Social Structure And Mobility In Economic Development:

Social Structure and Mobility in Economic Development Seymour Lipset, 2018-04-27 The foundation of this volume is the notion that the several processes of change constituting economic and social development are systematically interrelated The essence of development is the appearance of rapid rates of increases in many different indices output per capita political participation literacy and the like These quantitative changes are however commonly accompanied by vast changes in the social structure markets emerge political bureaucracies arise and new educational systems appear Written by the leading authorities on the subject this group of papers tackles the causes and consequences of social mobility Each author brings his particular skills to bear on various aspects of the problem in studies of persons moving from rural to urban settings from one kind of industry to another and from one prestige level to another Several of the papers review the theoretical and methodological issues involved in comparative research on social mobility while others compare and contrast traditional and modern stratification systems Various papers explore the economic religious and psychological basis of social mobility concluding with enquiry into the consequences of rapid mobility especially in terms of the political stability of developing nations Because social mobility is a central consideration in any study of economic and social change every student of change will use this pioneering reference source as a text for all future research Contributors include Otis Dudley Duncan Harold L Wilensky Michael G Smith Bert F Hoselitz Wilbert E Moore Natalie Rogoff Rams y Gideon Sjoberg Reinhard Bendix Harry Crockett David Matza Lester Seligman and Gino Germani Neil J Smelser is emeritus professor Department of Sociology University of California Berkeley Seymour Martin Lipset was professor of sociology and director of the Institute of International Studies at the University of California Berkeley *Social Structure and Mobility in Economic Development* Neil J. Smelser, Seymour Martin Lipset, 1966 The foundation of this volume is the notion that the several processes of change constituting economic and social development are systematically interrelated The essence of development is the appearance of rapid rates of increases in many different indices output per capita political participation literacy and the like These quantitative changes are however commonly accompanied by vast changes in the social structure markets emerge political bureaucracies arise and new educational systems appear *Social Structure and Mobility in Economic Development* Social Science Research Council (Great Britain). Committee on Economic Growth, 1966 **Social structure and mobility in economic development; edited by Neil J. Smelser and Seymour Martin Lipset** Seymour Martin Lipset, Neil Joseph SMELSER (and LIPSET (Seymour Martin)), Social Science Research Council (U.S.). Committee on Economic Growth, 1966

Social Structure and Mobility in Economic Development, edited/Neil J. Smelser and Seymour Martin Lipset Neil J. Smelser, 1966 **Social Structure and Social Mobility** Neil L. Shumsky, 2020-10-26 First Published in 1996 Volume 7 SOCIAL STRUCTURE AND SOCIAL MOBILITY of the American Cities series This collection brings together more than 200 scholarly articles pertaining to the history and development of urban life in the United States during the past two centuries

Volume 7 looks at social class structure and social mobility Its articles address questions that have intrigued historians for decades What has been the class structure of American cities during the past two centuries How much mobility has been possible For whom has it been possible What has been the relationship between social and geographic mobility Finally how have all kinds of Americans tried to improve their social status **Comparative Studies of Social Structure** Wolfgang Teckenberg,2019-07-12 A collection of essays with the purpose of stimulate interest and provoke discussion and criticism and so contributing to our understanding of the three very different societies of France the USA and Germany Each essay stands on its own and it is the authors intention to explain some of the differences between Germany and the United States in the first article The second essay suggests that career mobility in France has more in common with social mobility in the United States than in Germany The third essay while not an explicitly comparative analysis was included because it clearly shows the close links between the educational and occupational systems in Germany a source of major differences with the United States at least until the 1980s The last section contains analyses of income attainment Drawing on studies in the United States conducted by Erik O Wright the fourth essay compares the effects of education and position on income attainment Since these can be construed as class effects we were also curious about other types of potential positional and nonvertical income differences in a comparison of France the United States and the Federal Republic of Germany the fifth essay The concluding summary is very brief giving only preliminary answers to the more detailed questions raised in the comparative empirical research projects **Law and Development in Latin America** Kenneth L. Karst,Keith S. Rosenn,2023-11-15

