Surviving The Judas Factor:

Betty Shabazz, Surviving Malcolm X Russell J. Rickford, 2003 The gunmen rose from the crowd and set their sights on Malcolm X The thunder of shotgun blasts ripped through the ballroom and Betty Shabazz turned to see her husband float backward keel over and crash to the ballroom stage She grabbed her children hurling them beneath a booth and shielding them with her body while the room erupted into screams and chaos As she lay there squeezing her family the Betty Shabazz who was the dutiful and obedient wife of the Civil Rights Movement's most feared leader ceased to be and the woman who emerged would become one of the greatest heroines of our day Betty Shabazz *Surviving Malcolm X* is the first major biography of Dr Betty Shabazz the unsung and controversial champion of the Civil Rights era From her early marriage to black liberation's raging voice through her evolution into a powerful and outspoken African American leader Betty Shabazz was in constant struggle to bring freedom and justice to her people Yet at times her greatest fight was to struggle through tragedy and hold on to her faith amidst the stereotypes forced on her by a culture of racism and the very people she was trying to liberate To read Betty Shabazz *Surviving Malcolm X* is to experience this remarkable life With eloquent and intimate prose Russell J Rickford puts you on the scene as a young Betty Sanders is taken in by foster parents after a troubled childhood You are there as Malcolm X comes home from a hard day of railing against oppression to hug his children dote on his wife and laugh You dive under the table at the Audubon Ballroom as bullets strike Malcolm down You struggle with Betty Shabazz as she fights to raise six girls alone while earning a doctorate You stand triumphant with her as she claims her own individuality and fights to build respect for Malcolm And you stand watch with her daughters as Betty passes away a victim of yet another tragedy but this time after a life lived full Russell J Rickford has conducted extensive research to compile this biography interviewing more than seventy of Betty Shabazz's family members friends colleagues and contemporaries as well as researching countless records and documents including recently declassified FBI CIA and New York Police files This is the first complete look at the life of Betty Shabazz and a new insight into the man who was known as Malcolm X Betty Shabazz is the story of a strong woman who faced incredible tragedy and emerged triumphant compassionate and always full of life In the end it is the story of a nation torn apart by hatred learning to heal and forgive Surviving the Judas Factor Ursula Bellah, 2004 Misinformation is an impediment to metanoia turning from bad to good which is the central message of christianity It misleads it disorients it confuses it generates misunderstanding and disaffection and occasions emotional and spiritual disquiet This book decries its pernicious effect on the future of mutual understanding love peace and harmony in the nuclear family setting and in the wider family that includes all human beings of all colours races and cultures The book seeks to awaken consciousness to the reality of the pervasive presence of misinformation in our midst recommends efforts at eradicating it and by showing the light aims at replacing it with information that is wholesome palatable and correct This book is not about people per se as individuals or as groups It is about their intellectual inconsistencies and the harmful

demagoguery that proceeds therefrom Where names appear of persons groups of people institutions or of events and places they are merely incidental It was not possible to avoid them and still address the wrong they were intended to instance A book for everyone it has no precise target readership because when information contained in a book is from revelation who is it not for It is instruction for the uninformed elucidation and edification for the doubtful and a mental stimulant for the tired intellectual who perhaps fell asleep It will get you thinking even talking even responding and that s not a bad thing Many themes seem fused together in this book and that is because I am not writing on any of them I am using them to illustrate and buttress the case I am making for the need for correct information
