

A dark, atmospheric landscape photograph of a mountain valley. A winding road or path leads through the valley, flanked by steep, forested hills. In the foreground, there are small, dark houses or huts. The overall tone is somber and quiet, with a focus on the natural beauty and tranquility of the scene.

Stillness and tranquility
set things in order in the universe.

political theory written in the second century BCE synthesizes the entire corpus of military literature inherited from the Chinese classical era Drawing on all major existing military writings as well as other lost sources it assesses tactics and strategy logistics organization and political economy as well as cosmology and the fundamental morality of warfare This powerful work set out to become the last word on military matters subsuming and replacing all preceding literature Written under the sponsorship of Liu An king of Huainan the Huainanzi s military methods emphasize the preservation of peace as the ultimate value to be served by the military insisting that the army can be effectively and rightly used only when defending the sacred hereditary position of the emperor and his vassals This position stands in stark contrast to that of The Art of War which prioritizes the enrichment and empowerment of the state Liu An s philosophy also argues that military success depends on the personal cultivation of the commander and that deception is not enough to secure victory Only a commander with the exceptional qualities of insight and cognition developed through a program of meditative practice and yogic refinement can effectively control and interpret the strategic situation Andrew Seth Meyer offers both a full translation of this text and an extensive analysis of its historical context His thorough treatment relates Liu An s teachings to issues in Chinese philosophy culture religion and history helping to interpret their uncommon message *The Essential Analects* Confucius,2006-03-15 The Essential Analects offers a representative selection from Edward Slingerland s acclaimed translation of the full work including passages covering all major themes An appendix of selected traditional commentaries keyed to each passage provides access to the text and to its reception and interpretation Also included are a glossary of terms and short biographies of the disciples of Confucius and the traditional commentators cited *Unearthing the Changes* Edward L.