Essays in Sociological Explanation Neil J. Smelser,2013-03 Collection of essays on sociology causation and pragmatic considerations by one of the leading social scientists of the past half century Now republished in quality ebook format with active TOC linked notes and proper presentation for ereaders and apps **The Structure of Social Stratification in the**

United States, The, CourseSmart eTextbook Leonard Beeghley,2015-10-05 This book distills out of the rich vein of sociological research some of what is known about the structure of stratification in the United States It emphasizes the importance of power for understanding the structure of stratification *Caste, Class and Democracy* Vijai P.

Singh,2017-07-12 This volume is an introduction to the role of caste and class in Indian society meant to emphasize certain important aspects of Indian society such as continuity and change in caste economic classes status of women status of Harijans village poli tics overseas Indians and casteism and tribalism Its theoretical interest is to explain the dynamics of social inequalities in Indian society All but one of the essays are based on research conducted in India The other is based on research on Indian plantation workers in Sri Lanka and included here to demonstrate that the concepts of caste and class are relevant to understanding In dians who have emigrated to overseas countries **The Glassworkers of Carmaux** Joan Wallach Scott,1974 This study analyzes in close detail the experiences of glassworkers as mechanization transformed their trade from a highly skilled art to a semiskilled occupation Ms Scott argues that changes in the organization of work altered

the life style and political outlook of glassworkers These changes also created a new identity for them as residents of Carmaux a city in the Department of the tarn in southwestern France Once an isolated group of itinerant workers within the city glassworkers became active trade unionists and militant socialists in the 1890s

The Sociology and Politics of Development Baidya Nath Varma, 2010-11-26 Originally published in 1980 this work answers the crucial question of how social change should be guided in the developing countries Professor Varma begins by posing the problems of the general scope of modernization and the general criteria used in the modernization process He examines carefully some of the models that have been used for this purpose in the past providing extensive summaries of the views on modernization of theorists in various social science disciplines including sociology politics economics and anthropology and stresses the importance of these views in guiding policy decisions The book concludes with a comparison of the development processes of the United States the Soviet Union China Japan and India

Social Structure and Social Stratification in Contemporary China Xueyi Lu, 2020-01-22 What is the social structure of Chinese society in the 21st century How should China address the problem of migrant workers How can China form a modern society These key sociological issues are some of the topics this book covers This book is a collection of the research articles and lectures that Dr Lu Xueyi the former Head of the Institute of Sociology at the Chinese Academy of Social Sciences has published since the 1980s The author discusses the social structure social stratification social construction and development of contemporary Chinese society Arguing that the gap between economic and social development has become the major social issue facing modern China the author advocates paying close attention to the country s social structure and the growth of the middle class The book will be of interest for all scholars and students of Sociology and Chinese Studies

Manpower Planning and Utilization in the Federal Government United States Civil Service Commission. Library, 1963

Antifascism and Sociology Ana Alejandra Germani, 1999-11-30 In this fascinating account of the master social scientist and policy innovator Gino Germani written by his daughter the reader will find a rich social and intellectual history Germani s life traversed Italy under Mussolini s fascism Argentina under Peronism and North America during the glorious days of the social sciences postwar expansion With high irony the biography concludes with Germani s return to Naples Italy as what Ana Germani correctly calls an outsider in the homeland This is a volume that should be uniquely appealing to area specialists social psychologists and those concerned with the cross currents of politics and society From his youth in Italy which he left as a result of persecution by the Fascist authorities through his long and distinguished career in international social science and a career carved out in a series of exiles Germani maintained a unity of purpose based on a liberal world outlook in political terms and a struggle against totalitarianism Social science was the cement that bound Germani s affirmations of democracy and his opposition to dictatorship In Argentina Germani is recognized as the founder of modern scientific sociology There as elsewhere his work was grounded on the presumption that a biometric society was the ground on which all science develops Living and working during one of the most fertile periods in

the development of social research in Argentina Germani was the central protagonist of its most fertile period Argentina served as a central focal point for discussion and debate on the practices of modern societies and the cultural forms Whether in Italy Argentina or the United States German s work took seriously the individual and transpersonal events that helped form social structures of modernization The book is rich in details providing a full bibliography of the works of Germani his relationships with foundations universities and personnel and brief profiles of individuals who worked with and knew him

