Understanding Organizational Culture Antonio Coccozza, 2023-11-29 Taking a multidimensional approach this book sheds light on the evolution of organizational studies in a structured and systematic way against the background of economic and social changes in recent

decades By doing so the book focuses on the plurality of organizing models as a central concept This plurality is important to the survival of the firm in response to the growing complexity of the economic social and technological innovation that has arisen as a result of globalization The book goes beyond the traditional approach to the study of organizations of a structural and functionalistic type It investigates the role of cultures and the ethical symbolic and value dimensions in the redefinition dynamics of strategic assets as well as the search for new governance models in innovative organizations Further it discusses the role of leadership in relation to the development of professional groups and the skills necessary for the management of endo organizational inter organizational and trade union negotiation processes Finally the book analyzes the economic social and cultural change in societies and discusses how companies and organizations of all types can develop cultures of innovation that may lead to socially inclusive governance This book will appeal to students researchers and scholars of economics business and the social sciences as well as professionals and practitioners interested in a better understanding of how organizations function in today s globalized world

Organisations and Their Approaches in Community Based Natural Resources Management in Botswana, Namibia, Zambia and Zimbabwe Tara Gujadhur,2000

Institutions in Turbulent Environments T.P. Keating,2018-12-21 Published in 1999 Contemporary organizations are faced with increasingly rapid and dramatic change within their political cultural and technological environments Institutions in Turbulent Environments critically examines the way organizations respond to these changes with a particular focus upon the institutional disability sector The book examines available theory concerning organizational contingency adaptation and population ecology It utilizes a framework developed from this theory to examine the ways in which a major institution for the intellectually disabled responded to the turbulence within its environment It uses this data to re examine theory and to propose changes to the way organization environment relationships are understood

Work Organisation in Practice P-O Börnfelt,2023-05-27 This textbook provides an overview of organisation models used in practice from over a century ago to

the present day It outlines the effects these models have on efficiency learning innovation and workers health and offers critical reflections for students Some of the models covered are Taylorism bureaucracy the socio technical school process organisation such as lean production learning organisations knowledge management project organising including agile platform economy professional organisations new public management and sustainable organisations Featuring learning objectives and reflective questions for students of organisation studies and design this textbook has a pedagogical structure based on the division of work and the coordination of work Conclusions are presented on contemporary work organisation models impact on working life ultimately encouraging students to ask the question how can we create more sustainable work organisations

Business Risk Management Handbook Linda S Spedding,Adam Rose,2007-11-14 Provides a practice oriented overview of risk management issues with particular reference to identifying and measuring risk Looks at some of the current risk issues and the concept of organisations creating a Sustainable Enterprise Risk Management SERM methodology to encapsulate these risk areas with more traditional areas of risk management Includes examples and case studies Examines new research on the social and environmental categories of sustainability related risks

Management consulting. The Why, What and How. Kjetil Sandermoen,2019-07-22 This book gives an overview of ways to work as a management consultant including relationships with clients ethics pricing contracts and some basic tools for delivering consulting services This book was written for those who want to work in this area for existing consultants and also for managers and buyers of management consulting services Quotes from the book This is the book I wish I could have read myself about 30 years ago when I first started my career as a young management consultant When young people are asked about their dream job management consulting is often high on the list when I was asked by the managing partner of the consulting firm what kind of consultant I wanted to become my reply was honest surprise Are there really different kinds What is the most important skill for a leader or manager to master I would say it is the decision making process Perhaps the most important strategic decision in management consulting is how to price your services both how much you charge and what for Yes I claim that to understand the internal and interpersonal politics of any organization is a necessary prerequisite for a good management consultant I am sure that many organisational problems are based more on politics than on policies it will draw significant resources away into internal disintegration and fights rather than freeing the same energy for external opportunities and tasks
