Strange New Religions:

Strange Rites Tara Isabella Burton, 2020-06-16 A sparkingly strange odyssey through the kaleidoscope of America's new spirituality the cults practices high priests and prophets of our supposedly post religion age Fifty five years have passed since the cover of Time magazine proclaimed the death of God and while participation in mainstream religion has indeed plummeted Americans have never been more spiritually busy While rejecting traditional worship in unprecedented numbers today's Americans are embracing a kaleidoscopic panoply of spiritual traditions rituals and subcultures from astrology and witchcraft to SoulCycle and the alt right As the Internet makes it ever easier to find new tribes and consumer capitalism forever threatens to turn spirituality into a lifestyle brand remarkably modern American religious culture is undergoing a revival comparable with the Great Awakenings of centuries past Faith is experiencing not a decline but a Renaissance Disillusioned with organized religion and political establishments alike more and more Americans are seeking out spiritual paths driven by intuition not institutions In **Strange Rites** religious scholar and commentator Tara Isabella Burton visits with the techno utopians of Silicon Valley Satanists and polyamorous communities witches from Bushwick wellness junkies and social justice activists and devotees of Jordan Peterson proving Americans are not abandoning religion but remixing it In search of the deep and the real they are finding meaning purpose ritual and communities in ever newer ever stranger ways

Kyle, 2012-08-01 How will the world end Doomsday ideas in Western history have been both persistent and adaptable peaking at various times including in modern America Public opinion polls indicate that a substantial number of Americans look for the return of Christ or some catastrophic event The views expressed in these polls have been reinforced by the market process Whether through purchasing paperbacks or watching television programs millions of Americans have expressed an interest in end time events Americans have a tremendous appetite for prophecy more than nearly any other people in the

modern world Why do Americans love doomsday In *Apocalyptic Fever* Richard Kyle attempts to answer this question showing how dispensational premillennialism has been the driving force behind doomsday ideas Yet while several chapters are devoted to this topic this book covers much more It surveys end time views in modern America from a wide range of perspectives dispensationalism Catholicism science fringe religions the occult fiction the year 2000 Islam politics the Mayan calendar and more Bad News Religion Greg Albrecht,2004-07-10 From any non Christian point of view the gospel does not make sense Grace doesn't make sense Grace doesn't add up Why would Jesus come to be one of us to pay a debt He did not owe because we owed a debt we could not pay Why would He do that Free No strings What was in it for Him Since the church first began Christians have had trouble accepting God's grace We have substituted holiness discipleship order regulation and a long list of things to avoid in place of God's free gift The result is a Bad News Religion that drains the joy and life out of believers Bad News Religion is a convicting liberating exploration of how we in the name of religion have shifted the focus from the work of God to our ability to become worthy of salvation The result is bondage and defeat The key to success in the Christian life is not what we do but who we know Knowing God and knowing the fullness of His grace is a liberating experience Most of us don't realize how we have robbed ourselves of experiencing the richness of God's grace
