The Other Japan Postwar Realities

Tobias Bleicker

The Other Japan Postwar Realities:

The Other Japan E. Patricia Tsurumi, 1988 **Democracy in Post-War Japan** Rikki Kersten, 2013-06-17 Democracy in Post War Japan assesses the development of democracy through the writings of the brilliant political thinker Maruyama Masao The author explores the significance of Maruyama's notion of personal and social autonomy and its impact on the development of a distinctively Japanese democratic ideal This book based on contemporary documents and on interviews with Maruyama is the only full scale analysis of his work and thought to be published in English *The Technological Transformation of Japan* Tessa Morris-Suzuki, 1994-11-25 This landmark book is the first general English language history of technology in modern Japan **A Companion to the Anthropology of Japan** Jennifer Robertson, 2008-03-10 This book is an unprecedented collection of 29 original essays by some of the world's most distinguished scholars of Japan Covers a broad range of issues including the colonial roots of anthropology in the Japanese academy eugenics and nation building majority and minority cultures genders and sexualities and fashion and food cultures Resists stale and misleading stereotypes by presenting new perspectives on Japanese culture and society Makes Japanese society accessible to readers unfamiliar with the country Revival: Reality and Fiction in Modern Japanese Literature (1980) Noriko Mizuta Lippit, 2017-07-28 This title was first published in 1980 In twentieth century Japanese literature the opposition and interaction of realism and romanticism on the level of literary concepts and of Marxism and aestheticism including in part modernism on the level of literary ideology supplies a most vital basis for writers searching for new methods of literary expression fostering debates among the writers and creating the setting for active experimentation with style form and language This study is a result of an extended stay in the United States by the author who turned increasingly toward questioning and evaluating my own relation to Japan's literary heritage For Japanese who have witnessed at least intellectually the violent attraction to and rejection of foreign cultures of many of their predecessors in the Meiji Taisho and Showa eras and their final often sentimental and abstract glorification of the Japanese cultural heritage *nihon kaiki* return to Japan still presents enormously complex intellectual as well as emotional problems *San'ya Blues* Edward Fowler, 2018-10-18 Over the years Edward Fowler an American academic became a familiar presence in San'ya a run down neighborhood in northeastern Tokyo The city's largest day labor market notorious for its population of casual laborers drunks gamblers and vagrants has been home for more than half a century to anywhere from five to fifteen thousand men who cluster in the mornings at a crossroads called Namidabashi Bridge of Tears in hopes of getting work The day labor market along with gambling and prostitution is run by Japan's organized crime syndicates the yakuza Working as a day laborer himself Fowler kept a diary of his experiences He also talked with day laborers and local merchants union leaders and bureaucrats gangsters and missionaries The resulting oral histories juxtaposed with Fowler's narrative and diary entries bring to life a community on the margins of contemporary Japan Located near a former outcaste neighborhood on what was once a public execution ground San'ya shows a hidden face

of Japan and contradicts the common assumption of economic and social homogeneity Fowler argues that differences in ethnicity and class normally suppressed in mainstream Japanese society are conspicuous in San ya and similar communities San ya s largely middle aged male day laborer population contains many individuals displaced by Japan s economic success including migrants from village communities castoffs from restructuring industries and foreign workers from Korea and China The neighborhood and its inhabitants serve as an economic buffer zone they are the last to feel the effects of a boom and the first to feel a recession They come alive in this book telling urgent stories that personify such abstractions as the costs of modernization and the meaning of physical labor in postindustrial society **Shōwa Japan: 1952-1973** Stephen S. Large,1998 The influential articles reprinted in this set with a major new introduction offer a rich variety of perspectives on this vital and controversial period in twentieth century Japanese history *Transculturalism and Business in the BRIC States* Yvette Sánchez,Claudia Franziska Brühwiler,2016-03-03 *Transculturalism and Business in the BRIC States* edited by Yvette S nchez and Claudia Franziska Br hwiler is the first handbook on the BRIC States that offers a transcultural perspective which goes beyond the typical how to manuals or economic projections and provides an understanding of transculturalism as it is studied and practiced in the respective countries themselves This unique reference book also offers insights into the relations between the corresponding states and the challenges facing those trying to foster more intense business exchanges The reader learns to interpret cross cultural issues from the perspectives of the BRIC states themselves and gains insight into the way scholars in the BRIC area reflect on transculturalism Moreover it introduces the reader to fresh visualizations that help consider transculturalism beyond the known categories The book will appeal on the one hand to practitioners who are active in the BRIC states and wish to better grasp the challenges to business relations as well as the intra area dynamics and on the other hand to scholars in transcultural studies and international management due to its insider approach Since the book combines theoretical concepts with a clear geographic focus and a critical approach to traditional models it is suitable for both academic audiences as well as for practitioners who appreciate a sound theoretical base and a fresh take on a subject *Japan* Mikiso Hane,2013-09-01 What is a shogun Who were the samurai and what is the warrior code What lies behind the Japanese work ethic From the ancient tea ceremony to the boom and subsequent downturn of its economic prosperity this uniquely concise introduction to Japan and its history surveys nearly 10 000 years of society culture economics and politics Balancing economic and political information with new insights into the twin spheres of art and religion Mikiso Hane offers authoritative coverage of all aspects of Japanese life With a particular focus on the key events of the last 200 years the author also pays special attention to the changing conditions of those whose history has been so frequently neglected the women the peasants and the lowest order of untouchables Well rounded and enlightening this informative account of Japan and its people will be greatly appreciated by historians students and all those with an interest in this diverse and enigmatic country **Japan's Quest: The Search for International Recognition, Status and Role**

Warren Hunsberger, 2016-09-16 An international team of ten specialists in Japanese and American foreign relations address the crucial question what role should Japan play in international affairs They try to find a satisfactory answer to a concern which was first raised in the mid 19th century

Delve into the emotional tapestry woven by Crafted by in Dive into the Emotion of **The Other Japan Postwar Realities** .
