Northeaster Cathie Pelletier, 2023-01-03 A vivid and gripping story of an epic Maine snowstorm that tested the very limits of human endurance For many the past few years have been defined by climate disaster Stories about once in a lifetime hurricanes floods fires droughts and even snowstorms are now commonplace But dramatic weather events are not new and *Northeaster* Cathie Pelletier s breathtaking account of the 1952 snowstorm that blanketed New England offers a valuable reminder about nature s capacity for destruction as well as insight into the human instinct for preservation *Northeaster* weaves together a rich cast of characters whose lives were uprooted and endangered by the storm Housewives and lobstermen loggers and soldiers were all trapped as snow piled in drifts twenty feet high The storm smothered hundreds of travelers in their cars covered entire towns and broke ships in half In the midst of the blizzard s chaos there were remarkable acts of heroism and courageous generosity Doctors braved the storm to help deliver babies Ordinary people kept their wits while buried in their cars and others made their way out of forests to find kind hearted strangers willing to take them in It s likely that none of us know how we would handle a confrontation with a blizzard or other natural disaster But *Northeaster* shows that we have it inside to fight for survival in some of the harshest conditions that nature has to offer
