## **The Open University From Within:**

**The Open University** Daniel Weinbren, 2015-11-01 This historical perspective on The Open University founded in 1969 frames its ethos to be open to people places methods and ideas within the traditions of correspondence courses commercial television adult education the post war social democratic settlement and the Cold War A critical assessment of its engagement with teaching assessment and support for adult learners offers an understanding as to how it came to dominate the market for part time studies It also indicates how as the funding and status of higher education shifted it became a loved brand and a model for universities around the world Drawing on previously ignored or unavailable records personal testimony and recently digitised broadcast teaching materials it recognises the importance of students to the maintenance of the university and places the development of learning and the uses of technology for education over the course of half a century within a wider social and economic perspective

The Open University Opens Jeremy Tunstall, 2024-04-01 Still going strong today The Open University Britain's national correspondence TV radio University excited much controversy when it first opened and in 1973 awarded its first degrees With its adult part time students its freedom from formal entrance qualifications it deliberately questioned many orthodoxies of higher education at the time Yet the OU differed so much from other universities that few outsiders grasped quite how complex quite how revolutionary quite how downright infuriating the OU was or could be Originally published in 1974 this book gives a first hand account of what the OU was about and what it felt like to be an OU student or lecturer The articles in the collection edited by Jeremy Tunstall himself on the OU staff include contributions from outside observers from OU staff and from OU students This is an unofficial yet informed and lively account of what it felt like in 1974 and what it felt like in the early days to be part of a project so controversial and progressive