Advances in Public Economics: Utility, Choice and Welfare Ulrich U. Schmidt, Stefan Traub, 2005-08-15 The Festschrift in honor of Christian Seidl gathers a group of prominent authors being experts in areas like Public Economics Welfare Economics Social Choice Theory Public Choice Theory Decision Theory and Experimental Economics Christian Seidl known as one of the editors of the three volume Handbook of Utility Theory has dedicated his research to utility theoretic fundamentals and the welfare implications of individual and group decision making During the last decade he has turned part of his attention to a research tool that has gained a lot of importance in economics the laboratory experiment The Advances in Public Economics Utility Choice and Welfare is an attempt to illuminate all facets of Christian Seidl s research agenda by presenting an ambitious collection of both purely theoretical and experimental papers on utility choice and welfare written by his closest friends and colleagues

Theory and Methodology of World Development S. Chew, P. Lauderdale, 2010-04-26 This book brings together key incisive writings published and unpublished of the late Andre Gunder Frank on world development and world history The selections provide the reader with a historical tracing of Gunder Frank s conceptual thinking on development through to his views on world history world development and globalization

The Routledge Handbook of Contemporary Inequalities and the Life Course Magda Nico, Gary Pollock, 2021-12-30 Drawing upon perspectives from across the globe and employing an interdisciplinary life course approach this handbook explores the production and reproduction of different types of inequality across a variety of social contexts Inequalities are not static easily measurable and essentially quantifiable circumstances of life They are processes which impact on individuals throughout the life course interacting with each other accumulating attenuating reproducing or distorting themselves along the way The chapters in this handbook examine various types of inequality such as economic gender racial and ethnic inequalities and analyse how these inequalities manifest themselves within different aspects of society including health education and the family at multiple levels and dimensions The handbook also tackles the global COVID 19 pandemic and its striking impact on the production and intensification of inequalities The interdisciplinary life course approach utilised in this handbook combines quantitative and qualitative methods to bridge the gap between theory and practice and offer strategies and principles for identifying and tackling issues of inequality This book will be indispensable for students and researchers as well as activists and policy makers interested in understanding and eradicating the processes of production reproduction and perpetuation of inequalities

Riches, Class, and Power Edward Pessen, 2017-07-12 Until publication of Riches Classes

and Power Alexis de Tocqueville's vision of the United States as a generally egalitarian nation predominated While historians might quarrel about the social sources of egalitarianism they did not dispute the soundness of the basic model and Tocqueville's vision clearly dominated American's sense of itself as well A self acknowledged congenital skeptic Pessen decided to find out whether the facts of American life sustained Tocqueville's conclusions *Riches Class and Power* represents more than five years intensive research on the wealth family backgrounds careers marriages residential patterns uses of leisure life styles social standing and influence and power of the wealthy in four of the five largest cities in the United States before the Civil War Pessen examines New York City Philadelphia Boston and the then separate city of Brooklyn in the 1820s and 1840s His claim is that the massive evidence on urban life of the time sharply refutes Tocqueville's thesis A National Book Award finalist for history *Riches Class and Power* undoubtedly helped reshape America before the Civil War In his reintroduction to this paperback edition Pessen reviews the critical reaction and reconsiders the extent to which its findings are applicable to the social structure of small or frontier towns of the period He discusses whether unequal distribution of wealth in America results more from changes in historical circumstance or to shifts in demographic or age structure
