Jacquet,2019-09-17 From 1950 to 1980 activists in the black freedom and women s liberation movements mounted significant campaigns in response to the injustices of rape These activists challenged the dominant legal and social discourses of the day and redefined the political agenda on sexual violence for over three decades How activists framed sexual violence as either racial injustice gender injustice or both was based in their respective frameworks of oppression The dominant discourse of the black freedom movement constructed rape primarily as the product of racism and white supremacy whereas the dominant discourse of women s liberation constructed rape as the result of sexism and male supremacy In *The Injustices of Rape* Catherine O Jacquet is the first to examine these two movement responses together explaining when and why they were in conflict when and why they converged and how activists both upheld and challenged them Throughout she uses the history of antirape activism to reveal the difficulty of challenging deeply ingrained racist and sexist ideologies the unevenness of reform and the necessity of an intersectional analysis to combat social injustice *Extraterrestrials & Sex* Russell Dan

Smith,2010-06-29 Imagine a world where extraterrestrials have invaded the world and enslaved all humanity Women are enslaved for sexual purposes Men are conscripted into vast armies Differences among the extraterrestrials usher in a period of violence The extraterrestrials bring forth monstrous children through the women they have enslaved Eventually all of the extraterrestrials monstrous progeny are killed by a greater One who devises technology to rob the extraterrestrials ability to materialize on this plane This may sound like something out of J R R Tolkein but it actually occurred during humanity s ancient past well documented in the first portion of the book of Genesis One family is made a bulwark against further incursions by the extraterrestrials Volume 1 The extraterrestrials relation to humans is explored in a man named Job Volume 2 The progeny of the family fighting against the extraterrestrials are given laws designed to protect them from the extraterrestrials influence Volume 3 There are wars with those who have defied the extraterrestrials Religion while highly ritualistic boils down to the simple concept that someone s ancestral lineage will bring forth the Messiah Each family desires to be that lineage and brings forth children in that hope It is against this backdrop that the canonized Bible was written by 40 different people from blue collar to royal backgrounds over a period of 1600 years without any contradictions **Strategic**

Sexing the Look in Popular Visual Culture Kathy Justice Gentile, 2020-05-15 With dramatic advances in media technology the practice of sexing or erotically enhancing images has become an increasingly widespread phenomenon The eroticized look as both noun and verb the thing or image that draws our look and the look that we bestow on images that elicit our visual physiological and emotional attention is the focus of the essays in this volume Every day whether we are out in the world or in the workplace or in the privacy of our homes we enter visual fields that heighten and distort reality distortions that often emphasize sexuality and erotic promise The contributors for this collection look at the sexualization of visual culture from a range of disciplinary perspectives including literature film studies history philosophy art history and media studies with gender and sexuality studies providing the encompassing critical framework that binds these essays into a coherent analytical project The essays in this collection offer new theoretical conceptions of perception and representation as well as rigorous reconsiderations of the polarized feminist debates over pornographic images Essays on literature and film range from an interrogation of Baudrillard s theory of seduction that posits femininity as a strategy of illusion and subversion to Bridget Jones s challenge to the prevailing disciplinary regime that prescribes rigid standards for feminine beauty to a reevaluation of the subversive potential of sexy female robots Other contributors consider the history of nudist images in US periodicals the proliferation of eroticized images of girls in new digital technologies gentlemanly masculinity in men s fashion in late Victorian England and a rape prevention campaign s unintentional reinforcement of persistent heterosexist misconceptions about rape
