Small Comforts

Paul Frederick Brissenden

Small Comforts:

Give Linda Harper, Ph.D. ,2013-03-13 Daily life continually asks us to make choices about how to give whether it is our attention time energy talents love or even money to others and to ourselves Often we juggle our attempts to meet our own needs and the demands of others So the decisions we make about what when and how much to give strongly impact the quality of our everyday lives These choices can cause us stress turmoil guilt exhaustion and depletion or they can bring us immeasurable joy peace of mind and fulfillment So what is the key to giving that energizes and fulfills us rather than exhausts and depletes us Linda R Harper s simple five step guide will help you rediscover the joy in everyday giving using one question What are my heart s true desires at this very moment *Give* is not about giving more or giving less It is about giving from your deepest self and trusting the natural wisdom of your heart s desires As you become the giver you were meant to be you will deepen the meaning of your life through soulful ordinary acts of giving both to yourself and to others

The Turning Point Amit Paathak,2020-07-19 For most people life's goals are about getting a good education earning a great college degree and eventually settling down with a nice job with a decent income and a loving family For some however as the shine of educational and career accomplishments dim over the years there comes the pause and ponder phase where questions begin to whisper in your mind Is this the life you envisioned in terms of health wealth career and relationships Are you satisfied with it Does your routine work feel like a drag Does the question what am I doing with my life pop up often in your mind Do you sometimes hear the inner voice say you are meant to do something different Are you dejected that it is too late to start something you are passionate about The Turning Point is for those who want to shift gears in life revisit their dreams and passions but feel scared of abandoning comforts and facing the hard work failures and morale breaking difficulties It is even for those who cannot muster the courage to achieve their goals despite the intent Everyone knows about the power of motivation but here you will experience the power of dissatisfaction and how it can produce unlimited energy to propel you towards achieving challenging goals you have dreamt of The practical system described in this book is a proven scientific process adopted by numerous people who have benefited from its simplicity and practicality You will come to face what makes you procrastinate and understand how we unknowingly wear layers of limiting beliefs over the years which have slowly changed us from who we used to be in going after what we wished for The system teaches you how to be that way again and set off on a new course of self growth Are you ready for abundant success Are you ready to be unstoppable
