As a result it not only acquired a deeper jurisprudential foundation but its scope of application has been restricted in some ways and broadened in others Making Hate a Crime reveals how our current understanding of hate crime is a mix of political and legal interpretations at work in the American policymaking process Jenness and Grattet provide an insightful examination of the birth of a new category in criminal justice hate crime Their findings have implications for emerging social problems such as school violence television induced violence elder abuse as well as older ones like drunk driving stalking and sexual harassment Making Hate a Crime presents a fresh perspective on how social problems and the policies devised in response develop over time A Volume in the American Sociological Association's Rose Series in Sociology      *Status, Power, and Legitimacy* Morris Zelditch, 2018-04-17 Status Power and Legitimacy presents methodological theoretical and empirical essays by Joseph Berger and Morris Zelditch Jr two of the leading contributors to the Stanford tradition in the study of micro processes This three part volume brings together major

contributions to the development of this tradition in addition to a number of newly written essays published here for the first time Berger and Zelditch integrate the essays and relate them to a larger body of theory and research as they explore the importance of a generalizing orientation in sociology Their view of theory as flux and process the blending of social process with theory building produces a picture of the social world in line with the great tradition of George Herbert Mead Max Weber and Georg Simmel Status Power and Legitimacy explores the relation between the scope of a theory and testing applying and developing it the relation between abstract general theories and empirical generalizations and how to use an understanding of this relation to construct theories that are neither historically nor culturally bound In the first part Berger and Zelditch discuss strategies of theory construction the development of abstract general theories of social processes and the different ways in which theories grow Status processes are the focus of the second part which includes the formation of reward expectations the role of status cues in interaction the evolution of status expectations and the application of status characteristics theory to male female interaction Lastly the authors dissect power and legitimacy the effect of expectations on power the legitimation of power and its effect on the stability of authority and legitimation under conditions of dissensus This volume is a fine theoretical effort of great depth and breadth Berger and Zelditch review the background of each paper place the new concepts and principles introduced by each paper in context and examine subsequent research generated by the paper They carve out new research areas in the social world of class status power and authority This volume will be of interest to those in the fields of sociology and in particular social theory

Morality of the Past from the Present Perspective Vasil Gluchman, 2009-03-26 The monograph is divided into four parts The work starts with Preface in which Vasil Gluchman presents socio political socio cultural and ideological context of the first half of the twentieth century and the situation in Slovakia and Central Europe in this historical period placing this monograph and the works of individual contributors into the context of the given era The first part deals with philosophical and ethical issues arising from the examination of morality at the end of the 19th century and the beginning of the 20th century This part creates the methodological starting point for the examinations presented in the next three parts of the monograph The second part focuses on the development of philosophical and ethical reflection of morality in Slovakia in the given era The third part examines socio political and professional ethical aspects of the development and functioning of morality in Slovakia in the first half of the 20th century Reflections of morality in Slovakia in the Slovak literature of the first half of the 20th century are the object of interest in the fourth part of the monograph

**Business And Society: Issues And Cases In The Indian Context** Mathew Manimala,Princy Thomas,Neetha Mahadev,2024-02-28 There are many theories on why managers do not as a behavior or should not as a value supplement profit orientation with people centrism and planet sensitivity In practice

managers do not supplement profit orientation with considerations for people and the planet unless they have the tools and know how to make that possible This book seeks to address that by focusing on the normative dimension of organizational development There are two competing norms for developing an organization first as a profit oriented business enterprise and second as a people centric planet sensitive profit oriented business or social enterprise The performance of a business is a concern for all stakeholders With the growing realization of the importance of indirect stakeholders like the society and the planet it is increasingly important to raise awareness about the social and environmental responsibilities of businesses and organizations This book is a must read for academics researchers practitioners and policymakers who are concerned about the triple bottom line Planet People Profit performance of businesses which is critical for their long term sustainability It covers topics pertaining to the relationship between business and society including social entrepreneurship and corporate social responsibility among others and draws from real life case studies on social initiatives **The Ideal of a Rational**

**Morality** Marcus George Singer,2002 This is a collection of essays by moral philosopher Marcus George Singer in which the guiding theme is the concept of a morality based in reason which is presupposed in ordinary moral contexts and provides an ideal for improving ordinary morality and correcting moral judgements *Public Opinion* Carroll J. Glynn,2018-09-03 *Public Opinion* is a comprehensive and multidisciplinary examination of public opinion in the United States Drawing on scholarship in political science psychology sociology and communications the authors explore the nature of political and social attitudes in the United States and how these attitudes are shaped by various institutions with an emphasis on mass media The book also serves as a provocative starting point for the discussion of citizen moods political participation and voting behavior Feature boxes and illustrations throughout help students understand all aspects of the elusive phenomenon we call public opinion The third edition has been thoroughly revised and updated to reflect how public opinion is studied today and to incorporate current data and debates The book now contains two revised and reframed theory chapters Group Membership and Public Opinion and Public Opinion and Social Process as well as new coverage of the influence of online and social media on public opinion especially in issue opinions and campaigns **Renmin Chinese Law Review** Jichun Shi,2017-09-29
